"Catch a Rising Star"

Volume 79

Catch a Rising Star

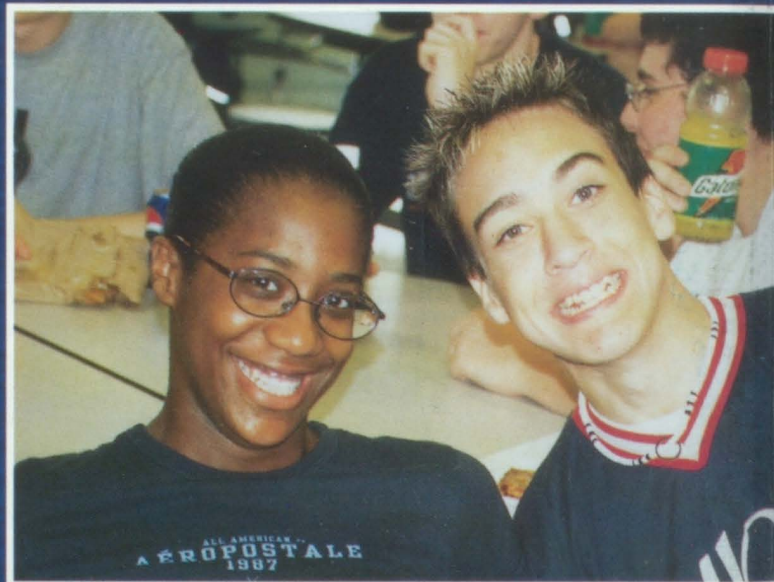

Children are fascinated by the night sky, the stars, and the constellations. They often just looked up in amazement, overwhelmed by how vast and exciting the galaxy is. The sky and planets always represented a realm of unlimited possibilities. As innocent youth, they made wishes upon the stars in hopes that their dreams would come true.

As they matured, children realized that wishing didn't make things happen. If they wanted to reach the stars, they had to work hard and diligently, and maybe their dreams would come true.

Bay Shore students reached out to touch the stars every time they took a test, played a sport, or sang on the stage. They continually strived to reach new heights and new levels of achievement. They dreamed of success in the future, and they knew that they would have to continue to work to conquer obstacles and set new goals for themselves.

This past year the students of Bay Shore high school hitched their wagons to the stars. Together they rose in a unified fashion to show their patriotism and excel academically. The stars were almost in reach for the seniors as they left the hollowed halls of the building, and now they look towards the future and the bright stars ahead.

— The 2002 Marauder Staff

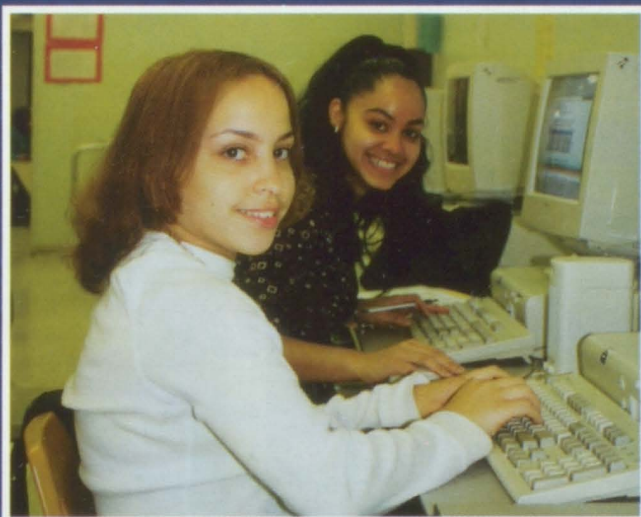

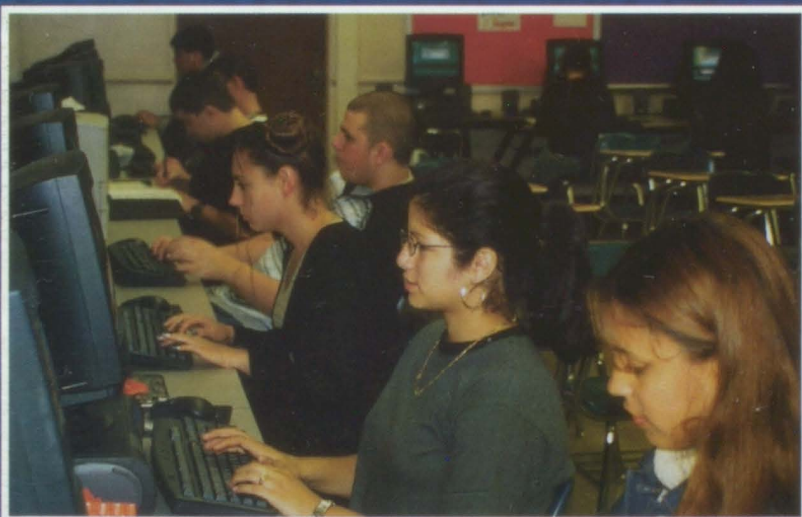

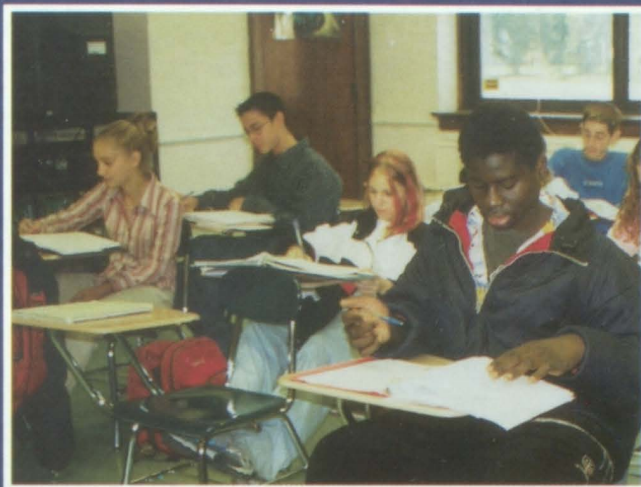

(top) Seniors, Jayme Cangelosi and Jessica Frisina, enjoy a brief break in-between classes.

(middle) Lisa DeVecchio, Erin Arizzi, and Ronald Green look over their lines and prepare to shine on stage.

(bottom) Ricalya Brissett and Warren Rubio enjoy a few laughs over lunch.

(left) Samantha Roberts, Lindsay McGlone, Kathleen Healy, and Kate-lynn Taggart catch up on some homework in the library.

(top left) Heather Martin, Kenneth Wilcox, and Monica Ralph proudly display their artistic talents.

(middle left) Members of the drama club and backstage crew Julie Diniz, Brooke Ackerson, Rachel Lukeman, Sarah Moskowitz, Danielle Arcuri, Sarah Peacock, Jeannette Cambridge, Daniel McDermott, Katelyn Hughes, Jamie Doerrier, and Lori Crean prepare for another great year on stage.

(middle right) Wallis Suda, Dominique Walker, and Cassandra Walters continue the class discussion on their way to the next class.

(above left) Giselle Jimenez and Jessica Pagan are busy editing their essays.

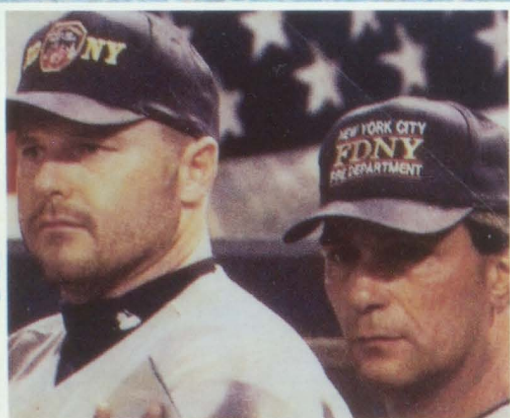

(above right) Yiset Cepeda and Eline Hernandez put their computer skills to work while researching a paper.

On September 11th, at 8:48 A.M. the nation was hit by a terrorist invasion. For the first time in America's history, an enemy dared to attack the country on its own soil, killing over sixty-four hundred innocent employees of the World Trade Center, firemen, and rescue workers. Passengers on board four different airliners were killed, as well as Pentagon employees. For weeks following the attacks, people across the nation sat mesmerized by their television sets, hoping for news of survivors and waiting to hear how the country would respond. With the words, "We are at war with terrorism," fear was struck into the hearts of millions, and people gathered to show their support and solidarity with their leaders.

Memorial services and tributes were held across the country to raise money for the families of the victims. Students paid tribute by gathering outside the building for a moment of prayer and the singing of the national anthem. They attended prayer vigils and raised money by selling red, white, and blue ribbons. Food and clothing collections were held for the rescue workers.

Homes, cars, and trucks across America were decorated with flags. The refrains of "God Bless America" were sung at concerts and World Series games. Led by President Bush and Mayor Giuliani, the City gradually resumed some normalcy, but all promised never to forget the bravery and heroism of the American spirit.

— Jessica Leberer and Dave Sevier

(top left) During the seventh inning stretch, members of the New York Yankees showed their support for the thousands of rescue workers helping down at ground zero.

Athletes Reach

Every season the athletes at Bay Shore High School have started off the year with stars in their eyes and high hopes for success. They knew that if they worked hard and persevered through long hours of strenuous practice, they would be successful. Even if their seasons didn't end as well as they would have hoped, they finished satisfied, knowing that they had tried their best and fought hard for their school and community. The athletes, both males and females, displayed feats of strength and excellence on the playing fields and distinguished themselves for their sportsmanship. They accepted the challenges presented by each of their opponents and displayed skill, agility, and camaraderie at all times. They brought recognition for their accomplishments and had fun doing it. Under the guidance of their coaches, they worked hard to achieve new levels of success. They caught their rising stars and held on for the long ride throughout the season.

— Manook Sarkisyan, Rosa Jimenez, Danielle Shay

For The Stars!

(bottom far left) Not willing to give up the point, Matthew Dauernheim, Thomas Falconer, and Bruce Revis cooperate as a team and keep the ball up on their side of the net.

(bottom left) In fierce competition, Terrence Spencer tries to steal the ball from the opponent.

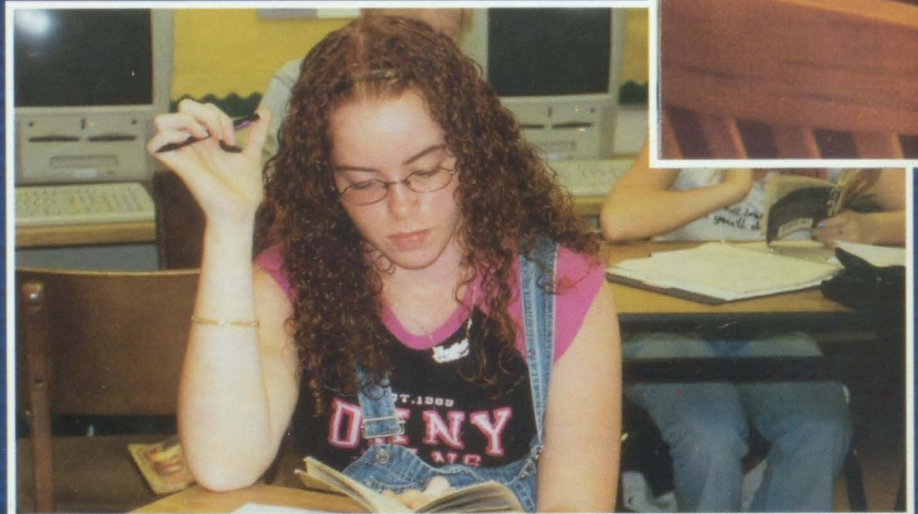

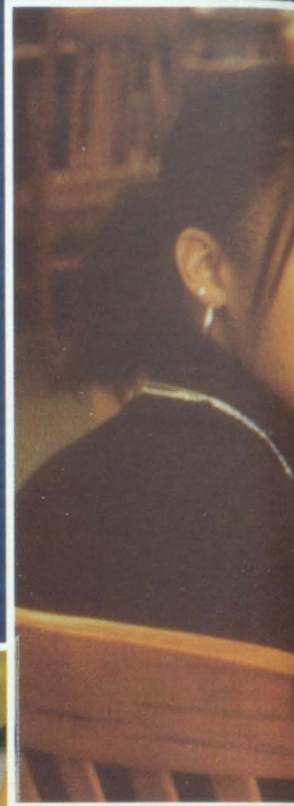

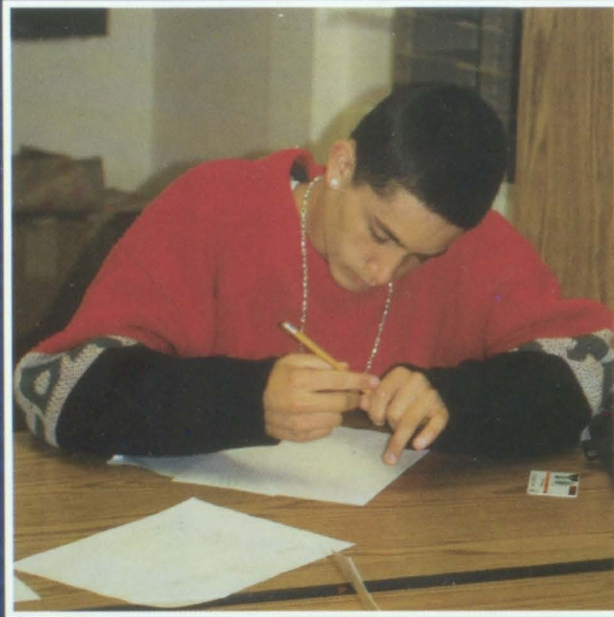

(left) During an exciting football game, Nicole Allison rallies up the crowd of spectators.

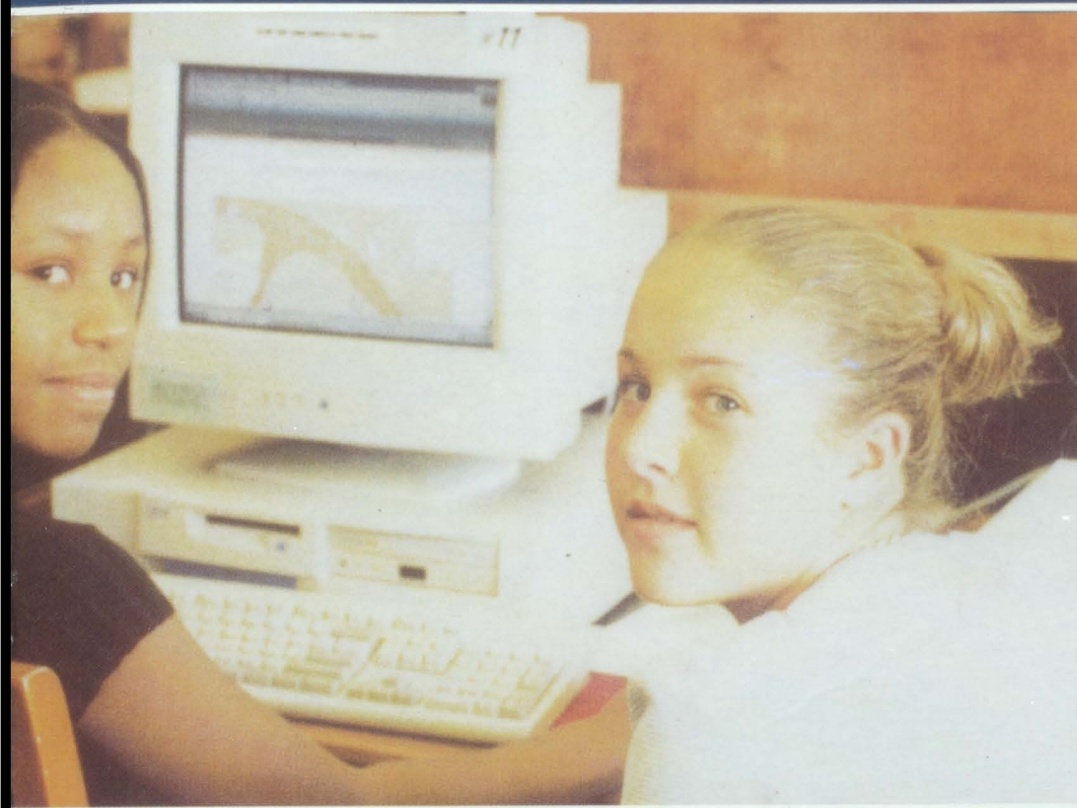

Students Reach

Throughout the years, students have reached for many stars while sitting in their academic classes. Students learned about the economic system of our nation, different cultures and how to write persuasive essays. Some were seen in the courtroom, the computer labs, and the MST rooms. Humanities students studied the connections among language, history and art. BO-CES students studied vocational skills in a variety of career programs, including cosmetology, veterinary medicine, and computer programming. When classes were over for the day, students attended extra help and review classes to prepare for Regents exams and SATs. Some students worked on meeting yearbook and newspaper deadlines, while others became stars on the stage. Some classes attended field-trips and even travelled to Europe. Bay Shore's tradition of excellence has shone throughout the years while students attained higher levels of achievements in all of their academic pursuits and reached for the stars.

— Jenette Bon and Danielle Bartalini

For The Stars!

(far right) During Mr. Damore's Project Adventure class, Kelly Castro and Christine Sainvil discuss the results of a recent track meet in Pennsylvania.

Seniors- Rising to Stardom

Lucianna Ramkistodas, Steve Bryson and Ebony Jones share thoughts and notes for the next day's health test.

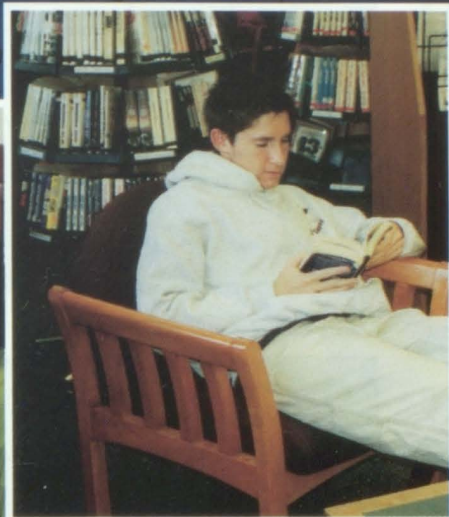

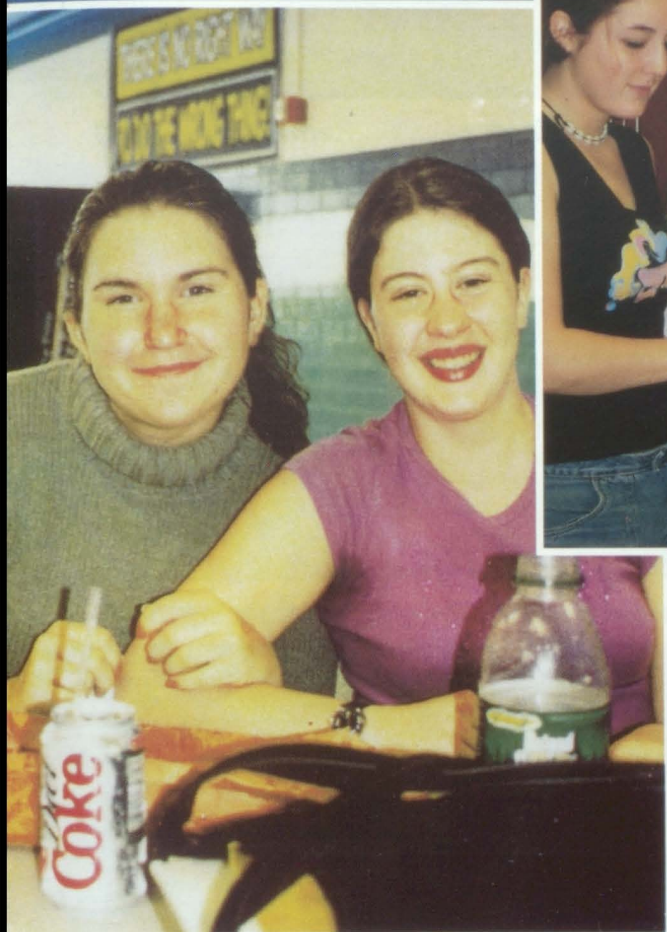

C. J. Southerland and Chris Bamfo go to Jenette Bon's locker between periods and find Brandon Lassiter admiring Jenette's collage of pictures.

