

# Downloading Library Books On your Nook & PC/Mac

Bay Shore-Brightwaters *Public Library*

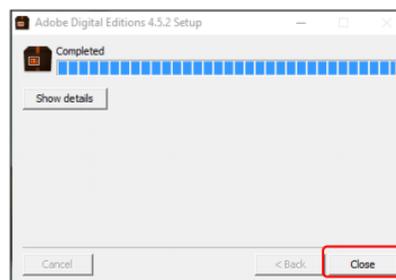

Note: These instructions can be used for **Nook Simple Touch, Nook w/ Glowlight, Kobo, and Windows/Mac Computers.**

The following steps will lead you through downloading the necessary software to transfer/download books onto your device. This will allow you to read on your computer **without** access to internet/wifi.

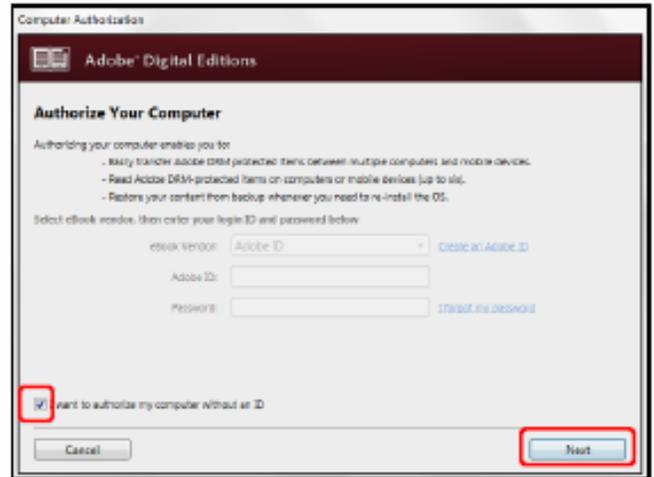

First download Adobe Digital Editions onto your computer. Go to: <https://www.adobe.com/solutions/ebook/digital-editions/download.html>

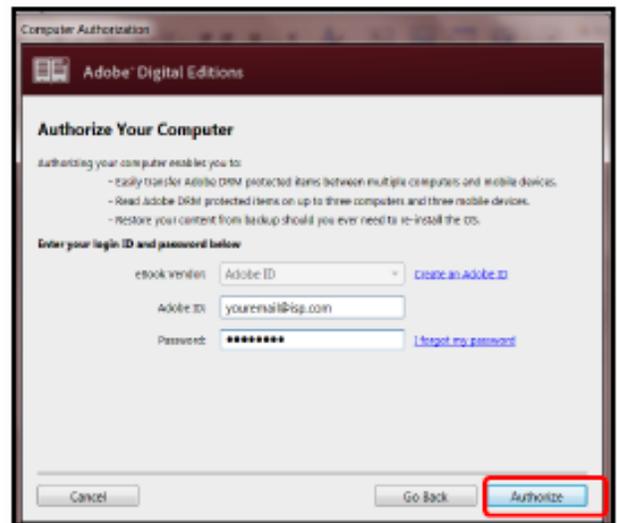

- You will be prompted to hit next a few times, and install. Follow the prompts until it says installation is complete. Click **close** and the software will **open automatically**.

- If you choose to download the book and read only on your computer you can authorize the computer without an Adobe ID.
- Click **Help** in the toolbar, and then click **Authorize Computer**. Select “I want to Authorize my computer without an ID” then click **Next**. Click **Authorize** and **Ok** to confirm.

- If you plan on using your Nook or Kobo eReader, then you must create an Adobe ID.
- Click **Help** in the toolbar, then **Authorize Computer**. Click **Create an Adobe ID** to register.
- After your Adobe ID is created you will be redirected back to this screen. Enter your Adobe ID and password. Click **Authorize**, then **Ok**.
- Make sure both your computer and ereader are authorized for use with Adobe Digital Editions.

Now you are ready to check-out books! Go to: <https://>

- Click **Sign-In**, and enter your library **barcode** and **password**.

For your security, you now need to enter your library account password to log in.

- Find a title you want to check out and hit **Borrow**.

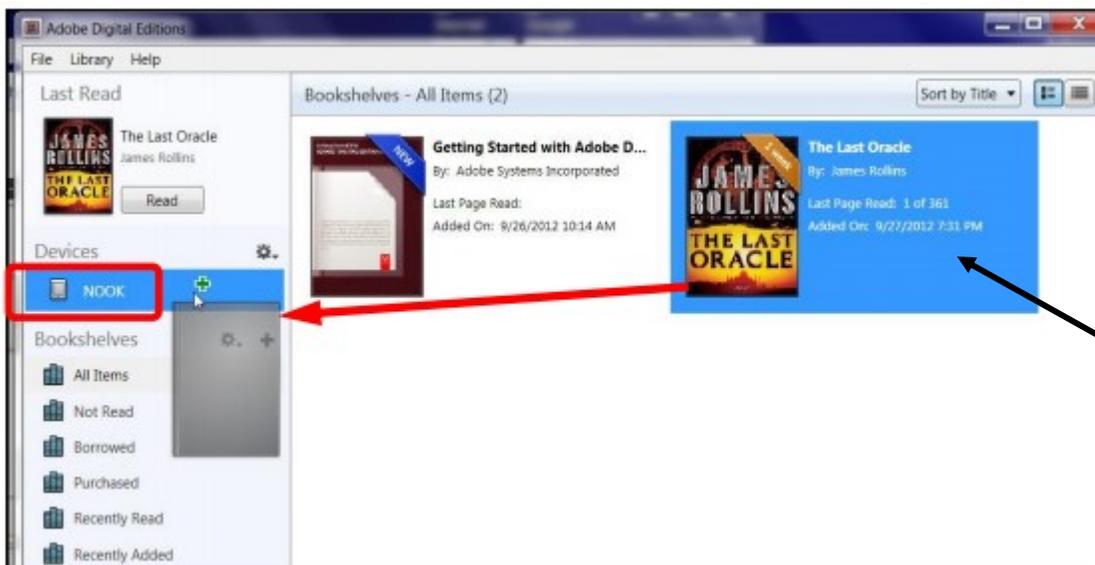

- After you borrow a title, go to your **Loans** page under **My Account** and you will have options on how to download the book. Click **Download EPUB eBook**.
- Depending on your browser (Google Chrome, Internet Explorer), you may have to click **Open** or **click a box** that will pop up on the bottom of your screen.
- After that Adobe Digital Editions will **automatically download** your ebook. You will then be able to read your library book through Adobe Digital Editions on the computer if you choose to do so.

The next steps will show you how to transfer the book to your eReader.

- Plug your eReader into the USB port in the front of your computer. It may take a few moments for your computer to detect your eReader and for the device to appear. Once it is detected, it will show up in Adobe Digital Editions on the left-hand side of the screen.
- To transfer your ebook, **drag** the book title to your eReader and **drop it in**.

Happy Reading!

Tip: To return books early, **right click** on the title in Adobe Digital Editions and there will be an option to **Return Borrowed Item**.