Enjoying their senior privileges, Briana Raimondo and Laurie Hughes share a Leggio's sandwich, a Coca-Cola, and the joys of friendship.

Annie Coccari, Katherine Heckel, and Kathryn Castaldy discuss homework between periods.

Nick Sciacca relaxes in the library while engulfed in a suspenseful novel.

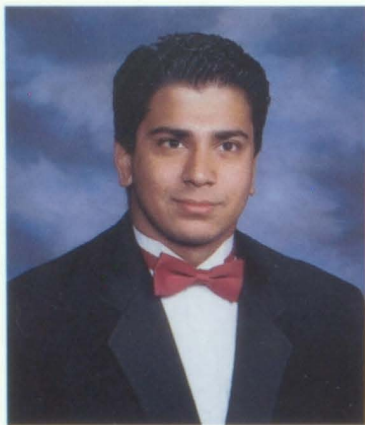

In almost the blink of an eye, from learning the song "Twinkle Twinkle, Little Star" in kindergarten to stars twinkling in their eyes as they filled out college applications, the seniors of 2002 came to the end of a thirteen year education in Bay Shore. They took a step in a new direction and reached for the highest star imaginable: their futures.

The seniors made their last year a memorable one by showing support for the victims of the September 11th tragedy, taking SAT review courses, attending class meetings and showing their school spirit at the annual Homecoming celebration. This year was the peak of

their success. They strived to set a good example for the underclassmen following in their footsteps and worked hard to the very end to make one last good impression on prospective colleges. For these reasons, seniors also were the stars of numerous athletic teams, after school clubs, and theatrical productions. All of these seniors took time out of such activities to pass on their knowledge and experience to underclassmen, helping and encouraging them to reach their goals. They ended their difficult journey with an unforgettable prom night, where memories were made that will last a lifetime.

The stars of the senior class have reached the highest point to which high school can propel them, and from here they will go on to reach greater heights. Their futures are bright and will only get brighter as they tackle the obstacles ahead.

The Class

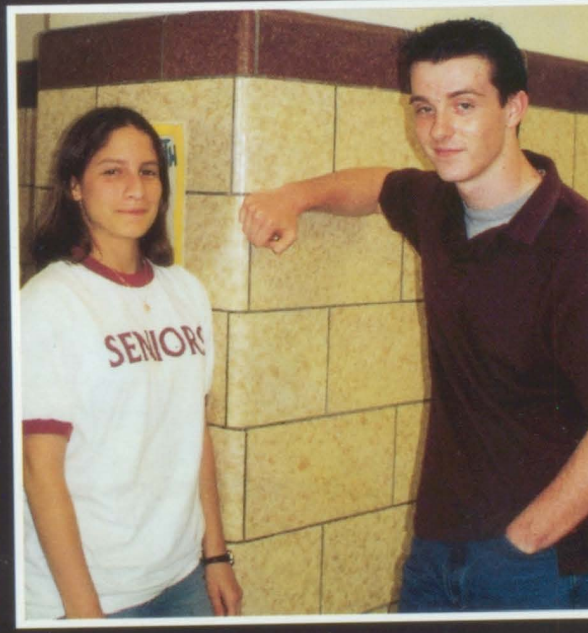

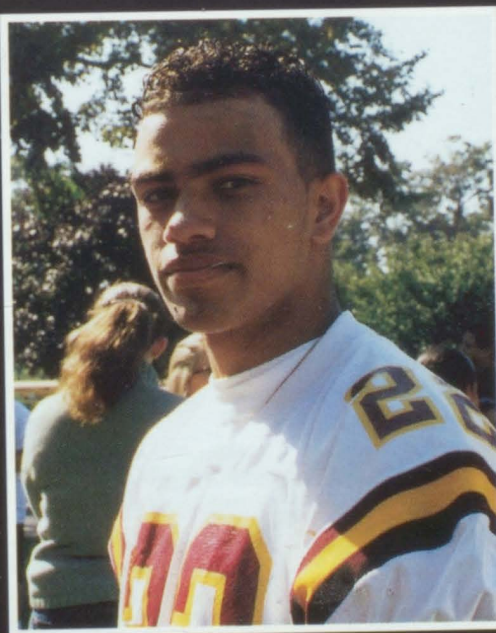

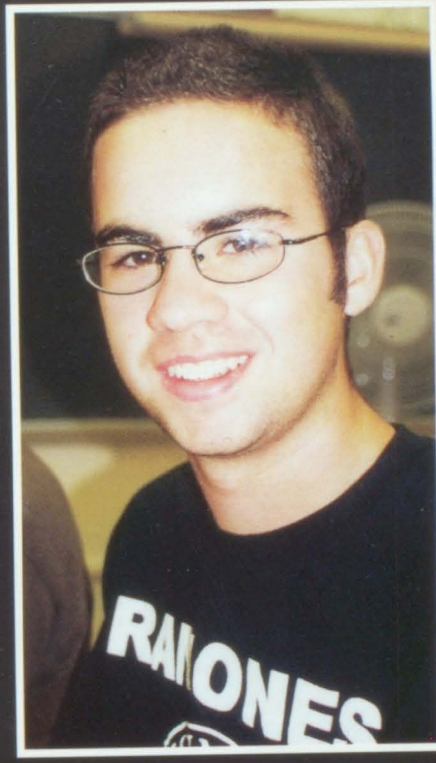

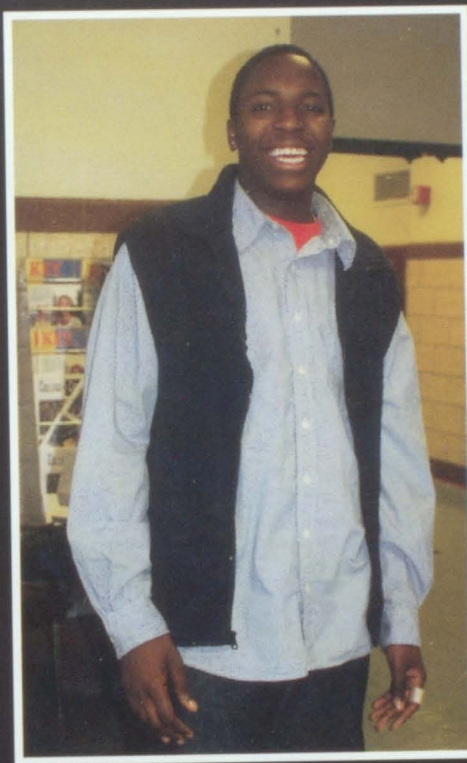

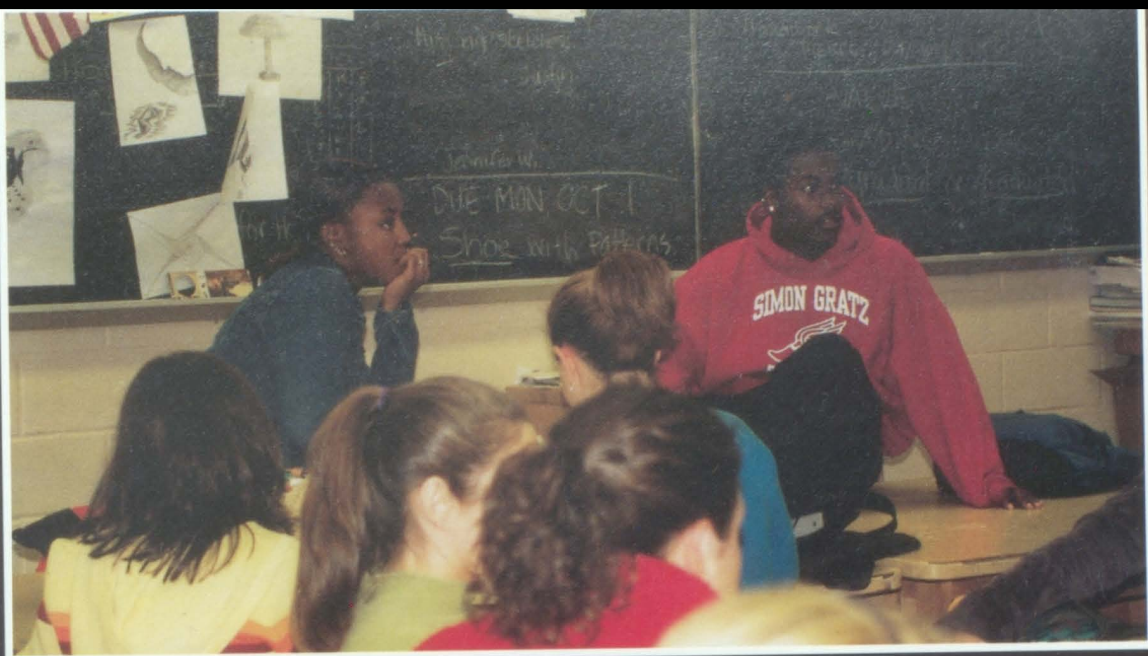

of 2002

senior stars

Activities

Emily Shesh paints a poster for the annual A.I.D.S. awareness campaign.

Backstage members, Jon Forde and Brandy Venson complete a piece of molding for the set.

Shaquena Steton and Tyekia Davis receive their B.S.O.S.S. jerseys in time for the Homecoming Parade.

Diana Angel discusses some French questions with Mrs. Marto during a French Club meeting.

Fanny Vasquez works on checking names for the covers of the yearbook at an afternoon session.

On many a starry night while other students were tucked into their homes for the evening, the halls of the High School resounded with noise from 1:40 to midnight.

The building was alive with the songs of the string ensemble or jazz band rehearsing, the roar of saws as the backstage crew built another set, and the sounds of voices as students painted banners and decorated the gym for dances. Students found themselves involved in a myriad of different activities after school rather than rushing home to do homework or off to part time jobs. For these students, the high school years became even more memorable as they filled their already busy schedules with activities that they enjoyed doing. They enjoyed

writing articles for the newspaper and yearbook, studying foreign cultures, stomping out rhythms, and developing their artistic skills. For some, these after school activities gave them a reason for coming to school rather than rolling over in bed and sleeping in. For others, these after school activities might lead to careers and future courses of study in college. For still others, these clubs taught skills in trades and hobbies that the students enjoyed. They made projects in woodworking and art club. They learned legal terminology and strategies in Mock Trial and Moot Court. They received their physical exercise in dance club or from learning choreography for the annual musical.

What these students learned is that it is fun to be involved. They enjoyed the opportunity to work with their classmates and students in other grades. They worked closely with teachers and advisors and had a chance to get to know them more personally. These motivated individuals were the real stars of the building.

The Marauder Staff

Stars On Stage

The stars were out on stage for the fall production of "The Man Who Came to Dinner." Under the director Mr. J. D'Antoni the cast D'Antoni countless hours rehearsing and mastering their parts.

The lighthearted comedy had the audience captivated from the opening lines. Ronnie Green, as Mr. Whiteside, the disgruntled radio personality forced into a wheelchair, took center stage alongside his long time friend and secretary Maggie Cutler played by Lisa DelVecchio. Through a healthy course of witty dialogue and hysterical movements the entire cast which included Erica Corlito as Lorraine Sheldon, Ian Swanks Mr. Stanely and Chad Powers as Banjo put on a performance that will not soon be forgotten.

Picture perfect line delivery doesn't amount to much on a blank stage. Luckily Mr. M. Bicknell and the backstage crew created another simply gorgeous and fully functional set. The crew worked diligently after school every day to re-create a modern upperclass looking home. The crew even managed to work in such luxuries as a carpeted staircase and a ringing phone. The set added depth and realism as Sheridan Whiteside made himself at home and created turmoil for the entire household.

At the end of the performance the audience couldn't help but laugh at the misfortunes of the Stanley family. All went home impressed by the stunning scenery and the high quality of acting they witnessed.

— Chad Powers

A Leap of Faith

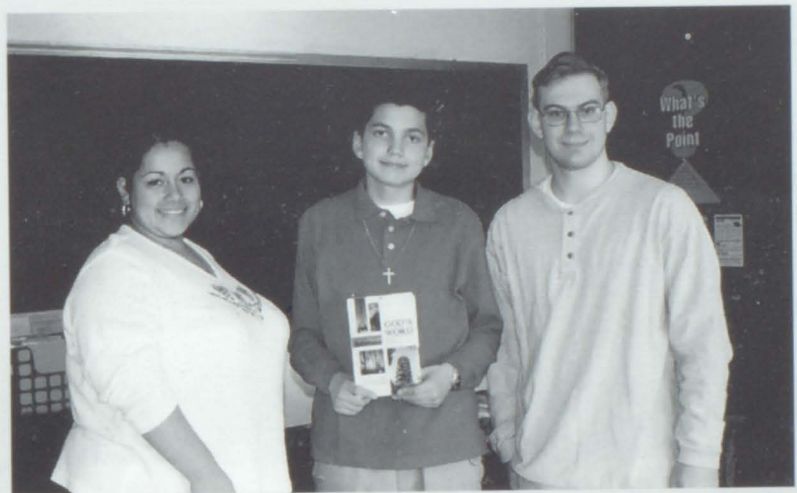

B i b l e C l u b

The Bible Club, which was started in the late 1980's to give students a place they could discuss the Lord without feeling awkward, has proven to have helped many students throughout the years. This year was no different as the bible club was off to a soaring start. During their weekly meetings this group of highly motivated students met to read bible passages and discuss devotional questions with one another. Every meeting was started with a prayer which led into discussions concerning their everyday lives and morals which they are taught to live by. "I feel good here" said Lisa San Pascual who has been a member since tenth grade. Under the advisement of Mrs. Allison Pfeffer, the club has flourished since she took over the group six years ago.

The club's biggest event by far was the annual "See You at The Pole" gathering on September 20. Students and teachers alike gathered at the flag pole before school to say a prayer for whatever was on their minds. Each year the number of students and teachers who participate grows, everyone wants to take part in this wonderful event. This club was also a big advocate for community service. Every year the club selects events in the community which they wish to participate in. "This club is non-denominational; all are welcome," stated Mrs. Pfeffer. "It's nice to see all the different religions and faiths coming together as one."

— Jessica Leberer

(top) Jessica Acevedo ponders the weekly devotional question as she thinks about what she wishes to add to the discussion.

(above) Theodore Clench starts off the meeting by reading a passage from the Bible.

(top) BIBLE CLUB: Jessica Acevedo, John Corlito, and Theodore Clench

(above) John Corlito listens to the Bible passage read at the beginning of the weekly meeting

Literary Stars

Like to read? Those students, who enjoyed reading and looked for new challenges in their reading material, joined Mrs. C. DeJose and the members of the Book Club which was started last year. Members gathered each week to discuss and analyze selections from novels and poems distributed by Mrs. DeJose. Many enjoyed the opportunity to examine a variety of literary genre, different from their usual favorites that they read. Freshman, Sarah Peacock, found the discussions interesting and enjoyable. Through their lively debates, the members better understood writing techniques, themes, and plot structures. Many were encouraged to go home and read the full work that they had been exposed to at the meeting.

In addition to their weekly book discussions, the group visited local hospitals and old age homes to read to the patients and share their enthusiasm for literature. The members also took periodic trips to Barnes and Noble to investigate the latest books on the bestseller lists.

Sometimes the members all read the same book as in the case of Armageddon Summer. This provided the members with the same literary experience and enlivened their discussions even more. Having read the same book, the group could discuss their personal reactions to the book, answer each other's questions, and analyze the character development.

—Manook Sarkisyan

Carpenters at Work

W o o d w o r k i n g C l u b

Each Thursday the technology room roared with machines after the bell rang. In his second year as advisor, Mr. Raskin taught students with all different levels of experience not only how to improve their woodworking skills but also the importance of safety in the work zone with the tools. It was stressed upon the members that safety came first and every precaution must be taken to avoid an accident. Said Mr. Raskin, "The club was a good beginning for students who liked wood working to learn the basics and to move on to more advanced projects later on." The members picked a project that they felt would be challenging yet fun and reached for the stars by working on it until they were completely satisfied. Some of the more popular projects that students made were cars, trucks, and trains, each one carefully sculpted from wood.

The woodworking club was a place for the members to expand their minds while being creative, and more importantly it was a place for them to have a good time. Even those who were beginners in the shop produced phenomenal models, and many even decided to continue the hobby at home and as they grew older. They worked diligently to improve their skills and construct the best possible models. The students kept on pushing forward, becoming better with each accomplished project and increased their ability as they acquired many tips and tricks of the trade.

— Manook Sarkisyan

King, Queen, Knight

The game of chess involves thinking, strategy, and concentration in every move because there are consequences that come with each action. There was much more to chess club than just sitting after school and playing a game. Mr. Lukaschek taught the members how to practice chess moves, and then they competed with each other to prepare for their tournaments. With the knowledge and experience from thirteen years of advising the club, Mr. R. Lukaschek guided the students and helped them to reach new heights. "Chess provides excellent training for problem solving," stated Mr. Lukaschek.

Occasionally, there was the excitement of going to interscholastic chess matches where challenges were well met by the club members. The members went to ten interscholastic chess matches with schools in Suffolk county. They defeated their major competition Lindenhurst and competed against schools from Commack and Northport. The members of the chess club were also members of the Suffolk Chess League. The talented members went on to the County Champion Tournament and won a county championship at the Long Island Interscholastic Chess Association. In addition, the students participated in United States Chess Federation matches. In between practicing and competing the members of the chess club found time to give back to the community by donating money to the Thanksgiving drive. With large hearts and talented minds, the club members ended with an outstanding reputation.

New Programs

Computer Club provided an opportunity for students to pursue higher levels of computer technology. Open to all with an interest in different programs and high speed games, the club, under the direction of Mr. D. McGilvray, met each week in the lab. Many students were taught what software programming was and how to write different programs. The basic type of programming that programs. The basic type of programs that they wrote were called palindromes. Every year three successful students were chosen by Mr. McGilvray to represent the school in a contest to see who was better in the area of software programming. The chosen students had to work together for three hours to write six programs that were given to them by the committee. The students had discussed these objectives with their teammates and decided what would be the best approach for writing these programs. When the programs were completed the committee would compare Bay Shore's programs with the competition's. This was done by putting different data in the participants' programs. While some students worked on the writing programs, many others played a variety of games. These talented students received their experience from previous programs and many programming styles from Mr. McGilvray. Quake was a popular game that the students had played. Many students had played against each other to see who would emerge as the victor. "I wish people who play games

Computer Club

Stars and Scripts

For each individual, the inspiration hits at a different time. Slowly the room began to fill with sounds of pencils and pens scratching away at paper. In Mr. Pasca's room there was no distraction; a writer's dream. Everything from the company of other peers to the lightning provided a comfortable atmosphere to escape to on Friday, after a week's stress.

The first fifteen minutes were in fact dedicated to a "free write" in which the members wrote down what was on their minds. Those who were willing shared and were respected by an open-minded audience. Following the free write sharing, Mr. Pasca or Mr. Nelson, the club's co-advisors, placed an activity on the board, giving loose guidelines to get the creative juices flowing and provide the writers with inspiration. Each writer took the assignment and put a piece of themselves into it. When the activity was done, the topics were as numerous as the stars in the sky. Occasionally, a member of the club brought in a piece of personal work to be "workshopped" during which time praise was given, suggestions were made, and questions were raised to help the writer to further develop his work.

The purpose was to give Bay Shore's most creative writers opportunities to develop their style, to get constructive criticism, and receive more ideas from other talented writers. It was brilliantly successful.

— Lori Anne Mayor

Sober Stars

Drunk driving is a serious issue that concerns Mr. G. Broadhurst. For eight years his goal has been to protect the students and bring awareness to the entire community. With this year's group, he was successful in spreading his message and keeping all reminded of the dangers of drunk driving.

Devoted to the task, Students Against Drunk Driving, or S.A.D.D., organized many activities. At the Homecoming Parade, they marched proudly around Bay Shore. They posted "Drive Safely" signs around town during the holiday season. On "Grim Reaper Day" a student was removed from their classroom every thirty minutes to represent real lives lost at those intervals. In school, posters were hung and so were other constant admonitions. Tombstones were put on students' lockers. Each represented a real death in Long Island related to a drunk driving accident. Members of the S.A.D.D. club also aided their peers one-on-one during the senior prom. With two members to each phone in the health office and the help of Tommy's Taxi Service, a hotline was formed. Rides were given on prom night to students who felt uncomfortable getting themselves home.

On each hotline card was an important message. "You're important. You're loved. Get home safely" With the help of Mr. Broadhurst and S.A.D.D. members, many students heeded the warning and returned home safely.

— Lori Anne Mayor

Anchirayco, Mr. G. Broadhurst, William Warner, Charles Chapman, and Alex Wojcik.

Leaping Into The Future

Working diligently, the Robotics team started off the year with a bang. The team advisors, Mr. B. Brachio and Mr. C. Kavanagh, were thrilled to see the up-and-coming stars from the freshman and sophomore classes emerge in the club. Said Mr. Brachio, "The club this year was young and enthusiastic." Having the constant enthusiasm and willingness to work was vital because being a member of the Robotics team means being committed and ready to work.

A specific problem was introduced to the club at the beginning of the six week period in January in which they actually had to build a functioning robot to solve the problem. Starry-eyed and determined, the members of the team worked to complete the many accompanying activities, such as designing, advertising, and programming. The shining members put in many after school hours to guarantee everything got completed. Said Junior Tim Johnson, "Robotics is a learning process that allows us to have fun while working." Entering various competitions across the country was the highlight for the technology-based club. Going to the FIRST Robotics competitions was exciting and entertaining for the team, especially the new members. The Robotics club offered many rewards to those who were involved; not only did it mentally prepare students for the rigors of college, but it also added a good background to those who are interested in engineering for the future.

Getting the Job Done

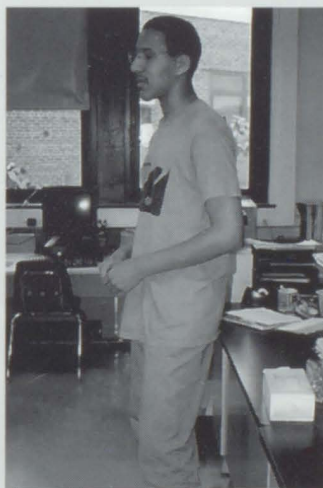

Across the country students who wished to pursue a career in business participated in Future Business Leaders of America, also known as, F.B.L.A. Meeting each week the members sought to find new ways of raising money for a variety of charitable philanthropies. In her third year as advisor, Mrs. J. Fevang found more opportunities than ever to give back to the community. In late September, F.B.L.A. organized a cupcake sale and raised over four-hundred dollars to donate to various September 11th funds. The members also raised money through their annual "Sweet Treats" candy-cane sale. With that money they bought the supplies that they needed and traveled to Schneider's Children Hospital in Nassau county to make valentines with the children who could not be home for the holiday. F.B.L.A. was a wonderful way to not only learn valuable skills needed for business careers but also gain experience and insight into leadership and community service.

"F.B.L.A. gives you the opportunity, experience, skills and confidence to achieve your goals," said Mrs. Fevang who promoted bringing business and education together. Through conferences with other school districts and working side-by-side with local businesses, the club stretched well beyond just after-school meetings. The organization had a very successful year thanks to the dedication and commitment of its members.

Stars From Afar

I n t e r n a t i o n a l

Students from all around the globe met each week for the International Club. The club's fifteen members hailed from many different countries, including Lebanon, Pakistan, and parts of South and Latin America. Run by Mrs. N. Moro and Mrs. P. Ribeiro, the club completed its third year of existence.

The members gathered to discuss the many aspects of their culture that have affected their lives in the United States. An important topic for the members was how the events of September 11th affected them and the members of their families. Many of the club's members are from countries related to the incident and were unsure of what would become of them in America's unsteady time. The club provided a forum for students to express their fears and apprehensions and even to overcome them. Another important topic for them was assimilation into American culture. The club allowed those who had accomplished this feat to give advice to others who may be having more difficulty facing the differences of the United States. The ability for one to discuss problems with peers was an important feature of the club. The club also focused on helping students to prepare for the English Regents, a challenge that is especially difficult for students who use English as a second language. The extra assistance they recieved gave them confidence in their test preparations. The International Club was very beneficial to many students, as it provided them the extra attention they required to better adjust to their new home.

Meet the Press

M a r o o n E c h o

The Maroon Echo staff kept the student body abreast each month with a fresh issue of news and student opinions. Under the guidance of advisor Mr. W. Fishon, members of the newspaper club, along with students from the journalism class, came together to create the award winning publication. This year's staff openly tackled controversial issues ranging from politics to concerns with the school. The paper covered new classes scheduled for next year as well as possible additions to the school itself. "The great thing about this paper is we're all given the freedom to speak our minds; in a way it's liberating," said opinions editor Joe Salzone.

"This year's staff was a great and enthusiastic bunch of writers, and I'm proud of all that they accomplished," stated Mr. Fishon. Over the course of the year the staff ran new stories about school clubs and activities, feature stories about teachers and films, while still managing to cover sensitive issues already in the news, such as the events of September 11th. "They felt it was important to express themselves, and they managed to put out a newspaper that best reflected their ideas and emotions," stated a proud Mr. Fishon.

This past year the Maroon Echo staff successfully accomplished its goal of keeping the student body up to date with all the happenings concerning the High School and Bay Shore community.

Stepping to the Beat

"You can't measure tomorrow with yesterday's performance," said Mr. P. McLean to the B.S.O.S.S members. That quote kept the group going. They were the best that they could be and gave their all to every activity in which they were involved. The members had unique talents of their own from being artists to dancers. Having had two years of experience behind them, co-advisors Mr. P. McLean and Mrs. C. Francis started the group off without a waste of time. They elected new officers and members. Tiffany Nix became president, LaTeisha Ellerbe secretary, and Janelle Dunbar treasurer. For Homecoming the group made jerseys with various nicknames and the club name. During the parade on Main Street, the dancers stepped out their newly-learned routines. Stepping was not the only thing B.S.O.S.S was known for. It was just one of B.S.O.S.S's activities. The members of B.S.O.S.S put on a production for Black History Month and planned a black college tour where the group visited many colleges. They had their annual B.S.O.S.S fashion/talent show which was a hit. The fashion shows have improved yearly and were the primary funding source for the B.S.O.S.S organization.

What B.S.O.S.S did was raise money to help members of the organization by awarding them with scholarships to use while attending college selling hot dogs, drinks, and candy at a variety of varsity games. B.S.O.S.S was all it could be this past year and reached for the stars in its organization.

Sharing The Knowledge

A I. D. S. E d u c a t o r s

On Thursday nights when the staff had vacated the teachers' cafeteria, the A.I.D.S. educators took over. It was the goal of this group of students to stress, not only to their peers but also to the Middle School students as well, the effects and statistics of the A.I.D.S. disease. Each two hour meeting the members discussed different aspects of the virus. The first few weeks were spent going over useful facts and statistics. The students then set about the arduous task of making posters to hang around the building displaying and illustrating these facts. In the spring the students set out to visit the classes and students at the Middle School where they met in small groups with the young teens to explain about the disease and stress the need for abstinence.

The advisor, Mr. C. Kasman, was there to supervise each meeting and guide the educators through the process of planning the sessions and organizing activities in order to bring their message to the students and community. The group worked well together discussing, debating, and planning for a worthwhile program.

The goal of the group was to pass along its knowledge in the hope of slowing the spread of the virus to others, especially those entering high school in the next few years.

Staff Works Hard To

The yearbook staff selected the theme for this year's book in early September and then began the arduous task of taking pictures, identifying names, and writing articles. The staff members, composed of students from Mr. D'Antoni's Creative Writing for Publication course and Mrs. Schultz's Graphic Layout and Design course, worked to make this year's book better than ever. They chose new designs and added new feature pages to give the book a fresh look. They added special graphics to many of the pages. They literally reached for the stars by consulting books from other districts and striving for excellence in everything that they did.

Jessica Frisina, the editor-in-chief, worked to keep the members from both classes and the students from the yearbook club focused on their tasks and their ever-present deadlines. "I never realized how hard it is to make sure that everyone does his or her part and completes the job by the deadline." Jessica felt that this experience would help her to stay more organized in college and to become a more structured teacher.

It took hours of hard work to pull everything together to create a yearbook that the student body and community would be proud to own. The staff hoped that the 2002 yearbook would reach new heights in journalism and continue to win awards for its design and writing.

Marauder Yearbook

Future Politicians

After the tragic event of September 11, 2001, the students of the newly-formed Model United Nations Club came together to discuss foreign policy issues like the terrorism that took place in New York. The students conducted debates on global affairs and expanded their knowledge by doing independent research. The president of the club, Bill Bettinelli, brought up new and interesting topics.

The club had a keen interest in current affairs, travel, public speaking, and other cultures. Many of the members reached for the stars by exploring other cultures on their own. Some members took independent study classes to learn more about them. "Joining Model United Nation is really like taking another class," stated the advisor Mrs. S. Litrel as she thought of all the hard work the members exerted. Mrs. Litrel based the club on one that she had participated in when she was a student at the University of Michigan.

The club members were extremely energetic and were determined to find ways to bring peace and prosperity to the world. Their goals were to participate in at least three model United Nation competitions in New York. Their discussions on the events happening today were particularly animated. They read newspaper stories to keep up with the latest developments and watched news reports with eagerness and enthusiasm.

The Brightest Stars

Honor Society

The most distinguished and successful stars gathered again this year in the prestigious National Honor Society. To be inducted into this elite group, its members were required to have at least a 3.5 GPA, be involved in school clubs and activities, and have a desire to help others and give back to the community. As a result, all of its members were strong, intelligent leaders, and their uniting brought nothing but positive things to our school and community.

Guidance counselor, Mr. L. Balsamo, supervised the group and helped the members formulate their many projects. The organization met on Tuesdays to discuss its plans and to get ready for their noble undertakings. All of its members stayed involved in school activities, and gave back by helping to tutor struggling peers, put up wreaths and other decorations on Main Street, and even act as ushers for the annual school plays and concerts. They also wrapped gifts at Barnes and Noble book store to raise money for their organization.

Despite the large amount of work that each member had to perform to remain active, the members were happy to do it. "It's good to know that I'm doing something beneficial for Bay Shore," said club historian Chris Bergendorff. From induction to graduation, the stars of the Honor Society made a positive difference and upheld their status as the best and the brightest.

Dancing to the Beat

COLOR GUARD

While others were enjoying the end of their summer vacation, co-captains Jenette Bon and Cassie Walters spent their summer preparing new routines that had to be taught to the Color Guard squad. Cassie said, "I thought it was an easy job, but it taught me responsibilities that will help later in life." The girls came back to school early in order to join the Marauder Marching Band in its annual band camp. The whipping of flags and the calling out of: "Left, left, down, down," was all that could be heard at the practices that aimed at keeping the girls focused and in step for their upcoming performances. With Ms. M. Mahoney as the new Color Guard coach and help from the danceline coach Mrs. S. Brenner, the thirteen member guard joined the danceline for the song "Dance to the Groove" and put on a spectacular performance. "It may seem easy, but we practiced hard to get it looking that good. Dancing with flags was not an easy thing to do especially while marching," said Jenette.

Whatever the weather, the girls still danced and twirled and kept their spirits high. The girls went wherever the band performed, led in parades, and performed during halftime at the home football games. They were thrilled to appear with the band at the annual Newsday Marching Band Festival at Hofstra University. With the dedicated group, the girls reached for the stars and held their flags up with pride.

— Jenette Bon

Filming the Stars

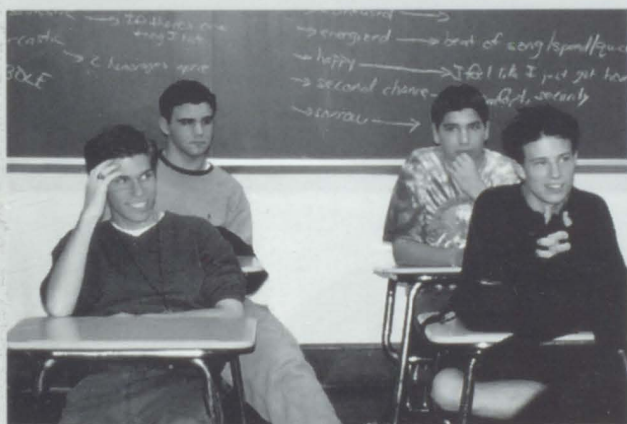

"That's a rap." Meeting each Thursday with advisor Ms. N. Kalter in a room filled with Hollywood posters, the club spent most of its time organizing and preparing two projects which consisted of their annual schoolwide film festival and school movie night.

Club president Dan Jaisle and vice president Rob Horan led the selection of what movies to use for the movie night and film festival. The film club, only one of a few on Long Island, had access to some high-tech equipment and used the semi-professional camera, the Canon XL-1 mini-DV, to film projects and original movies. The group also had the benefit of being included in some of Ms. Kalter's film study classes which analyzed a variety of film genres.

During their weekly meetings, the members of the club discussed some of Hollywood's new blockbusters just released. They evaluated the films, then analyzed the various types of filming techniques like camera angles, choice of scenes and the selection of the cast. They studied special effects and special lens techniques.

Many of the film club members planned on continuing their study of this exciting field in college. Someday they may have the job of filming the stars.

Twinkle Little Toes

Dance Club

Dance club began with leaps, bounds, and even a few spins. Ms. M. Denino brought a varied background of dance experience into the small gym every Tuesday. After dancing her entire life, spending her junior and senior years of high school in a BOCES cultural arts center, and receiving a Bachelor of Fine Arts and a masters in Physical Education from Adelphi University, Ms. Denino found a profession and a hobby she loved. She worked as a physical education teacher during the day and ran the Dance Club at night.

Dance club began in the spring of 2001, targeting students who had an interest and passion for dance. It gave them professional instruction without the expenses of a dance studio. Continuing into this year, the club provided an opportunity to get cardiovascular exercise and instruction in jazz with touches of ballet and modern dance. The major goal of the club was to help students build a future in dance. "I wanted to get students interested enough that they could pursue areas of physical education, dance, or performing arts in college," said Ms. Denino. Taking a trip to see Hofstra's dance majors perform on stage, doing an hour of warm-ups and exercise and an hour of choreographed dance, the members departed with a good understanding of the hard work that's involved in becoming a star dancer. Dance club hoped to expand in the future and keep the girls on their toes.

Quick Thinking Stars

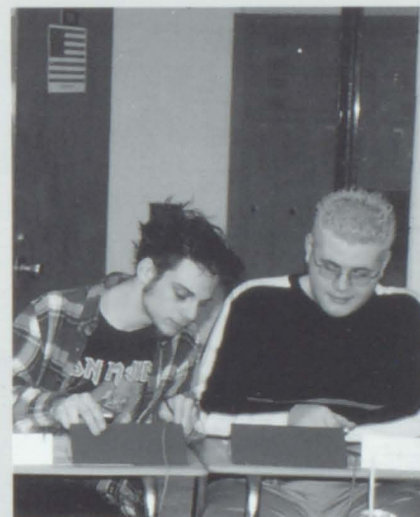

Who was the United States' fourth President? How many hit singles did The Beatles have? The members of the Trivia Team were asked questions such as these every Wednesday afternoon. Questions about math, science, history, art, and entertainment were asked by the members and their advisor, Ms. N. Kalter. The team was open to everyone and was divided into varsity and junior varsity sections, based on the ages of the participants.

When the trivia team won its match on the "News 12 Long Island Challenge," it gained recognition from the entire staff and student body. Answering the variety of question topics with poise and confidence, the team of stars shined all the way to the top. The competitions were enjoyable, and the team kept a positive attitude about the outcomes. When they weren't going head to head in the Regional Quiz Bowl or Long Island Challenge, the members conducted mock competitions against one another, helping each other to respond quickly and accurately to the randomly chosen questions. Ms. Kalter, was inspired and encouraged by the members each week. "These kids amaze me with how much they know," she said. The club kept looking to the future and was ready to excel far beyond the stars and far beyond expectations.

— Danielle Shay

Blue Skies Ahead

Weather Club

"And for today's forecast, mostly sunny; looks like blue skies ahead!" Members of the Weather Forecasting Club joined together every Thursday afternoon to learn the techniques of correctly forecasting weather. Through the use of the internet, members and advisor, Mr. G. Domoff, gained much information as they learned to read specific tools, such as barometers. The information from this technology was used to predict atmospheric pressure, thunderstorms and unstable air masses during each meeting. The websites found on the Internet proved helpful because they gave detailed maps of the United States, which showed the ever-changing temperatures. Members learned what all of the various charts and graphs meant, and therefore were able to give accurate predictions to the coming weather. Through the computer technology, they became acquainted with the current weather patterns and the vast amount of terminology that goes along with weather forecasting.

Mr. Domoff, along with sophomore Alex Pacchiano, have reached far beyond the clouds and above the stars in trying to gain meteorology as an elective that would be counted as a science credit. The club has been in effect for the past two years, and each year had advanced more. The club's goal was to get the Weather Forecasting elective kicked off into the stars and for more interested students to embrace the club. "To get to the stars, you first have to get through the clouds." advises Mr. Domoff.

—Danielle Shay

Designing the Future

The web design team strived to create the most efficient and user-friendly web page as possible. "We were determined to arrange a site that would be easy to access and to navigate," said team CEO Brian Rogan.

Using their knowledge of computers and their backgrounds in basic programming, the members worked diligently to update the constantly changing school site. The school's page was frequently being rearranged with the addition of sections in order to accomodate new departments and staff members. This year the team focused on trying to make the page more interactive. "We wanted to focus on keeping the site modern, we tried to incorporate as many graphics and visuals as possible," said advisor Mr. T. Scalzo. The team also worked on linking the schools site to other organizations such as S.A.D.D.

Working everyday after school the team was able to utilize the latest technology to further their programming skills and to keep the site up to date. The web design team members were also able to check in to the schools' files from home to continue their work long after the school day had ended.

The team members' dedication to excellence certainly paid off as they were able to reach their goal of creating a site of which both the school district and the students could be proud.

Courtroom Drama

"Good morning, your honor, ladies and gentlemen of the jury, and opposing counsel." The court was called into session and addressed at Moot Court and Mock Trial meetings and matches. The Moot Court team, consisting of ninth and tenth graders, met and prepared their cases with advisor, Mr. R. Richardson, who taught them courtroom procedures and strategies for presenting and winning their cases. The members were permitted to select their cases and attorneys. With much evaluation and experience there was hope that the success would lead to the Mock Trial team.

Following an exhaustive audition process, members of the previously award-winning Mock Trial team were personally selected by Mr. Richardson. The road ahead was a difficult one that was filled with discussions and arguments about the best way to present the case and evidence in order to win their trial. They spent hours consulting with a local attorney, Mr. Louis Mazzola, who advised them and enhanced their understanding of the law and legal system. Their goal was to once again place among the county and the state-side champions. It took hours of practice, concentrated effort, and dedication, to produce a greater appreciation and understanding of the legal process in the participants. Mr. Richardson was proud of the team and their accomplishments throughout the season. These stars of the courtroom dramas have great careers ahead of them as attorneys and paralegals.

Under the advisement of Mrs. Pachon-Abbot, language students were given a new place and were invited to engage in discussions about the Spanish culture when the Spanish Conversatoin Club began. At their weekly meetings students were able to leave their hectic schedules behind and delve into the Spanish language. Students were encouraged to speak Spanish as fluently as possible while they learned new words and studied the cultures and traditions in order to improve thier speaking abilities.

This was the first year that students had the oppourtunity to join a Spanish speaking club. Many of the members enjoyed the chance they were given to indulge themselves in the Spanish language and culture. "This year was a lot of fun. We got to come down every week and speak the language that we love. I met so many new people. I just wish that they had started this club a few years ago," said junior Jessica Arrigo.

The Spanish Club had a very successful first year. As one of its primary projects it planned a trip to Mexico and Cancun. The students were excited about the trip and knew it would be both fun and educational. They would enhance their knowledge of Spanish culture and have a chance to use their language skills.

Spanish Club

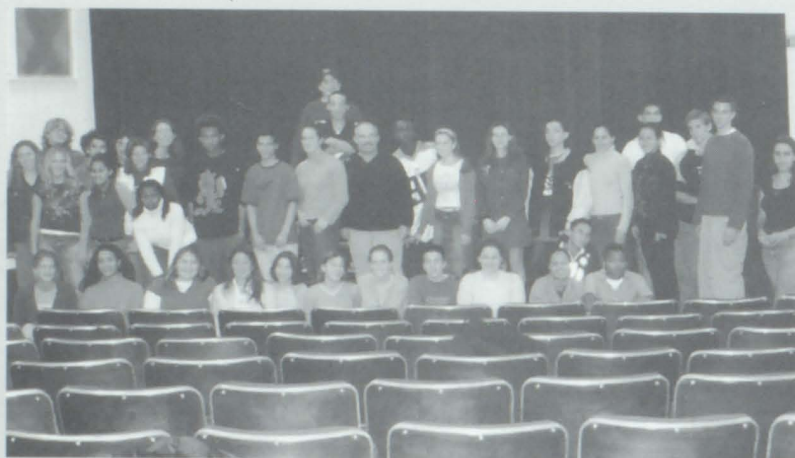

Helping Hands at Work

Under the advisement of social worker and advisor Mr. Jim McGowan, the Peer Support program trains dedicated students every year to become peer support helpers. This year a large number of students took on that responsibility. During the weekly meetings on Wednesdays in the Little Theater, students listened to lectures and got helpful information on how to help their fellow students when they came into the time out room with a problem. The time out room is a place where students from peer support are asked to spend one period a day to act as mediators if a conflict arises. The time out room is also a place where students were allowed to come to if they had a problem or if they just needed to get something off their chest. Mr. McGowan gave these students a choice to speak with their peers or himself. One of the biggest events for the peer support helpers during the year were the Awareness Weekends held in November and March. During the weekend, about one hundred and fifty students are put into family groups to learn more about their peers. In their family groups students are put through listening exercises and activities to help the students open up and discuss anything they wish. The peer support helpers organize lectures during the weekends to teach the students how to deal with conflicts that may arise during the day in the time out room. "I am going to miss this group when I leave next year, it has been an amazing experience, one I won't forget," said senior Jenette Bon.

Parlez-vous Francais

F r e n c h C l u b

For those who wanted to study the culture of France outside of the classroom, the French club was the place to be on Wednesday afternoons. Two years ago, seniors Erica Corlito and Lisa DelVecchio, had the inspiration to start this club. With help from Mrs. V. Sanchez last year, the club became very successful and grew even stronger this year under the advisement of Mrs. M. Marto. The purpose of the club was to promote and foster the French culture in the High School. Through games, field trips to restaurants, improvisation, songs and contests the French club members gained knowledge and understanding of French life. It was a place to have fun and learn at the same time. Although only French students were previously involved in this after-school activity, Mrs. Marto assured that all students, regardless of their language study, would be able to join and learn.

The students went beyond the basic textbook learning and incorporated the French language into everyday communication. Mrs. Marto commented that this club helps students "better themselves not only in class but overall as well." Having a second language is very useful for twenty-first century occupations.

Although co-founders, Erica and Lisa, will not be around next September, they are confident that the club will continue to flourish and teach.

Jessica Wiegand shows strength and determination as well as ball handling skills.

Sean Henry and Thomas Falconer return the volley during a game.

Whitney Boulton tosses the ball to serve it over the net.

Every season the school's athletes march out to meet their opponents on the playing field or the gymnasium floor. They start with high hopes of playoffs

and championship seasons. They set goals for themselves to outdo their past records and achieve fame for their school district. The senior athletes know that this is their last season to attract the eye of college recruiters. They work hard to win and give one hundred percent of themselves. They serve as role models for the younger underclassmen and prove their dedication and responsibility. All of the athletes have stars in their eyes, dreams in their heads, and a passion to play their best. They

play to win, but as all athletes know, there are those seasons which go well as planned while others do not go as successfully. Although not always successful, each team met the challenges presented to them and represented Bay Shore with pride. There is some disappointment, but also there is the knowledge that they have tried hard and proven their sportsmanship. There is more to playing a sport than winning a game. There is that understanding that they reached for the stars and aspired to new heights.

All the players not only played for themselves but for the benefit of the whole team. They strived continuously to do their best and set new goals for their successors who will soon rise to keep up the school's record of excellence. Hopes and dreams were fulfilled on the playing fields and gymnasiums across Long Island as our teams competed recognition.

— Jessica Frisina

Working For Playoffs.

The varsity team led by captains Bryan Spencer, Peter Titus and Spencer Crandall reached their goal of not only making it to the playoffs, but more importantly succeeding as a team. Each day the team practiced hard knowing that great success would soon come. The game against Commack, which was the determining factor of making the playoffs, was an intense competition. The boys never gave up and won the game one to zero. Coach Mr. J. Nelson said "This was one of the most exciting and enjoyable years of my coaching career because the team was focused on its goal of making the playoffs and brought pride back." Each year, players try out for Varsity but only few make the cut. The JV team, was composed of underclassman who hoped someday to become the stars of the varsity team. With much dedication the boys did not always have favorable results but despite the hardships of the games, the team came together as one. Both JV and varsity ended their seasons with much success and lasting memories.

— Manook Sarkisyan

Girls Kick Forward

Girls Drive Toward Success

The girls' Varsity Soccer team had all the necessary qualifications to be stars. Coach Ms. D. Corrado, who has been with the team for the past two years, was ready for a more successful season. Said Corrado, "We're getting better every year. There's no problem with improving at least a little bit every year." This year the team surpassed its previous records and added depth on the bench with skilled substitute players. Early on in the season, it was apparent that the team needed work with scoring goals and maneuvering the ball of the field. With much effort and grit, the girls, led by Coach Corrado and captains Lynn Woodward, Eva Noelsch, and Jaclyn McAllister, worked to fix their game in these areas. Knowing teamwork and dedication was important, freshman Kaitlin DiPietro said, "We don't train as individuals; we train as a team." It's obvious they've developed as a group, since such teams as Copiague crumbled at their hands. By continuing to work as a team, the players showed a great deal of promise for the future.

(above right) Showing off her kick, Katelynn Taggart is ready to pass the ball.

Serving and Spiking

As loud SMACKS were heard throughout the large gym, the boys' volleyball team was hard at work practicing for its upcoming season. Mrs. Preston had an in-depth knowledge of the sport from coaching girls, for four years, and coaching boys for another three. To get them at there very best, Coach Preston had her team practice six days a week, for one hour.

This year Coach Preston said that her team had a real enthusiasm. Her goal was to have a knowledgable consistent team to work together without concern for the difference in grade. From eighth grade to twelfth, the team was a mixed group, of seventeen members, including four seniors, three juniors, one freshmen, and one eighth grader. The abilities of the underclassmen kept them able to keep up with the older kids. The team had many community events that took place, such as beach volleyball, and games at the YMCA. "Each kid has equal traits, nobody tries to overdo anyone else, they just do what they have to do to better themselves," says Coach T. Preston.

Volleyball Stars

Spiking Their Way to Playoffs

Kill after kill, dig after dig, and ace after ace, started off the season, leaving teams like Centereach, Newfield, and Riverhead little room to score points. A new and improved season had begun, as result of many things. Varsity coach, Ms. S. DeBonis, and JV coach, Ms. J. Nowak, worked to improve even when their teams seemed faultless. There was an addition of a freshman grade of rising stars with three years of volleyball experience. Also, the change in season provided a new goal to be reached- the playoffs.

Ms. Nowak credited the team's success to the closeness and family environment. "They've all known each other for a while, and since volleyball is a sport in which teamwork is crucial, their relationships helped make them a star team." They were an unbreakable family. This made them an unbeatable team. Veronica Elfe, a freshman star, added "We knew how to have fun and get the job done at the same time."

"All stars are within your reach when you're striving for a goal," said Ms. DeBonis. The girls strived to reach a goal and ended up making it to the playoffs.

— Lori Anne Mayor

Shooting For the Goal

With Mrs. A. Pfeffer as the new Varsity field hockey coach and twenty devoted girls, the team started off winning its first two games nine to zero. Although it did not hold the title of being Division Champs, the team ended the season off with a record of nine, four, and one. According to Mrs. Pfeffer, "This year's tri-captains, La'Trice Ewing, Katie Shesh, and Masina Longo, were great captains and showed great leadership." On top of the long hard practices, the girls went through the U.S. Field Hockey Association agility tests, which consisted of various drills that taught discipline, strength, and endurance. Those who portrayed the most strength and dedication made it to varsity. "Always seek improvement," Mrs. Pfeffer preached.

The J.V. team, coached by Ms. S. Gilardi, had the team practice with varsity, to help the team build up strength and confidence. The team proved it could reach for the stars, by filling the shoes of the graduating seniors.

A New Foundation

Football struggles through the season

The foundation of a new era was formed by the 2001 Varsity Marauder football team. With renewed hope in a new division and with a new coaching staff headed by Mr. J. Sagl and assisted by Mr. J. Giattino and Mr. W. Blackman, the players' expectations were high. The team started off with an 0-4 record, losing a heartbreaker 21-14 to Connetquot on a bad call made by the referee in the winding seconds of the overtime period. Down but not out the coaching staff made some changes and brought Marauder football back where it was supposed to be. Predominantly a freshman team, The Junior Varsity like the varsity welcomed a new coaching staff headed by Mr. K. Jones, assisted by Mr. C. Gibbs. These coaches brought a promising attitude as they prepared the future Marauder stars for the varsity level. Injuries on the varsity team gave sophomores Joe Posillico and Brian McLaughlin a chance to step up and be the stars they new they could be.

Gibbs, Ife Balogun, Michael Caruana, Joe Posillico, Shane Brady, Wesley Eaton, and Coach Mr. K. Jones.

Reaching for the Stars

The stars of the cheerleading squad soared off into what was sure to be a bright season for all as they reached for the brightest star in their sky: the LICCA championships. After returning from a great summer at camp, the girls' rigorous training schedule began led by Coach Mrs. Denise Kaplar and team captains Ebony Jones and Verla Roberts. "Football games are practices for us," said Senior Nicole Allison, "The real test is the competition." With competitions throughout the year like the Windy City and Beantown Classics, these girls work to hardest and push themselves to the limit to assure their spot at the finals. "In the past five years, there is only once that we haven't placed among the top five in the finals," stated Coach Kaplar, "I always tell them that hard work, dedication and perseverance pays off." All of that did pay off as these starlets worked their hardest to claim back their title of LICCA champions.

Gliding to Success

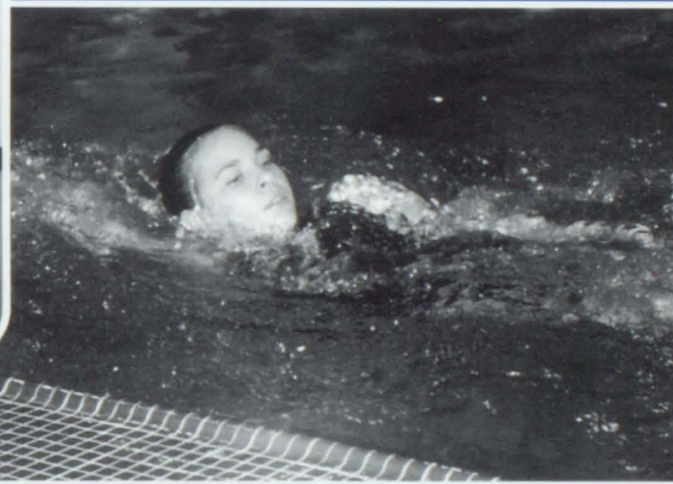

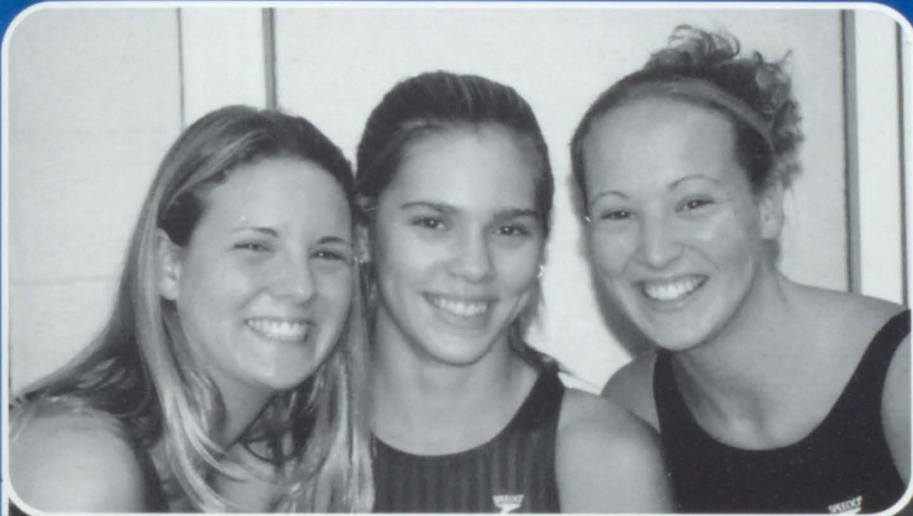

Small but victorious

After being on a team with each other for three years now, friends and teammates Shannon Daly, Brittany Daly, and Ann Dolinar had another phenomenal season. Shannon kept her reputation as the top swimmer in the state and finished up her high school swimming career, winning first place in the state competition this year as well as last year. Brittany Daly also competed and gave it her all, finishing up in fourth place. Coach Mr. M. Porcelli knows that because this is Shannon's last season there will be a huge void to fill, but she has confidence that Brittany, a junior and Ann, an eighth grader, are more than capable of keeping up the excellent results.

Sisters, Brittany and Shannon, practiced daily on Half Hallow Hills swim club, while Ann Dolinar swam with the West Islip swim club. Although the girls did not practice as a complete team the results put Bay Shore at the top of the charts.

(above right) Shannon Daly shows that having fun is the most important part of the team.

Dashing to Finish

The goal of the Boys' CC Team was to make the top five in the county and become division champions. To prepare for the season, the boys' ran long distances in the Bay Shore streets. In addition they had worked out at the Middle School and trained hard in order to do well in the division and county meets. Eddie Palermo, who was one of the captains, tried to accomplish this goal by being undefeated. John Cummings did both. He made the all league and the conference team. There were some down falls during their season. Luke Gliganic had some injuries that hurt the team. Following Luke's injuries, three more teammates were hurt. Even though the boys didn't reach their goals, all the meets were close calls. A particular meet was against North Babylon. One of the other captains was Brian Hendrichs. The boys worked hard this season and the school is very proud of their work. Coach Mr. J. McGlynn stated that he was looking forward to a great year next year!

— Danielle Bartalini

Boys race to the finish

(top)John Cummings sprints past his opponents to come in one of the top runners. Creamer race to overcome their opponents and bag another win for Bay Shore.

Dashing to the Stars

Girls achieve fame and success

Cross Country was a tough sport. In preparation for the season the girls started running the hills at Sunken Meadow as well as training at Peconic Dunes on eastern Long Island in the summer. This training paid off as the girls started with a great year. Eight out of nine members were back for a second year. At the Brown Internationals, they beat schools from four different states, which won them the varsity two races. Laura Cummings won the race with the fastest 5000 meter ever run by a Bay Shore girl. Laura was selected to the All-International team. The captains of the girl's team were Katie Malpigli, who made seventh in the Internationals and Emily Mason who helped round out the winning team. The team gained the Suffolk County Championship title and went on to the section XI. Coach Mr. S. Borbet did a great job with the girl's Cross Country team.

(above left)Ricalya Brissett pulls ahead at the end, leading Bay Shore to a victory.
(above right)Shayna Staton leads the pack to the finishline.

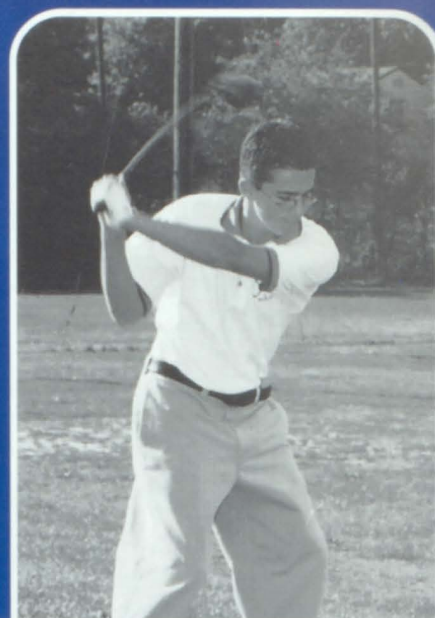

Swinging for the Stars

The boys' Varsity golf team came back in full force this year for another rewarding season. All seven members from last year's team returned, and added three new players who moved up from JV. The group practiced four days a week at Bergen Point Country Club under the tutelage of Coach Mr. B. Mahler. "I wanted to see them do their best" said Coach Mahler, "and stay undefeated". The team managed to live up to Coach Mahler's high standards, despite losing a single match to West Islip. The team defeated Lindenhurst to capture the league championship, a feat it hadn't accomplished in 21 years.

The junior varsity team also had high goals this season. Coached by Mr. D. McGilvray, the fifteen team members practiced long and hard at Gull Haven Golf Course. Better swings and expanded knowledge of the game were the result of these efforts. The team finished the year strong with a final record of 9-5.

Both golf teams showed through hard work and dedication that they are rising stars with a long trail of success in their wake.

All Hits Equal Aces

Love is on their side

Without a doubt the Varsity team had a great void to fill this year. So many of its stars had graduated, and it was up to the new players to carry on the success of the team. Captains Caitlin Arbeiter, Whitney Boulton, and Meredith Chapman had the responsibility of inspiring and encouraging their teammates to do their best in a six to one victory against East Islip. Even though the Coach Mr. J. Carney defined the team as "Young, talented, and inexperienced," he was positive that the team would rise to the top and make it to the counties, a Bay Shore tradition that won't stop. His dream became a reality when the team made it successfully to the playoffs and reached the second round of the counties. With the contributions and outstanding participation of many underclassmen, including two freshmen, Bridget Finnerty and Haley Mirrer, the Varsity team had a triumphant season.

On the other side of the court, the JV team also had a challenging season. Led by Coach Mrs. J. Fitzharris, the team worked hard and ended with a record of six wins and six losses.

— Rosa Jimenez

Soaring Down the Lane

Balls rolling down lanes, pins crashing, and loud roars- these were the sounds of the Bowling Team rolling its way to victory. As the team walked into its practice area at AMF Lanes, Coach Mr. A. Cantore greeted the team with a smile and a willingness to teach them all that he knew about the sport of bowling. "These kids are hungry to learn anything they can about the things they love. I love teaching them what I can."

This year's team, which consisted of mainly juniors and sophomores was off to a great start they had their first 500 season in 10 years, which was a major accomplishment. "We don't have any seniors on the team this year," stated junior Kenneth Hosek, "This year was a period of reconstruction for us, a time for all of us to learn more and play better." The team filled their frames during the division tournament, placing eighth out of twenty teams. Coach A. Cantore who was a bowling team member when he was a student at Bay Shore was "very proud of this year's team."

(above left) Gavin Farrell squeezes his opponent and waits for the pin.

The wrestling team started its season with two very high goals. "We want to WIN the League Dual Meet and Tournament Titles; we've come in second too many times, and this year's team can do it all." said coach Mr. M. Porcelli.

The varsity team, which consisted of nine returning starters and five seniors, was ready to take on the competition. The team started off wrestling in the Colonie Tournament taking home the third place team trophy, then competing in the Sprig Gardner, Cliff Clark Classic, and the Sachem tournaments putting a combined sixteen wrestlers into the finals. Competing in four straight tournaments gave the team the confidence it needed as it progressed into the league season. The J.V. team led by coaches Mr. P. Fusco and rookie coach Mr. C. Posillico played a big role compensating for injuries suffered on the varsity team. The wrestlers stepped up in a big way having every wrestler place in the Colonie Tournament.

Shooting for the Hoops

The Varsity Basketball team started the season with a slam dunk! All its hard work at practices finally paid off as the players displayed strategies and skills. The varsity coach Mr. K. Parham had the boys practicing five, sometimes six days a week. Team captains, Marcel Seymore, Juan Pichardo, and C.J. Leary, worked together to keep the team motivated and strong. The team won the first game of the season against Brentwood with a score of seventy-five to fifty-three. They topped it off winning the "Bay Shore Classic" games against Automotive and Upper Room, with spectacular scores of seventy-two to sixty-four and one hundred-seven to fifty four respectively.

The J.V. team, coached by Mr. M. Carter, worked very hard also. After its games the players stayed and watched their peers on the varsity team. The members of the JV 9 team played their hearts out. This small team with big hearts for the love of basketball played hard and was very successful. Despite the small size of the team, it remained a force to be contended with on the courts.

A Shot at the Stars

Nothing but Net

The girls began a fruitful season with a simple but motivating goal in mind: to beat last year's record. For hours they practiced vigorously each day to accomplish their goal. Varsity coach Mr. S. Green and Junior Varsity coach Mrs. W. Smith were there to provide the girls with constant motivation and drive, while assistant coaches Mrs. F. Schmidt and Mrs. A. Ryan furthered the teams' progress by being there to help each girl more individually. Working on their skills, the girls quickly succeeded with two wins in the beginning of the season. Varsity captains Rachael Callard, Christina Burnham and Lateisha Ellerbe assisted their team as well and brought them to victory. All the girls contributed to this year's achievement. After being on the same team for years, each girl knew her teammates' strengths and used that knowledge as an advantage over her opponents.

"We wanted to prove everyone who thought we couldn't do it wrong," said captain Rachael Callard. With hard work and team unity, the girls improved their record and reached their goal. They shot for the stars and got nothing but net.

Running For the Stars

Battling the elements each day, the runners could be found circling the track until late in the afternoon in order to condition themselves to become the very best.

Led by captains Pat Mills, Ed Palermo, and Mike Taylor, the team broke records and excelled in every aspect of the sport. Junior Jemel Wilson broke the school's records for both the triple jump and the long jump, and Ed Palermo set a new school record for the 1000 meter-run. Collectively, the team placed second in the league championships and took third place in Counties. The freshmen team members also reached the stars by winning the Freshmen County Championship and setting records of their own.

"This is the best team I've coached in my twenty-seven years here," said Coach J. McGlynn. "The athletes ran with heart, and it certainly paid off."

Running with the Stars

Girls Race to the Finish

Like stars in a meteor shower, the girls' winter track team soared across the track and left its competition in a trail of dust. With an abundance of new freshmen stars along with several returning upperclassmen, this year's team had no problem taking out its opposition.

The team members, coached by Mr. S. Borbet, were able to succeed as a unit as well as individually. The team took first place in the league championships, and for the second year in a row it captured the Suffolk Large Schools title. Shana Staton in her senior year, held the fastest time in Suffolk County this season in both the 600 and 1,000-meter run while freshman Laura Cummings held the fastest time in the 3,000-meter race and won the Freshmen Runner of the Year award.

"We had an amazing season," said Coach Borbet. "and from the looks of things, I think this team will be on top for years to come."

—Chad Powers

Strokes To Success

Some think that the crew team is one of the easiest sports. What could be harder than rowing on the water six days a week? Crew, however, is one of the most cardiovascular, demanding activities that the school provides. In order to make the team, it is required that the members swim 100 yards while fully clothed and then tread water for five minutes. Those who pass that series of tests must then run a mile around the track, run up and down the school stairs for eight minutes, and finally prove themselves on the rowing machines. "When I'm done punishing them, I know who will make the team," laughed coach Mr. W. Blackman.

In only its fifth year, the team has made a wonderful name for itself and continued to improve each season. With help from an Olympic rower, the team members dedicated themselves to living up to their two State Championship titles that were awarded last year. "We'd like to hold onto our titles and add a few more," commented the proud Mr. Blackman.

Speed Was The Key

Another Successful Season

Varsity lacrosse players started their season on a positive note and reached for the stars in everything they did. From practices to games they devoted themselves to improving their skills and developing into a strong fighting unit. "This is a very dedicated group of players. We are expecting to run at the playoffs," said Coach Mr. T. Cox.

JV Lacrosse players made a commitment to succeed and achieve victories for the team. Captains, Dave Cahill, Mike Leone and Kyle Glynn, led the team to success throughout the season. In the home game against rival, Brentwood, the team members showed that they could not be beaten and won with a score of 7-2. The team maintained this level of play throughout the entire season. Coach and alumnus, Mr. S. Hickey told the players, "You can have anything that you want in your life as long as you work hard and are committed to reaching your goals."

All Stars on the Field

With the beginning of thier season, the girls' lacrosse team had two goals in mind, first to defend their title as the Long Island Champions and second to finally claim the state championship at the finals at the end of the year. With the help or the Varsity and Junior Varsity coaches Mrs. A. Pfeffer and Ms. K. Hahn the teams knew that their goals were attainable.

Commitment, hard work and loads of determination as well as keeping thier grades up has propelled this team to the forefront of girls sports. These girls know what they have to do to get what they want at any cost. They start their season off with a rigourous practice schedule accompanied by a mandatory timed mile run and a full schedule of scrimages against local teams. In thier first game of the season, the girl varsity team defeated Wantagh 7-11 " These girls know that what they want wont just fall into their laps, they have to work hard which is what they do," added Mrs. A Pfeffer, " It was a great year."

Shooting Over the Green

To the Championships

Golf balls soared through the sky, like shooting stars, bringing the consistently successful team closer to another County Championship. Coach Mr. B Mahler, who had worked with girls' golf since their development three years ago, provided them with new strategies and motivation. Said Mr. Mahler "I always tried to be positive and not to worry. I found that it was best to encourage the girls when they made mistakes."

At their first match against Northport, the girls thrived under their coach's positive instruction, leaving with a winning score of eight to one. Meredith Chapman, captain, and five other girls, including longstanding members, Amanda Arciero and Carrie Askinas, started off another undefeated season. The team was on its way to its third consecutive Championship. It was clear that their best was more than good enough as they drove each ball over green fairways, bunkers, and water holes, to reach the hole in the grass and the highest star in the sky.

Stars on the Diamond

After coming off a bad season last year the 2002 team hit the field with new hopes and goals in mind. Led by coaches Mr. A. DiOrio and Mr. M. Pasca and captains Spencer Crandal, Francis Leahy, Anthony and Rob Mauro, and Jerry Puccio took the field and got ready for the new season that lay ahead.

With a young varsity team that consisted of many underclassmen gave the marauder team a new life. One with fresh hope and dreams as they neared the season opener. The season started off with an opening series win against Newfield where the team won two out of three games playing a new style of just defense. The home opener against a tough rival team from Northport insured an intense game.

The JV team, which consisted of mainly freshmen, was led by coach Mr. D. MacMannaway had potential and promised great stars on the future varsity team. They too started off the season against Newfield and played hard in 8-3 win.

— Dave Sevier

Anderson, Coach Mr. McGowan; (kneeling) Laura Whitlock, Erica Sullivan, Mary Beth Puccio, Eva Noelsch, Ashley Gosk, Erica Sullivan, and Krystal Colon.

It was another shining year for the softball teams! The Varsity and JV, coached by Mr. J. McGowan and Mrs. J. Hulse, achieved their now usual standard of superiority. In efforts to keep their reputation, outstanding athleticism and determination had to be present at all times. There was no complaining about the rigorous practice schedule, which often included early morning workouts and long afternoon practices at Fifth Avenue School. The girls knew that they had to train hard to keep the stamina and confidence that was notoriously known to send opposing teams to shambles.

Every year the teams seem to raise the bar of excellence and in a game against Brentwood, the Varsity team crushed their opponents 13-0, which led to their fifth consecutive win. From batting to fielding to pitching, the team was well-rounded and cooperated together. Off the field, the high-flying stars worked diligently to maintain a high G.P.A. The Lady Marauders played hard and future teams will always be measured against them.

— Danielle Shay

Sprinting to Success

When people think of Bay Shore sports, the first thing that usually comes to mind is the long-standing history of excellence of the track and field teams. For years both the girls' and boys' teams have out-run, out-jumped, and out-thrown their competition; this season was no different.

"This year's team had leadership and heart; our girls ran to win and I'm proud," stated an ecstatic Coach Mr. S. Borbet.

The girls' team started off the season right by placing strong at the Colonial Relay in Virginia. They placed first in the 4 X 800m relay, second in the 4 X 400m relay, tenth in the 4 X 100m relay. Laura Cummings placed fourth in the 3,000m invitational run.

The boys' team also strived to have an amazing year. With a number of exceptional stand-out athletes, they had no reservations in setting the goal of winning the Conference Championships for the third year in a row. Among others, Jamaal Wilson held the Suffolk County title for the furthest long jump with a distance of 21 feet and 8 inches. "I am constantly amazed by this team; they impressed me time and time again," said Coach Mr. R. McGlynn.

Both teams kept up Bay Shore's tradition of excellence while easily setting themselves apart from almost every other team on the Island.

Serving to the Stars

Swinging Their Way To Success

The boys' tennis team enjoyed another rewarding and successful season. In his fourth year of coaching, Mr. J. Carney led the team to new heights. The fourteen team members practiced six days a week in preparation for their strenuous schedule. They worked themselves to the bone to be the best at running, footwork drills, and working practice matches against each other. The team set many goals to accomplish this season, including reaching the playoffs, a feat they have accomplished in previous seasons. "I expect to see them do extremely well in their conferences and to go very far in the counties," said Coach Carney.

The JV team also worked very hard this season. They practiced every afternoon at the middle school under the guidance of Coach K. Kouate. This year's team featured a larger number of young players than in previous years.

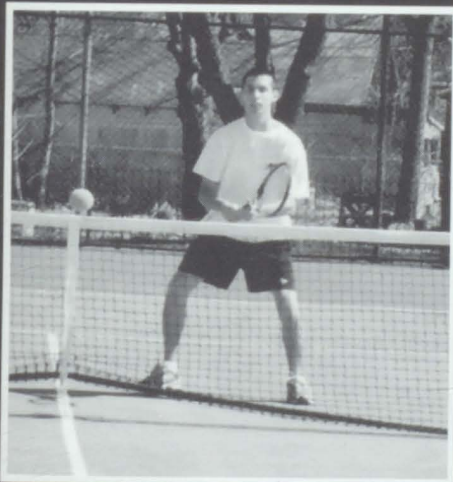

Both teams continued to live up to the high expectations set before them and brought recognition to the school.

Academics

Mrs. Ponzi explains a DBQ writing assignment to some of her students in the library.

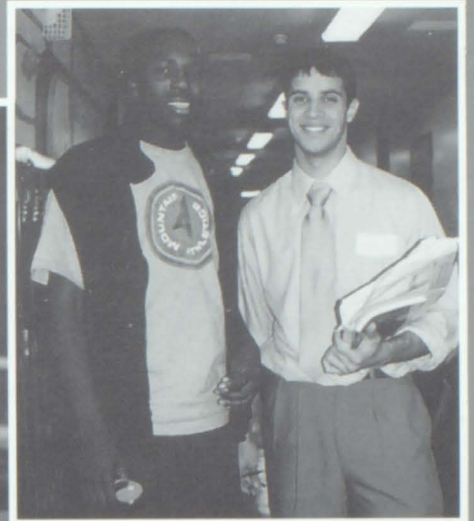

Mrs. Parker helps Xavier Goodwin with his research in the library after school.

Darien Munnerlyn stops in the hallway to tell Mr. Ramirez about his plans for vacation.

Mrs. Skirbe shows Wilson Arneillas the proper way to tackle a difficult essay.

Ms. Acunzo and Mrs. Litrel discuss a Chinese lettering project for Humanities.

In their quest to reach the stars in their academic pursuits, the students in grades nine through twelve worked consistently to reach new levels of

achievement. With the support and encouragement of their teachers and administrators, the students improved their vocabulary skills, learned how to do higher levels of mathematics, conversed in foreign languages, and studied the cultures of other lands. They travelled to distant lands through the study of their literature and even went in person to visit Mexico. Students increased their understanding of the legal system through the study of law and gained an appreciation of different

styles of art through their art and humanities courses. They learned how to care for their bodies and improve their health. They developed trust and communication skills in Project Adventure and increased their knowledge of computer technology to prepare themselves to take their place in the world of tomorrow.

In addition to their academic interests, the students continued to excel on their standardized tests. They raised their S.A.T. scores and earned college credits in advanced placement courses. A higher percentage passed the Regents exams, and more and more placed in the mastery level. Through collaboration with their teachers and guidance counselors, they applied and were accepted to more prestigious colleges.

While sports and extra-curricular activities were important, academic success remained a priority for the majority of the student population. The students availed themselves of extra help sessions after school, S.A.T. and regents review classes, and formed study groups with their peers.

Board of Education

BOARD OF EDUCATION: Mr. Gregory Nardone - Vice President, Mr. Jerry G. Berka - President, Mr. Randolph Kirchner, Mr. Kevin Kelly, Dr. Evelyn Blose Holman - Superintendent and Ms. Mary Louise Cohen.

The Board of Education works diligently to set standards and encourage the district staff always to reach for the stars. From the grounds crew, the building administrators, to the student population at all grade levels, the Board of Education makes the decisions that affect everyone's lives. Faced with the annual budget, the Board aims to maintain the high standards of excellence in academics, athletics and extra-curricular activities that continues to bring recognition to the community. The Board's presence is evident at all major school events, including Homecoming, Honor Society Inductions, and musical and theatrical performances.

The Board of Education, with Dr. Holman as Superintendent, has sponsored the Annual Community Summit and has played a major role in the revitalization of Bay Shore. These dedicated volunteers are the leaders and role models of our community.

Student Council

From the day of elections co-presidents Jenette Bon and Jessica Leberer had their hands full. Without the assistance and support of their former advisor, Mrs. C. Dipane, the co-presidents sought to carry on their job of promoting school activities and events while keeping spirit high. They started the year planning for Spirit Week and Homecoming. The week went well and captured both a patriotic and school spirit. Along with the other officers, vice president Vanessa Miranda, treasurer Claudia Sandoval, secretary Laurie Hughes, historian La'Trice Ewing, and parliamentarian Christine Sainvil, the presidents then began planning the annual Thanksgiving Food Drive. The outpouring of generosity was overwhelming, and over fifty baskets were donated to needy families in the community. Freshmen advisors, Ms. C. Acunzo and Ms. J. Side, lent a hand keeping the front lobby decorated first with a patriotic theme and then with holiday decorations. The giving tree and adopt-a-family programs were sponsored by the Student Council and again were enormous successes.

Spirit points were awarded to the various grades for their participation in all of the fund raising activities and events throughout the year. The officers maintained the spirit-ometers in the front showcases, and points were also awarded in the holiday card recycle program. Money raised in the annual penny collection went to purchase toys and gifts for the holidays. Other events that served as fundraising devices were selling candy grams, running voting booths, and the Valentine's Day Compatibility quizzes. The officers were kept busy throughout the year, but they were satisfied that the year went well and so many students and faculty had been involved.

Fiddler On The Roof

Theater Director, Mr. J. D'Antoni, ended his thirty-four year career of teaching and directing productions on the Middle and High School stages with the popular Broadway musical, "Fiddler on the Roof." Chosen for its strong characters and its lilting musical numbers, "Fiddler" was the last in a long history of theatrical successes. The strong refrains of "Tradition" echoed throughout the theater as the chorus of elementary, middle and high school students filled the stage. James Moreira, in the role of Tevye, captivated the audiences on all three nights and brought them to their feet for standing ovations. Senior Lisa DelVecchio as Golde was the perfect actress to play opposite James's Tevye. Everyone in the cast turned in outstanding performances, and most people wondered in amazement at the casting of all of the roles. Particularly memorable were the candlelit scenes for "Sabbath Prayer" and wedding scenes. Jessica Frisina as Tzeitel and Brendan Haag as Motel made a beautiful bridal couple. Ian Swank's portrayal of Perchik opposite Erin Arizzi's Hodel was poignant and moving.

The orchestra under the direction of Mr. D. Persia, the choreography, expertly directed by Mrs. S. Brenner, the sets, designed and built by Mr. M. Bicknell and crew, the harmonies taught by Dr. C. Morrow, and the program designed and organized by Ms. J. Side all helped to give the show a professional touch and a look of Broadway.

(top left) James Moreira, as Tevye, sings of the life he'd have as a rich man.

Smooth Jazz

Swinging In The Stars

The hippest cats in the land enjoyed another successful year in the appropriately named Tuesday Night Hip Katz. In his twenty-fourth year as director, Mr. T. Scalzo led the members of the group in swinging and jiving to perfection. The band practiced long and hard every week on challenging pieces such as "Salt Peanuts" and "It Don't Mean A Thing If It Don't Got That Swing". The group also worked with Robin Eubanks, brother of Kevin Eubanks from "The Tonight Show with Jay Leno," for its annual Jazz Concert. In addition, the group also played jazz festivals such as SCMEA in Kings Park, local events such as the Summit, and for the Cultural Arts Center downtown.

Keeping up the tradition of superb music department, Mr. M. Rotello continued the music program's success with his Thursday Night Jazz Band. Comprised mostly of underclassman, the band also worked on difficult pieces for their exciting concerts and performances. Both of the jazz bands brought respect and recognition to the school and their directors.

Songs Soaring High

Choirs Make Beautiful Music

The sounds of music radiated through the auditorium everyday when the concert choir and Dr. C. Morrow rehearsed. The choir has been in effect for many years and always finds a way to improve. Everything from the classical music of Mozart to traditional Irish tunes were sung by this large group of fine young singers. The concert choir had many outstanding performances throughout the year, including the Winter and Spring Concerts and a Christmas concert at Pilgrim State.

Stemming from concert choir, the Showstoppers, also directed by Dr. Morrow, successfully reached the stars. Over the past two years, the show choir gained recognition and performed at various events. The students concentrated more on jazz style of music rather than the traditional music sung in concert choir. Throughout the year, Dr. Morrow and the group attained many requests for performances, such as the Bay Shore/Brightwaters Tree Lighting Ceremony and a holiday show at the Knights of Columbus in Bay Shore. The dedication and commitment of the choir clearly paid off; their performances always ended with a standing ovation.

Musical Stars

Singing in Harmony

Mr. T. Scalzo and Mr. M. Rotello have passed their knowledge on to their students through various teaching methods and opportunities. The marching band and concert bands set difficult, but attainable, goals for themselves in September. The directors and students knew that they were going to have to dedicate themselves and consistently work toward their goals.

When composer Stephen Meillo visited with the Wind Ensemble a year ago he was extremely impressed with the band's skills and performance level. In September, the members were introduced to "Universe Below", a Stephen Meillo score personally created for their band. The year was spent creating the piece to make it unique. In April, the band performed in Boston in a competition against other high schools. "I am very proud of this years group," said Mr. Scalzo, "they are a bunch of mature musicians."

Mr. Rotello pushed his band to their limits as well. With goals of introducing the students to a variety of new music the students were able to preform at a higher music level and participated in the Performing Arts Festivals and pop concerts. The bands enjoyed playing in the elementary schools giving the younger students inspiration to participate in their music programs as well. Both bands reached their goals and accomplished more than ever.

Strings and Things

Songs in the Stars

(top) Michelle Morse and Lauren Ferriggiari work on a difficult section of a piece during rehearsal

(second from top) Ani Katz and Saryta Rodriguez practice their parts for "Russlan and Ludmella."

The orchestra worked hard this year to uphold its tradition of excellence. The group was directed by Mr. R. Burns, who has overseen it for over twenty years. The Orchestra worked on many exciting pieces over the course of the year in order to provide stunning performances at the annual Winter and Spring concerts. The members of this group also took their musical abilities to South Country and Gardiner Manor Schools to perform for the younger generation, as well as on a trip to Boston.

The String Ensemble provided a group for the best and brightest string players to display their talents. The members practiced diligently for two hours every Wednesday night, in order to perform challenging pieces such as "Concerto Grosso" and "Gaelic Overture." The members also worked on improvisational jazz tunes in the tradition of musician John Blake. In addition to the Winter, Spring, and jazz concerts, the members appeared at other schools, including Dowling College. They also played for NYSSMA and participated in a number of community functions.

In his last year, Mr. Burns brought the orchestra and string ensemble to a new level of excellence.

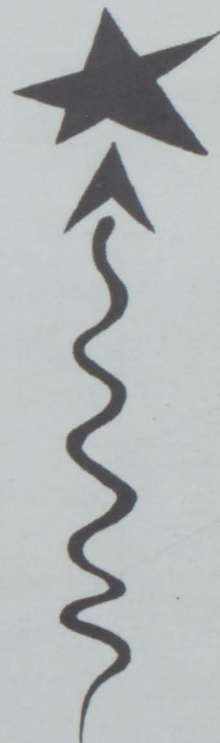

— Matt Marran

Strategy

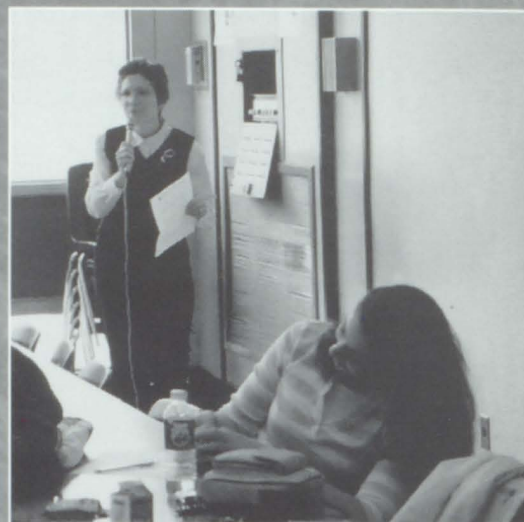

Concentration and Techniques

As some students struggled with math problems, others were intrigued by the challenge. Mr. R. Lukaschek took math to a different level with the math club members. He gave students the opportunity to show off their skills in tournaments with other schools in Suffolk County. The members of the math club competed in many interscholastic competitions with other Islip schools, including the regional, state and national competitions. Their goals were set to win the division and place a club member on the Suffolk County team. Mr. Lukaschek made this possible for the students by challenging the members with difficult equations and different techniques from his own experience. The math club members placed second in their section. William Dahab, a junior, was one of the top scorers in the county. Members of this club were not only interested in solving arithmetic problems, but were also involved in community activities. They donated money to the Thanksgiving food drive for the needy. The math club members were dedicated to becoming the best mathematicians and citizens.

— Danielle Bartalini

Student Artists Create Masterpieces

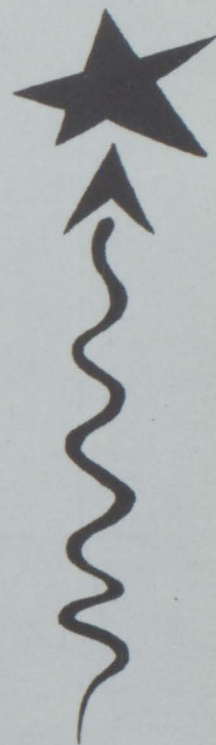

Students pursuing entrance into art schools after graduation, along with others who enjoyed expressing their creative abilities, gathered with Mr. J. Scinto each week, and worked on an array of art projects. For themselves and also for the school and community, the student artists crafted various sculptures and murals. One of their accomplishments, of which they were extremely proud of, was the colorful seascape on the wall opposite Mrs. Mehler's desk in Mr. Robinson's office. They turned the solid white wall into a beautiful piece of artwork.

Many of the artists worked with a variety of technology in an effort to expand and broaden their portfolios. The students used graphic arts software to complete all kinds of imaginative projects which were often seen displayed outside the art room and at district expos and budget votes. Mr. Scinto maintained an open door policy for artists throughout the year. "Anyone is welcome to join the activities and get involved in a project," said Mr. Scinto.

— Manook Sarkisyan

ART CLUB: Jessica Acevedo, Marc Christoforidis, Steve Presti, Anthony Vurro, Mr. J. Scinto, Lauren Slattery, Michael Wandzel; Dave Cahill, Stephanie Tannenbaum, Bethany Sullivan, and Shari Young.

Service Honor Society

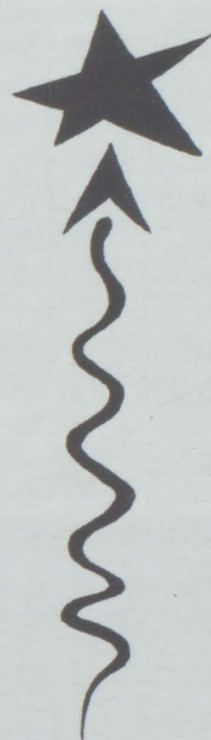

Members of the student body were involved not only with academics and athletics but also with community service, to which they donated time and volunteered to help those in need.

To qualify for induction into the Service Honor Society members had to contribute a minimum of fifteen hours of service, but many of the participants went well beyond the required number. After Mrs. C. DeJose and Mrs. S. Litrel reviewed all the applications, the dedicated stars were inducted during the annual May ceremony.

Members applied from all grade levels and participated in a multitude of activities such as: Youth Squad, where students volunteered as emergency medical technicians, candy stripping in which the students helped new mothers at the maternity ward at Southside Hospital, and serving at soup kitchens or delivering food to needy families during the holiday season. It took hard work and compassion to help the less fortunate and those are two traits that these distinguished students possessed. Senior, Bethany Sullivan said, "It requires a lot of time and dedication, but the outcome is gratifying."

Our Stars Soaring

Mr. Stern

"I enjoyed the classroom, and I'm sure that I'll miss the excitement that so often happened there," said Mr. A. Stern, looking back on his thirty-three years of teaching. During his years of being a teacher, he got involved with the school and community. With a smile he said, "I wanted to make a difference, to make Bay Shore a better place." In his efforts, Mr. Stern formed a bi-centennial club that planted over fifty trees around the surrounding streets of the school.

Mr. Stern has met many students over the years and feels that he learned from them everyday. Having a true love for America and its history, Mr. Stern enjoyed teaching and sharing his knowledge with the students that passed through his classes. It's time to move on, however and he said, "It will be great to do different things while I'm still relatively young." He knows that it will be tough to leave the friends he made among the faculty. Thinking about the extreme change coming into his life, he said, "It will be strange not walking to my classroom and greeting my students." Mr. Stern is prepared to stride forward knowing that Bay Shore will always be in his heart.

Ms. Finnegan

For the past thirty-one years, Ms. L. Finnegan has graced the Bay Shore High School with her presence as an active English teacher. Over the years she has taught various English courses and electives, ranging from Advanced Placement Language and Composition to the Mystery, Science Fiction and Horror reading elective. Her true passion is in literature and reading of any kind, and she has enjoyed her job because she has been able to share this love of hers with her many students.

Ms. Finnegan is going to miss opening students up to the eternally stretching world of literature, but she cherishes the many moments of excitement and curiosity expressed by the students when they discovered a new novel or began to understand the words to 'Hamlet'. Out of her many years of teaching, Ms. Finnegan hopes to have enlightened at least one teenager into believing that literature is wonderful and that writing is a gratifying means of expression.

She knows that it's time to move on with her life and is ready to focus her attention on seeing Broadway productions, getting her hands on some new books, and even spending time doing volunteer work. Bay Shore will always be a part of Ms. Finnegan's life, and with a nostalgic smile she said, "I'll never really leave it behind; it will always be a part of me."

Into Another Galaxy

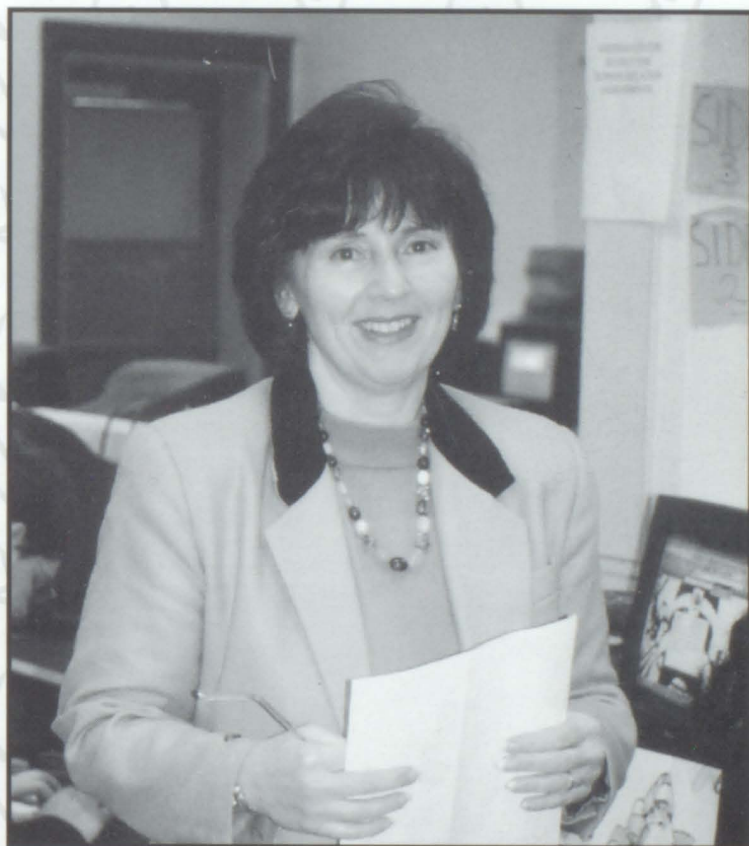

Mr. Ruter

As a business teacher and later department head of Career and Technical Education, Mr. H. Ruter has fully occupied his thirty-two and a half years working in Bay Shore. He enjoyed his teaching role, and it gave him great pleasure to see his students grasp the course and use the knowledge to the best of their abilities. Said Mr. Ruter, "My fondest memory of teaching is meeting former students, a number of who have become successful business owners in the Bay Shore community."

Being in Bay Shore, he was privileged to work with a wide assortment of students and got to better understand the various cultures that he encountered. Said Mr. Ruter, "Over the years, I have gained a better understanding of people and their needs." Although he is leaving his position in the school, he knows that Bay Shore will continue to be a part of his life. Mr. Ruter knows that he wants to have a part time job somewhere to occupy his time, though he knows that he will miss his role at the High School.

Mrs. Skirbe

With thirty-three years of teaching under her belt, Mrs. M. Skirbe has stacked up a high pile of memories from all her time spent in Bay Shore. She taught twenty years of foreign language, and another fifteen of various English courses. As an English teacher, seeing her students take pride in their work and gain a deeper understanding of how literature reflects peoples' experiences in the past, always made Mrs. Skirbe smile. The memories of these students, have also helped her gain patience, tolerance and a better appreciation for each student's unique qualities. There is an endless array of memories that come to mind when she thinks about teaching in Bay Shore, such as when she came into class in costume relative to the characters in novels that they were currently reading in class.

Mrs. Skirbe knows that she's ready to leave her job as an English teacher to voyage out of Bay Shore and "travel the road not yet taken." She's ready to explore and is ready for new adventures to come her way. Aside from traveling, Mrs. Skirbe is ready to do some volunteer work around the community and is considering taking some courses in Forensics and Paleontology. Her students will remember her as a fine example of a teacher and role model and her teachings will echo on through their minds as they move on with their lives.

Our Stars Soaring

Ms. French

"When you have memories that are always with you, you'll never leave them behind," said Ms. S. French with a smile. For the past twenty-four years, she has been gathering memories from all of the classes she has taught and the students in them. To Ms. French, expanding the knowledge of another culture to so many students helped her to show them that they needed to get out, learn new things, and live their lives. As a teacher, a major part was instilling a good work ethic in to the students and giving them a deeper understanding of the French culture. As a role model, she was there to guide the students and help them realize that school was important and helpful.

Looking ahead to the future, Ms. French wants to spend lots of time with her grandchildren, read more, relax in her garden, and appreciate her Sunday evenings without having to be concerned with lesson plans for the next day. After twenty-four years of working in Bay Shore, she realized that the people she met were very special.

Mr. Burns

For the past thirty-four years, Bay Shore has been blessed with the presence of Mr. R. Burns as a prominent figure in the music department. He took pleasure in not only teaching students to better understand music, but conversing and exchanging knowledge with them as well. There was a teacher-student bond formed between him and his students, and he will forever consider the memories of the many rehearsals he had over the years as some of his best. Said Mr. Burns, "I hoped to have helped students see how to achieve their goals and to see that is possible to go as far as their ambitions, dreams, and perseverance can take them."

Working in Bay Shore, Mr. Burns got acquainted with the distinct cultural diversion throughout, and always considered it to be an endearing quality to the school. Thinking back to all of the conversations he had with colleagues, he said, "This is one of the few professions where you can access information and acquire knowledge about any subject from such a wide variety of people without leaving the work place." He is ready to continue on with his life and though he will miss the school and his teaching days, is excited about the prospect of doing more writing and playing music regularly. Mr. Burns will be dearly missed as a teacher and a mentor by his beloved orchestra members who have a great deal of respect for him.

Into Another Galaxy

Mrs. Littlefair

Since 1969, Mrs. M. Littlefair has been working in Bay Shore doing a job that she dearly loves. Over the years, she came to understand that as a teacher she leaves a lasting impact on the many students that pass through the classes. Said Mrs. Littlefair, "It's the most important profession because we are helping to create the next generation." Some of her fondest memories as a teacher for thirty-three years are seeing former students return to the school as student teachers or new members of the staff.

Recollecting the many situations that arose from the different students through the years, Mrs. Littlefair said with a smile, "As J.F.K. said, 'I helped pass the torch to the next generation'." She is proud to know that she was an active role model in the lives of so many students, and she cherishes the memories that have built up over the years. She is ready to embrace the upcoming changes, and with a chuckle she said, "I'll finally be getting to sleep past five in the morning!"

Mrs. DiPane

Mrs. C. DiPane took her job and put her entire heart into it. She was an instructor in Home Economics, teaching classes such as parenting, early childhood development, and cooking and nutrition. Yet, Mrs. DiPane taught her students larger life lessons. She was a mentor and a friend. There was nothing she wouldn't do to help them. Many students went to her for advice, for a shoulder to cry on, or even just a laugh or two. Strong, kind, and cheerful, Mrs. DiPane made herself known at every event, from Homecoming and the Prom, to the Fashion Show. She planned many of these events, ordering the food and actually shopping for the decorations. As advisor of the Student Council, she was the coordinator of Thanksgiving Food Drives and Adopt-A-Family donations. She took part in the annual musical, livening up the stage with her radiant smile and giddy laughter. She also assisted students in sewing their costumes and mastering their dance moves. She always made Halloween a special occasion and will be remembered for her cheerleader costume, which was truly a display of her school spirit and happy-go-lucky nature. Being so involved in the community she also ran summer employment programs. She found jobs suited for students and posted them in the school. Mrs. DiPane was well-known and loved. The entire community was, for fifteen years, blessed to have her.

The Master of Ceremonies

As the lights dimmed on the final act of the school year, a teacher, friend and mentor took his final bow on the Bay Shore High School stage along with the graduating class of 2002. Entering teaching directly after college, Mr. Joseph D'Antoni started his thirty-four year career at the Middle School. There he began his drive to help every student strive for success and reach for the highest star. Everyday of his teaching career, Mr. Joe D'Antoni jumped onto the stage of the classroom (and sometimes even the desks) where he captured and inspired many young minds and hearts. Just as he taught his students, Mr. D'Antoni always pushed himself to fulfill his potential as a teacher, coordinator, director, and advisor. He has dedicated his time around the clock and through the holidays serving many functions and advising clubs. He was always there, ready and willing to help students, parents, teachers, and the community in anyway he could, from extra help to extra curricular activities.

One such contribution was Mr. D'Antoni's role in further developing the High School yearbook, The Marauder. Taking over the responsibilities as yearbook advisor in 1989 along with Mrs. Jones, Mr. D'Antoni helped to shape the book into an award winning publication. For thirteen years, Mr. D'Antoni taught the yearbook staff valuable lessons about responsibility. He encouraged and inspired them to strive for perfection while working hard to meet deadlines. With Mrs. Jones' retirement in 1997, Mr. D'Antoni worked with Mrs. Schultz for the last six years. With each year and every co-advisor, Mr. D'Antoni created countless memories for each graduating class. With his guidance, the Marauder Yearbook and Literary Magazine became award-winning publications, which are used by Taylor Publishing as models for other high schools around the nation.

In addition to teaching and publication, Mr. D'Antoni has also spent thirty-four years directing and producing 70 dramatic and musical productions. Producing most every popular Broadway show availability, Mr. D'Antoni thrilled audiences with productions from Broadway Follies in 1968 to Fiddler on the Roof in 2002. These highly sophisticated shows, with equally professional stage sets, music, and choreography have amazed and entertained the community for many years. With productions twice a year, Mr. D'Antoni has given many student stars, and even faculty, the chance to shine as they discover their talents on the stage. Indeed, many Bay Shore students have gone on to study drama in college. Some even return to help assist in the Summer Theatre Workshop.

During the summer, the show also goes on. Sacrificing his summer vacations, Mr. D'Antoni's star continued to shine. He began his day as the Summer School Principal. He worked hard to help students strive toward their goal of promotion and devoted his time to ensure that the seniors graduate in August. Mr. D'Antoni then spent the latter part of a summer's day helping to guide the summer drama production with students that ranged from elementary to high school.

While the curtain may drop on his show at Bay Shore High School, Mr. D'Antoni has high hopes for the future. This legendary bright star has contemplated a new role as a college professor. Such a role would allow him to grow as an educator while helping others to become teachers.

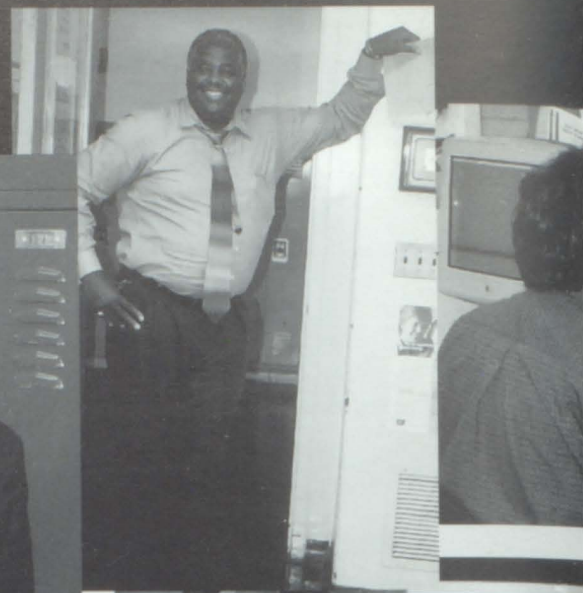

As the curtain falls on the year 2002, let us applaud the outstanding performance of a truly great teacher. With his energetic and passionate style of teaching, he has inspired many of his students to become teachers, journalists, and actors. He was an intricate part of Bay Shore and will be greatly missed. By shining your light deep into our minds and hearts, you have cemented your prints into Bay Shore's walk of famous and loved teachers. Good luck from the Class of 2002! We, the yearbook staff, are honored to have worked with you on this final publication. We hope to see your star blaze onward illuminating more of the sky so that you might enlighten others.

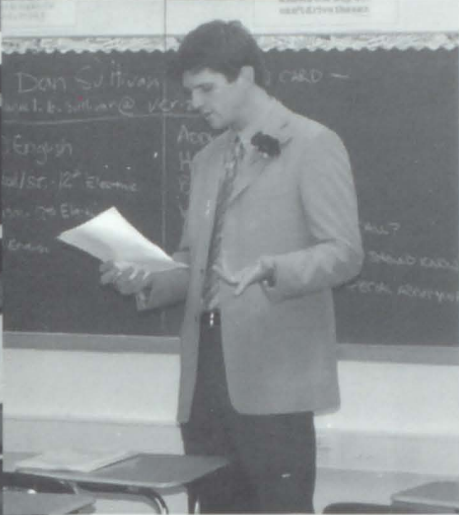

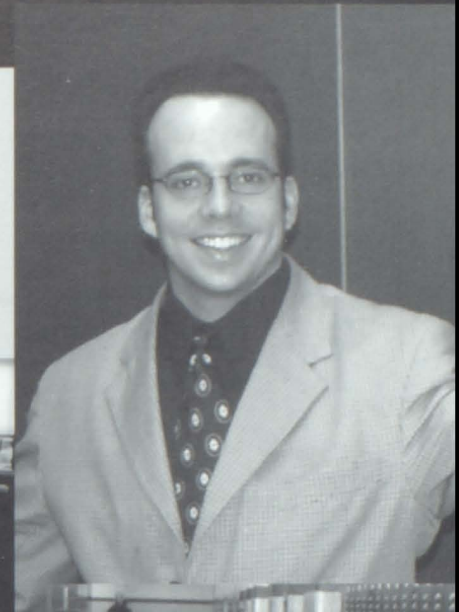

— Dave Sevier

Juniors

Kellie Castro is confident and not afraid to show it.

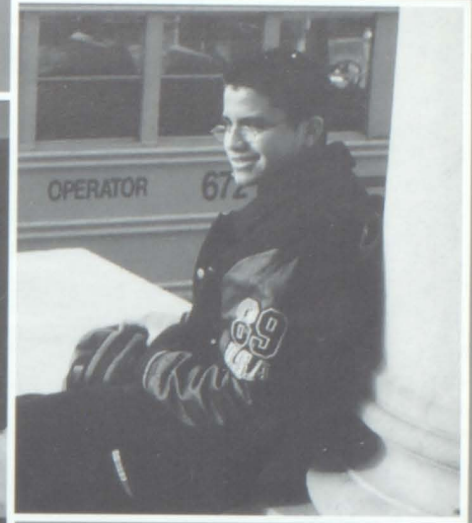

Inseparable pals, Melissa Apon and Jessica Moeller are a living example of the bonds of friendships formed during junior year.

Henrick Casanova waits for his extra curricular activity to begin while he watches others board their buses.

Matthew Tomisino and Justin Andrich get sized for their class rings.

Max Manthos celebrates the grade on his English Regents by bicycling around and announcing it to the town.

Junior year is extremely important because it marks a turning point and a transformation from adolescence to adulthood. The eleventh grade is major eye-

opener, because it carries realization that the future is quickly approaching. The class of 2003 persevered, taking each task and each challenge one day at a time. With their driving permits and after-school jobs, the juniors had strong feelings of independence and responsibility. Attending college fairs and scheduling appointments with their guidance counselors brought their futures closer. The skies opened up with possibilities like shining stars. After getting their class ranks and

their P.S.A.T. scores, it became clear where improvements were needed to ensure the students' entrance into the colleges of their choice. With these goals in mind the junior class made sure they worked to their full potential, with study groups, extra help, and SAT review courses.

Some choices, however, were not as difficult as deciding what college attend. Easier questions, such as who to bring to the Junior Prom and what class ring to buy, were also an important part of this year.

Taking each step, small and large, by storm, the class of 2003 dove into its junior year with great enthusiasm and took the next step toward the working world, bright-eyed and well prepared.

(Top) Happy couples and groups of friends crowd the dance floor, moving to the beat of a salsa song, in front of a decorative sky line.

(Above) A beautiful bridge arches in the large gym, and is one of the nights greatest decorations.

(Top) Glamorous divas and close friends Macie Stander, Jessica Moeller, Melissa Apon, Lori Anne Mayor, Nicole Alemaghides, and Brandy Venson sparkle and glow under the lights of the gigantic bridge.

(Middle) Amy Armstrong walks arm in arm with two handsome men C.J. Leary and Alex McLean to take a break from their dancing and get herself a small snack.

(Above Left)

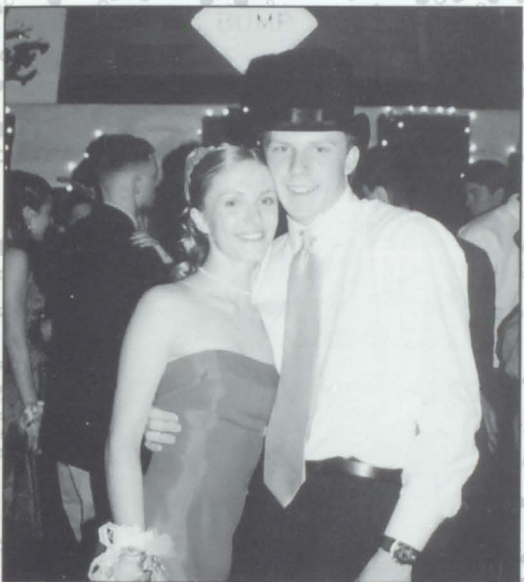

(Top) Kyle Coyne and Cassandra Robinson are a perfect match in both dress and personality. (Above) Brendan Haag, winner of the superlative award for best dressed, walks his lady in red Lauren Civardii off the dance floor.

(Above Left) Brian McFadden, Nicole Latizia, and Lauren Ferruggiari kick off their dancing shoes and quench their thirst.

(Above Right) The gymnasium was transformed down to the last detail into a starry night in the city, with the ceilings covered in black netting and white lights.

Stars Light Up the Night

At the Junior Prom

(top) Kyle Coyne and Cassandra Robinson are a perfect match in both dress and personality.
(above) Brendan Haag, winner of the superlative award for best dressed, escorts the lady in red, Lauren Civardi, off the dance floor.

As members of the class of 2003 entered the gymnasium, they couldn't believe their eyes. The gym had been transformed overnight into a Manhattan street, complete with trees, theater signs, and thousands of miniature white lights. The theme, "A Night in the City," was complete even down to a huge bridge glowing with lights. It was real down to the last detail. Mr. Sullivan, the junior class advisor and junior class representatives, President Cassie Campo and Vice President Sean Knapp, worked hard with the help of many parents, teachers and members of the junior class to make sure everything looked great and worked properly. Ms. C. Acunzo and Ms. M. Waring helped with the decorations while Mr. Herbst coordinated the freshmen and sophomore waiters and waitresses.

At least two-thirds of the class showed up for the event, dressed to impress and suited up for a night on the town. The events commenced at seven o'clock on the dot with music that was all the rage resounding from the DJ's booth, as friends and couples danced the night away. Finger foods and beverages were served to quench the DJ's thirst of the night's energetic dancers. Superlative Awards were presented by Mr. D'Antoni to the best couple shirt and best dancers. Maria Lopez and Jose Arcenez won the title of best dancers. Best couple went to Evan Hess and Lindsay McGlone. Best dressed was awarded to Brendan Haag and Morgan Schneller and nicest hair went to Bill Dehab and Erin Arrizi.

Everyone had a great time dancing and mingling with friends. The night was a huge success and an opportunity for the entire class of 2003 to come together and have some fun. The gymnasium was packed with classmates sharing the memories of their junior year that would last them their lifetime.

— Lori Anne Mayor

(above left) Amy Armstrong walks arm in arm with two handsome men, C.J. Leary and Alex McLean, to take a break from dancing and get herself a small snack.

(above right) A beautiful bridge arches in the large gym and is one of the night's greatest decorations.

Sophomores

Kerry Reyes and Jennifer Pelaez talk after class about the upcoming test.

Chris Williams relaxes after a long day of backstage crew.

Kelly Christie, Amneris Morales, Tiffany Jackson, Charlene Williams, Mark Stewart, Laquasia Boggs, Glenda Leon, and Shantee' Albin spend some time at a Sophomore class meeting.

After the period ends, Dominique Walker waits outside her classroom to talk with one of her teachers.

Amy Cloonan spends some time after school to finish her math test.

Determined to make a name for themselves, this year's sophomores stood out among a sea of shining stars. No longer the timid freshmen they had been

the year before, the enthusiastic members of the tenth grade class were now accustomed to their surroundings and jumped at the opportunity to get involved in sports, activities, and school events. Whether it was their strong turn out at the Homecoming parade or class meetings after school, the members of the class of 2004 always made sure their voices were heard loud and clear. They always displayed their true Bay Shore pride and left their mark.

This past year the sophomores took their first big step towards a college bound future. Battling their first exposure to the P.S.A.T.'s and additional Regents requirements needed for graduation such as biology, global studies, and sequential II math, they fought hard to keep their eyes on the future while still managing to hold onto their carefree youth. They worked hard to maintain their academic levels of achievement while participating in athletics and after-school clubs. They also played an active role in the annual Adopt-a-Family and Thanksgiving food drive.

This year's sophomore class displayed incredible enthusiasm and determination. Class Advisor, Mr. W. Herbst, knew from the beginning of the year that this class would take off and make the most of the years to come. They were set to become the future role models for the building.

Starry - eyed Freshmen

Gabrielle Manthos and Rachel Hutchinson joke around before the late bell rings.

Members of the freshmen class hold their 60's themed banner as they march down Main Street during the Homecoming parade in November.

Jamie Doerrier and Courtney Winkler enjoy spending some free time together.

Nick Colon enjoys his first duty as Freshmen Class Co - President during the weekly class meeting.

Matt Alvarado, Yesenia Portillo, Sandra Dunel, Johanna Castaneda and Anthony Hernandez wait for the start of a science class.

As the class of 2005 walked through the front doors on the first day of school, a whole new world was opening

up for them. They were now in a huge new building, had new locker combinations to remember, a brand new schedule and still had to figure out where everything was. As intimidating as the situation could have been, the freshmen conquered the High School and were ready to accept the challenge of

being extraordinary students.

They had an outstanding amount of pride in their community and their school and an immense amount of willingness to learn. They were determined to distinguish themselves from their predecessors by loading their schedules with all the required Regents courses such as math, earth science, biology, english, and global history and still finding the time to volunteer for all of the school events such as Adopt- A- Family and the Thanksgiving Food Drive.

With the help of Freshmen Class advisor, Miss C. Acunzo, this year's freshmen class made an outstanding impression during Homecoming weekend. They appeared on Main Street with tie-dyed sheets and shirts, handing out daisies, and holding peace signs. Leading the parade, they demonstrated their pride and love for the school. They were determined to make the most of their moment in the spotlight.

The freshmen Awareness Weekend gave this new class a chance to learn more about their peers and their teachers. They spent the night in the school, listened to each other during community sharing, and participated in the warm fuzzy tradition. It was a great beginning for the starry-eyed freshmen.

On February seventh, the eighth annual Summit conference was hosted. Several thousand people attended including residents of Bay Shore and Brightwaters communities, faculty, staff, students, community leaders, and elected officials.

The meeting began with performances by the jazz band, show choir and cast of "Fiddler on the Roof." Guest speakers spoke about the recent accomplishments of the community and future plans in the revitalization process. Senator Steve Israel, Bob Gafney and Jim McGowan were among the distinguished panel on the stage. Following the presentations in the auditorium, the audience dispersed throughout the building to attend a number of workshops and a gym exposition of many community organizations. In the Little Theater residents asked questions about the new bond referendum that was up for a vote in May. A food court in both cafeterias attracted everyone's attention as the guests sampled a variety of food and beverages from local restaurants and food stores.

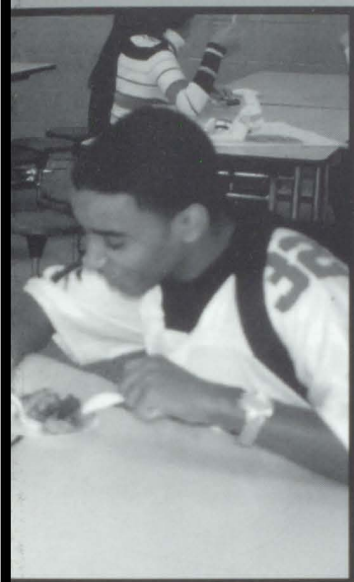

According to Dr. E. Holman and Mrs. B. Fishkind, the Summit was a tremendous success and plans are underway for next year's conference.

To our wonderful daughter Vanessa,
You have given us happiness and joy May the sun, moon, and stars always guide your path. Everything is possible just have the courage to fulfill your calling in life. Let nothing stand in the way of your greatness. Remember even failures are lessons to be learned do not let fears stand in the way of trying and experiencing new things you may be surprised at what you may learn. Keep your heart and faith pure and only good things will come. We love you up to the moon! Mom & Dad

To my wonderful Goddaughter,
Embrace all of life's offerings it's okay to make mistakes along the way as long as you learn from them. Your success is measured by how happy you are. Happiness comes from spiritual wealth, not from material wealth. I love you now and always,
Dawnie

To my Granddaughter,
dare all of your dreams and always reach for the stars. Love, Tata

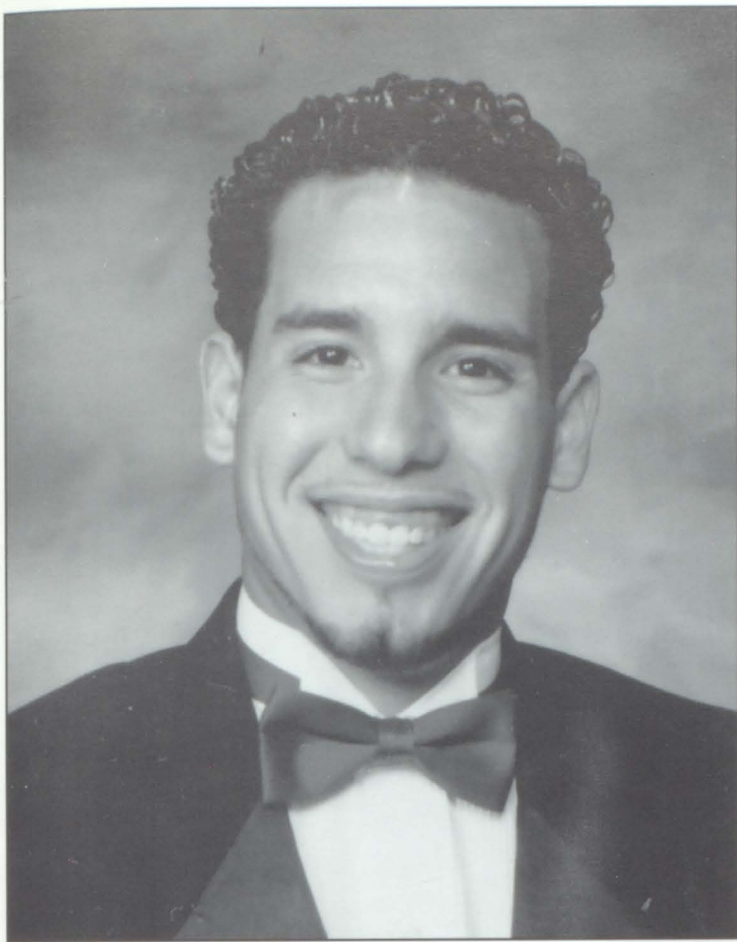

Katie,
Congratulations on a wonderful
high school career.
You have a special talent which
brings joy and happiness to so
many people.
Keep on "running" toward your
dream.
We are so proud of your
accomplishments!
Love,
Mom, Dad, & Frankie

Brittney,
My how you have
grown. We are so
proud of you!
Always be yourself,
and you'll be happy in
whatever you do in
life.
You are a gift from
God, and we love you.
Mom & Dad

Jayme,
You're the best!!!
All Our Love
X X X X
Mom, Dad, Jeff, Kate, & T-
Bone

Robert
 Congratulations!
 You have filled our lives
 with wonderful and
 unforgettable
 experiences. Son,
 continue striving for the
 best. Reach your goals
 with courage,
 determination, and
 perseverance.

Love,
 Mom, Abuelo & Angel

Dearest Bethany,

You have been blessed with awesome talent and insight, remember to "Trust in the Lord and He will direct your paths." The world is waiting for you, sweetheart, and we know you can make your dreams come true! Keep looking for that "Rainbow Connection!"

We Love You,
 Your Family

"...and it's your true colors, shining through. Yes, it's your true colors, that's why I love you - so don't be afraid to let them show, your true colors. True colors are beautiful, like a rainbow." Alison, you're the brightest light in our world! Keep on "Shining Through" your entire life - the best is yet to come.

Love,
 Mom & Dad

*To: Meredith Leigh
From your first day of school you have
met your goals and challenges. Continue
on your path of success. We are so very
proud of you!
Love, Mom, Jillian, and Ricky*

Mike-Mike

We just wanted to tell you how much we love you and how proud we are of the way you "take care of business." Please continue to do so in college!

We will take good care of your "baby" next year until you're allowed to drive it to college. Oh, and by the way, your beard really is red - no matter how much you deny it. We'll always remember you on horseback in Ireland last summer and the Irish bachelorette party you crashed!

*May the Irish winds and tides always bring joy
To our own Wild Colonial Boy*

Love,

*Dad, Mum, Jack, Kevin,
Molly, Tim, and Bridget*

Some of these memories are better than others. I am so very glad we got to share them with you.

Lots of love and support as you discover new memories. Love Always, Mom, Dad, Beth, and Kelly

Tammy,

Our No.1 B girl. We love you very much. Through all the ups and downs you hung in there. Continue to be yourself because you are filled with many capabilities that can touch many lives. God's love and blessings be with you always.

Love,

Papa and Grandma Millie

"Continue to seek God, define instruction in everything you do so that your path may be easy."

Dear Tameika,

We are so very proud of you. With the future at hand, may you continue to pursue excellence.

May wisdom and insight guide you, as you strive to build bridges, not walls. Celebrate this achievement and always know a blessing is with you.

Love, Mom, Bubby, Jaquan, Grandma

Robbie,

Choose a wish,
find a dream,
pick a wishing star;

Let your hopes
and spirits soar,
high and free and far.

Reach for the unreachable,
stretch to touch the sky,
believe in the impossible,
then work and do and try.

For only those who dare to dream,
can make their dream come true.

We are so proud of your accomplishments!
Mom, Dad, and Stan

A

Abbas, Zaigham
8 Debora Court, Bay Shore.

Our Bright Shining Star

**Bay Shore High School
Graduate 2002**

We Love You!

MOM, DAD, JEAN, AND NICK

**"See you and me!
Have a better time than most can dream
Have it better than the best
And so can pull on through
Whatever tears at us
Whatever holds us down
And if nothing can be done
We'll make the best of what's around"**

Kristen,

**The memories we've made together over the last
11 years are forever etched in my heart. Thanks
you for showing me the true meaning of
friendship. Best friends forever!**

CLAUDIA ISABEL SANDOVAL MARQUEZ

WE LOVE YOU SO MUCH AND
ARE SO PROUD OF YOUR SUCCESS
THROUGH ALL YOUR SCHOOL YEARS.
WE BELIEVE, WITH ALL OUR HEARTS,
THAT YOU CAN SUCCEED AT ANYTHING
YOU WISH TO DO IN YOUR LIFE.
ALWAYS REMEMBER THAT DREAMS COME TRUE,
SO DREAM ALL YOU WANT AND REACH FOR THE STARS
BECAUSE WE KNOW THAT YOU CAN CATCH THEM.
YOU HAVE THE STRENGTH TO GET WHAT YOU WANT.
THE WORLD IS YOURS, GO FOR IT!

CON TODO NUESTRO AMOR Y CARIÑO. BUENA SUERTE Y QUE DIOS TE
BENDIGA
HOY, MAÑANA Y SIEMPRE.
CONGRATULATIONS CLASS OF 2002!

LOVE ALWAYS,

J

Jackson, Derek A.
28 Bailey Avenue, Bay Shore.
Jasile, Dan C. "Spanky"
Film club-president, Cross Country, Winter and Spring Track, and Creative Writing Club. High school was a cake breeze. I was worried that I'd get confused since my functions of money have three functions. But I decided to put it in the pits. And just put what I get into it. 1063 Manor Lane, Bay Shore.

Caitlin

Now you're on your way! We are all so proud of the wonderful person you have become. Always be yourself and follow your dreams with confidence. We love you!

Mom • Dad • Drew • Will

Dear Vanessa,

You make our day that much brighter by being you. You are all that we could have wished for and more in a daughter. May you wake each day with a new beginning and end each day with happiness. You will succeed in all you do. Never give up on your dreams.

Love Always, Mom Dad, Stephanie and Louis

Congratulations Bryan!

We're very proud of you!

**Love, Mom, Dad, Annie,
Jeffrey & Tim
Congratulations & Good
Luck to the Class of
2002**

Danielle,

As you teak your next step in your life's journey remember to:

- ★Stay curious
- ★Play fair
- ★Aspire to be the best you can be
- ★Remember that you are loved
- ★Keep true to yourself
- ★Yearn for greater understanding

Love,

Mom, Dad, Michelle, Mike and Monti

"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will direct your paths." Proverbs 3:5,6

To our dear Erica,
We are so proud of your many achievements and, more importantly, the person you are. God has blessed us with you... let your strong faith always be your guide.

Love always, Mom Dad, & John

Sammy

Megan
Believe in
yourself, be
confident, and
you will be the
best in all you
do. You have
accomplished so
much and have
so many talents
and we are so
proud of you!

Tom,
We are so very proud of you!

You found
what
motivates
you and
you grabbed
it. You are
going to be
a great
chef.

Good luck at J & W
Love,
Mom, Dad, and
Meagan

Your heart
and desire
will allow
you to
succeed in
all your
endeavors
in
Culinary
Arts.

Dear Lynn,

It's been wonderful (and fun) to
watch you grow from our little girl into
the young woman that you are today.
We're so proud of everything you've
accomplished
and the person
you've become,
and can't wait
to see you at-
tain your hopes
and dreams for
college.
We love you!

Mom & Dad

**Congratulations
Alison!**

And changed our
lives completely
Never to be the
same again
And almost sad to
remember when
there was a time
before you.
And so today we
celebrate
That GOD saw fit to
make our fate
A wondrous child
that found a way
To hold our hearts
on this special day

And always.
Good luck
sweetheart as
you move to new
challenges. May
your future hold
all that you hope
for.
We love you,

**Mom, Dad,
and Edwin**

April

*All the dreams we prayed you'd be are
all the things you are, You were once
our little girl and now our shining star.*

Congratulations April!

We are so very proud of you and the beautiful person you've become. It seems like such a short time ago when we put our little girl on the bus for kindergarten and now we have a lovely young woman graduating from high school. We thank the Lord for giving you such a loving and caring heart and for guiding your every step. We wish you the best of everything in all your future plans. Keep Proverbs 3:5,6 in your heart.

*Love,
Mom, Dad, Dave*

Dear Bobby,

The years of "lets make a deal" and "I really need that" have past so quickly. It seems like only yesterday that you started school, and now you're graduating! You have a heart of gold and your generous, kind, and caring ways make you have very specials. We are so proud of your dreams and accomplish your goals - you have that gift.

With all our love

Mom, Dad, Katy

To all Bobby's friends from the Class of 2002 that have entered into our home and our lives, we wish you a lifetime of happiness and success.

The Delagi's

*You're as beautiful inside as you are outside . . .
you have all the right qualities of maturity,
compassion, spirituality, giving and caring.*

*You truly are a Princess — filled with grace and
beauty — and your life is charmed. So many
wonderful memories. I cried on your first day of
your kindergarten, and I cried on the first day of
your senior year, because the years have flown by
so fast and everything we wished and hoped for
you has come true. You've made them come true
with your spirit and talent and brains. You are the
most special young woman and the most perfect
daughter. We look forward to all the special mile-
stones to come.*

We love you up to the sky and more.

Love Always, Mom, Dad

"You gain strength, courage and confidence by every experience in which you must stop and look fear in the face... You must do the thing you think you cannot do."

— Eleanor Roosevelt

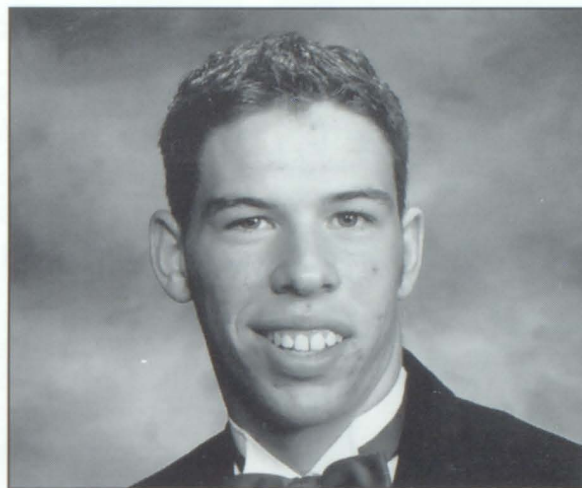

***Congratulations
Matt Marran and
the class of 2002
lots of love,
Mom and Dad***

Mickey

Follow your dreams and don't settle for less. The world is yours. There are no limits to what you can do. "You are the light of my life".

Love,
Mom, Dad, and Brian

BOOSTERS

grade school thru high school trek. You are my super star! Have fun storming the castle. Love MOM.

Blake: We couldn't be more proud of you! We wish you happiness and much success. Love, Mom, Dad, Brandon and Breanna.

Casey-jo: Reach for the stars, They are yours for the taking. We are so proud of you! Love, Mom, Dad, Sean and Aimee

Congratulations "Niche" you did it! I am very proud of you. Remember! It doesn't end here! Keep on going. Don't let anything or anyone hold back! Love, always "Mamy"

Congratulations to our lovely Jackie. We are proud of all your efforts and the gentle, caring person that you are. Love, Grandma, Grandpa and Joan

Dan: We're so proud of you and all of your many accomplishments. Continue your great stride into college..... and beyond! Much love - Mom, Dad, and Marc

Derek: Take the experiences of your early life and the knowledge of your high school years to move toward a great future. Love, Dad and Mom

Jean-Pierre: Always remember we love you. We wish you courage and resolve wherever life takes you. Be happy always. Love, Mom, Dad, Alexandra

Jenn: Be all that you can be! You're beautiful, strong, and determined. Let your kindness shine through your smile. We're sure you can, and will, make your dreams come true. Love, Mom and Dad

Jenn: I'm so proud of you. You're a beautiful young lady. Keep making the cheese danish. Follow your dreams, You have great potential. Love You Gram

Kevin: Your accomplishments, your strength and courage are more than anyone knows! We are proud of you, We love you. Mom, Dad, and Adam (Jer. 29:11)

KT: You will always be the loveliest daughter we could ever wish for. May all your dreams come true. We love you. Mom and Dad.

To Matthew - My special grandson: I wish you happiness, good health, and success in all your endeavors. My Love and God's Blessings, Grandma

Michael: You have brought us so much joy! Trust in your Spirit for you have Wisdom beyond your years! Love, Mom, Dad, Grandma, Sabrina, and Chelsea

Shari: Your capabilities are boundless, your spirit strong. Always be true to yourself! We'll always be proud of you. Love, Mom, Dad, Marci and Gary

CONGRATULATIONS TO CLASS OF 2002, From: Fantastique Sweet Boutique, Desin Chocolat, 346 N. Windson Ave.

Cadadies! Emily
In the blink of an eye our treasured
baby girl has grown into a beautiful
young woman with a sparkling
personality and glowing smile.

You have taken us on the road of life
to places we would have never
known. You have given us more joy
and happiness than we ever
imagined.

We pray God will continue to watch
over you and be with you in the next
chapter of your life's adventure.

Always remember:
Sleep tight, don't let the bed bugs
bite. If they do, bite them back.
Good Night, I love you.

Our hearts are full of love and pride
for you
Mom and Dad

Congratulations on your High School Graduation

To Our Lovley Daughter Kimberly Joy Shores,

You are truly the Joy of our family. Watching you grow up has always filled our hearts with pride and our lives with love. As you continue to mature so beautifully into a young woman, keep your heart and mind open to the wonderful cornucopia of life's offerings. The world is your oyster, and the pearl you shall find.

*We love you dearly,
Mom and Dad*

T....

With your smile and strong will, you've tackled life. Success is yours. You are our shining star. Love life... Love, Mommy and Daddy.

Theresa,

You are my sister, my second mom and most of all, my best friend. I'll miss coming home from school together, sharing our day, chatting about life & of course, boys. I'm always proud that you're my sister. Congratulations. Love, Kristen.

TT.

I'll always remember crying over haircuts. The "special" language, fights that mean nothing 24 hours later. Even though you may be taller than me, you're still my little sister, and remember if you need to talk, I'll listen. I'm proud that you are my sister and I know that whatever you do in life, you will succeed. Love, Jade

Theresa,

You are one of the best things to ever happen to me. I don't know where I would be right now without you. Your spontaneous personality and your caring attitude are some of your best qualities. It's too bad I can hardly experience them first hand anymore. I'm glad we're together and that I've been a significant part of your life. I hope this summer will be just as much fun as the last. Love, Brian

Congratulations Class Of 2002!

It is already tomorrow. Time, which never stops on its journey, will pass before your eyes, and in only a few moments you will be members of the community looking back on the years you spent at Bay Shore High School. When you do, the photos, facts, and memories in this book will be your stepping stones to a happy reminiscence.

May your memories of Bay Shore High School be pleasant ones, and may your futures be filled with happiness and success.

Colophon and Closing

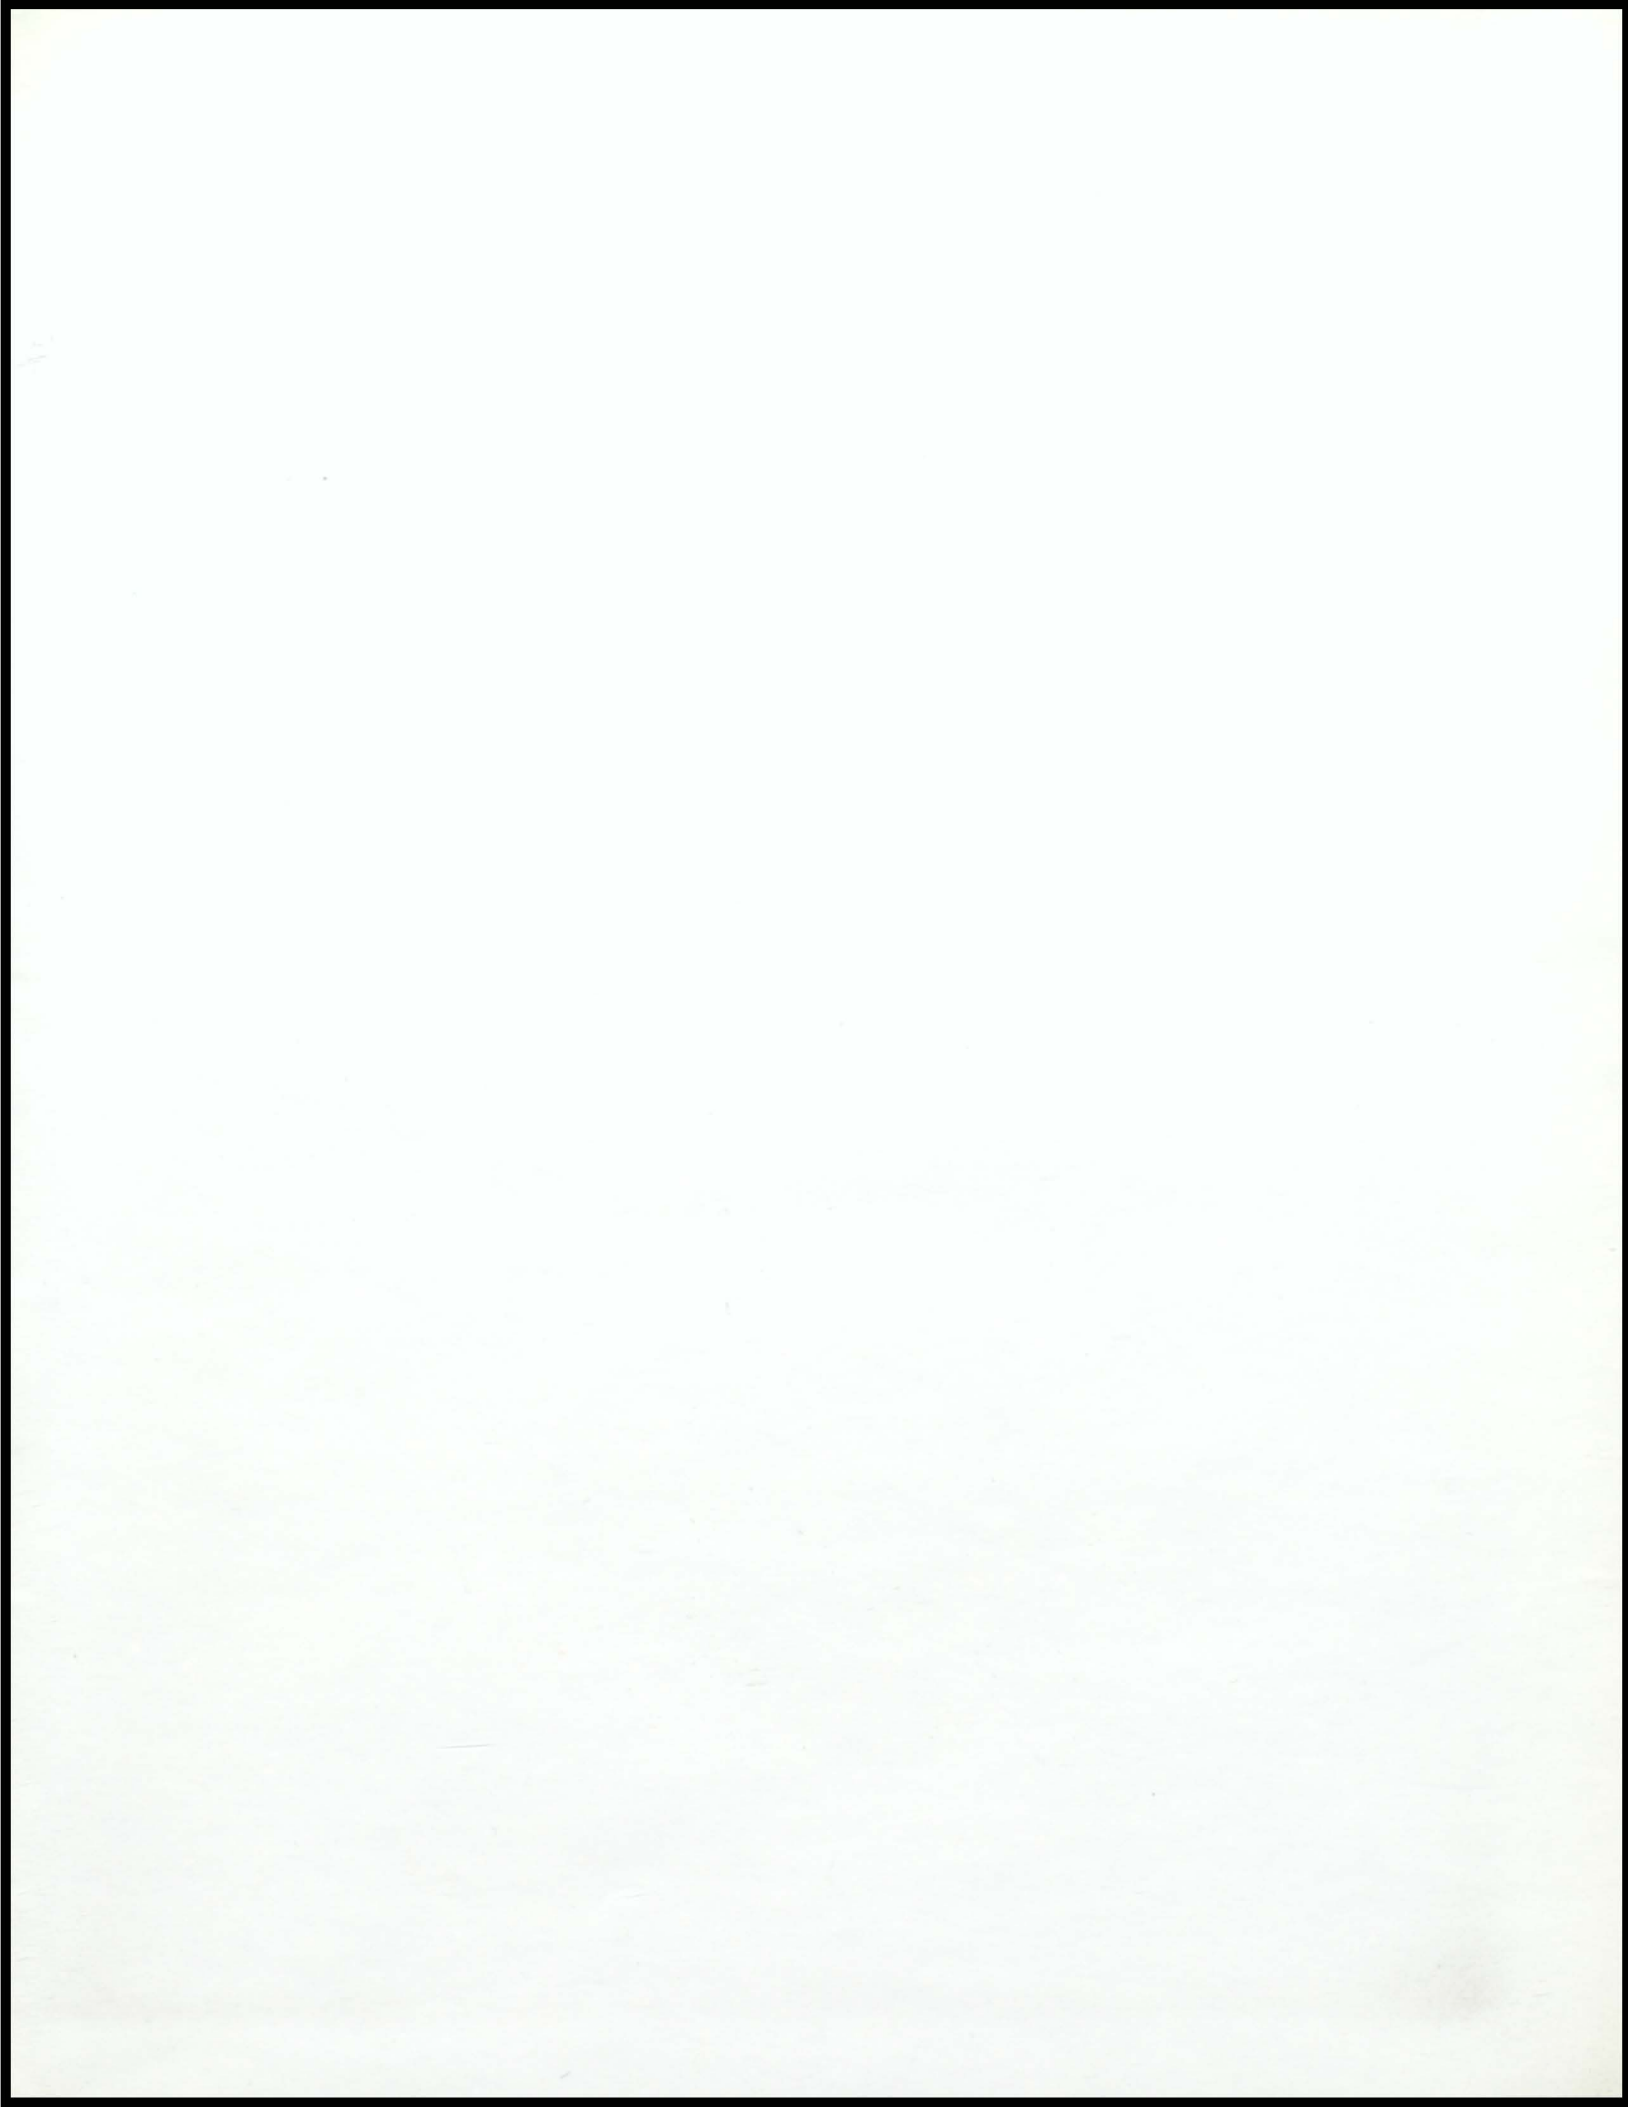

The staff of the seventy-ninth volume of the Bay Shore MARAUDER yearbook worked diligently to prove that the teachers and students worked together to reach for the stars. Despite the events that started off the school year, the staff tried to emphasize the accomplishments of the students in the classroom and on the playing field. As you read the book, you will observe Bay Shore's stars in action.

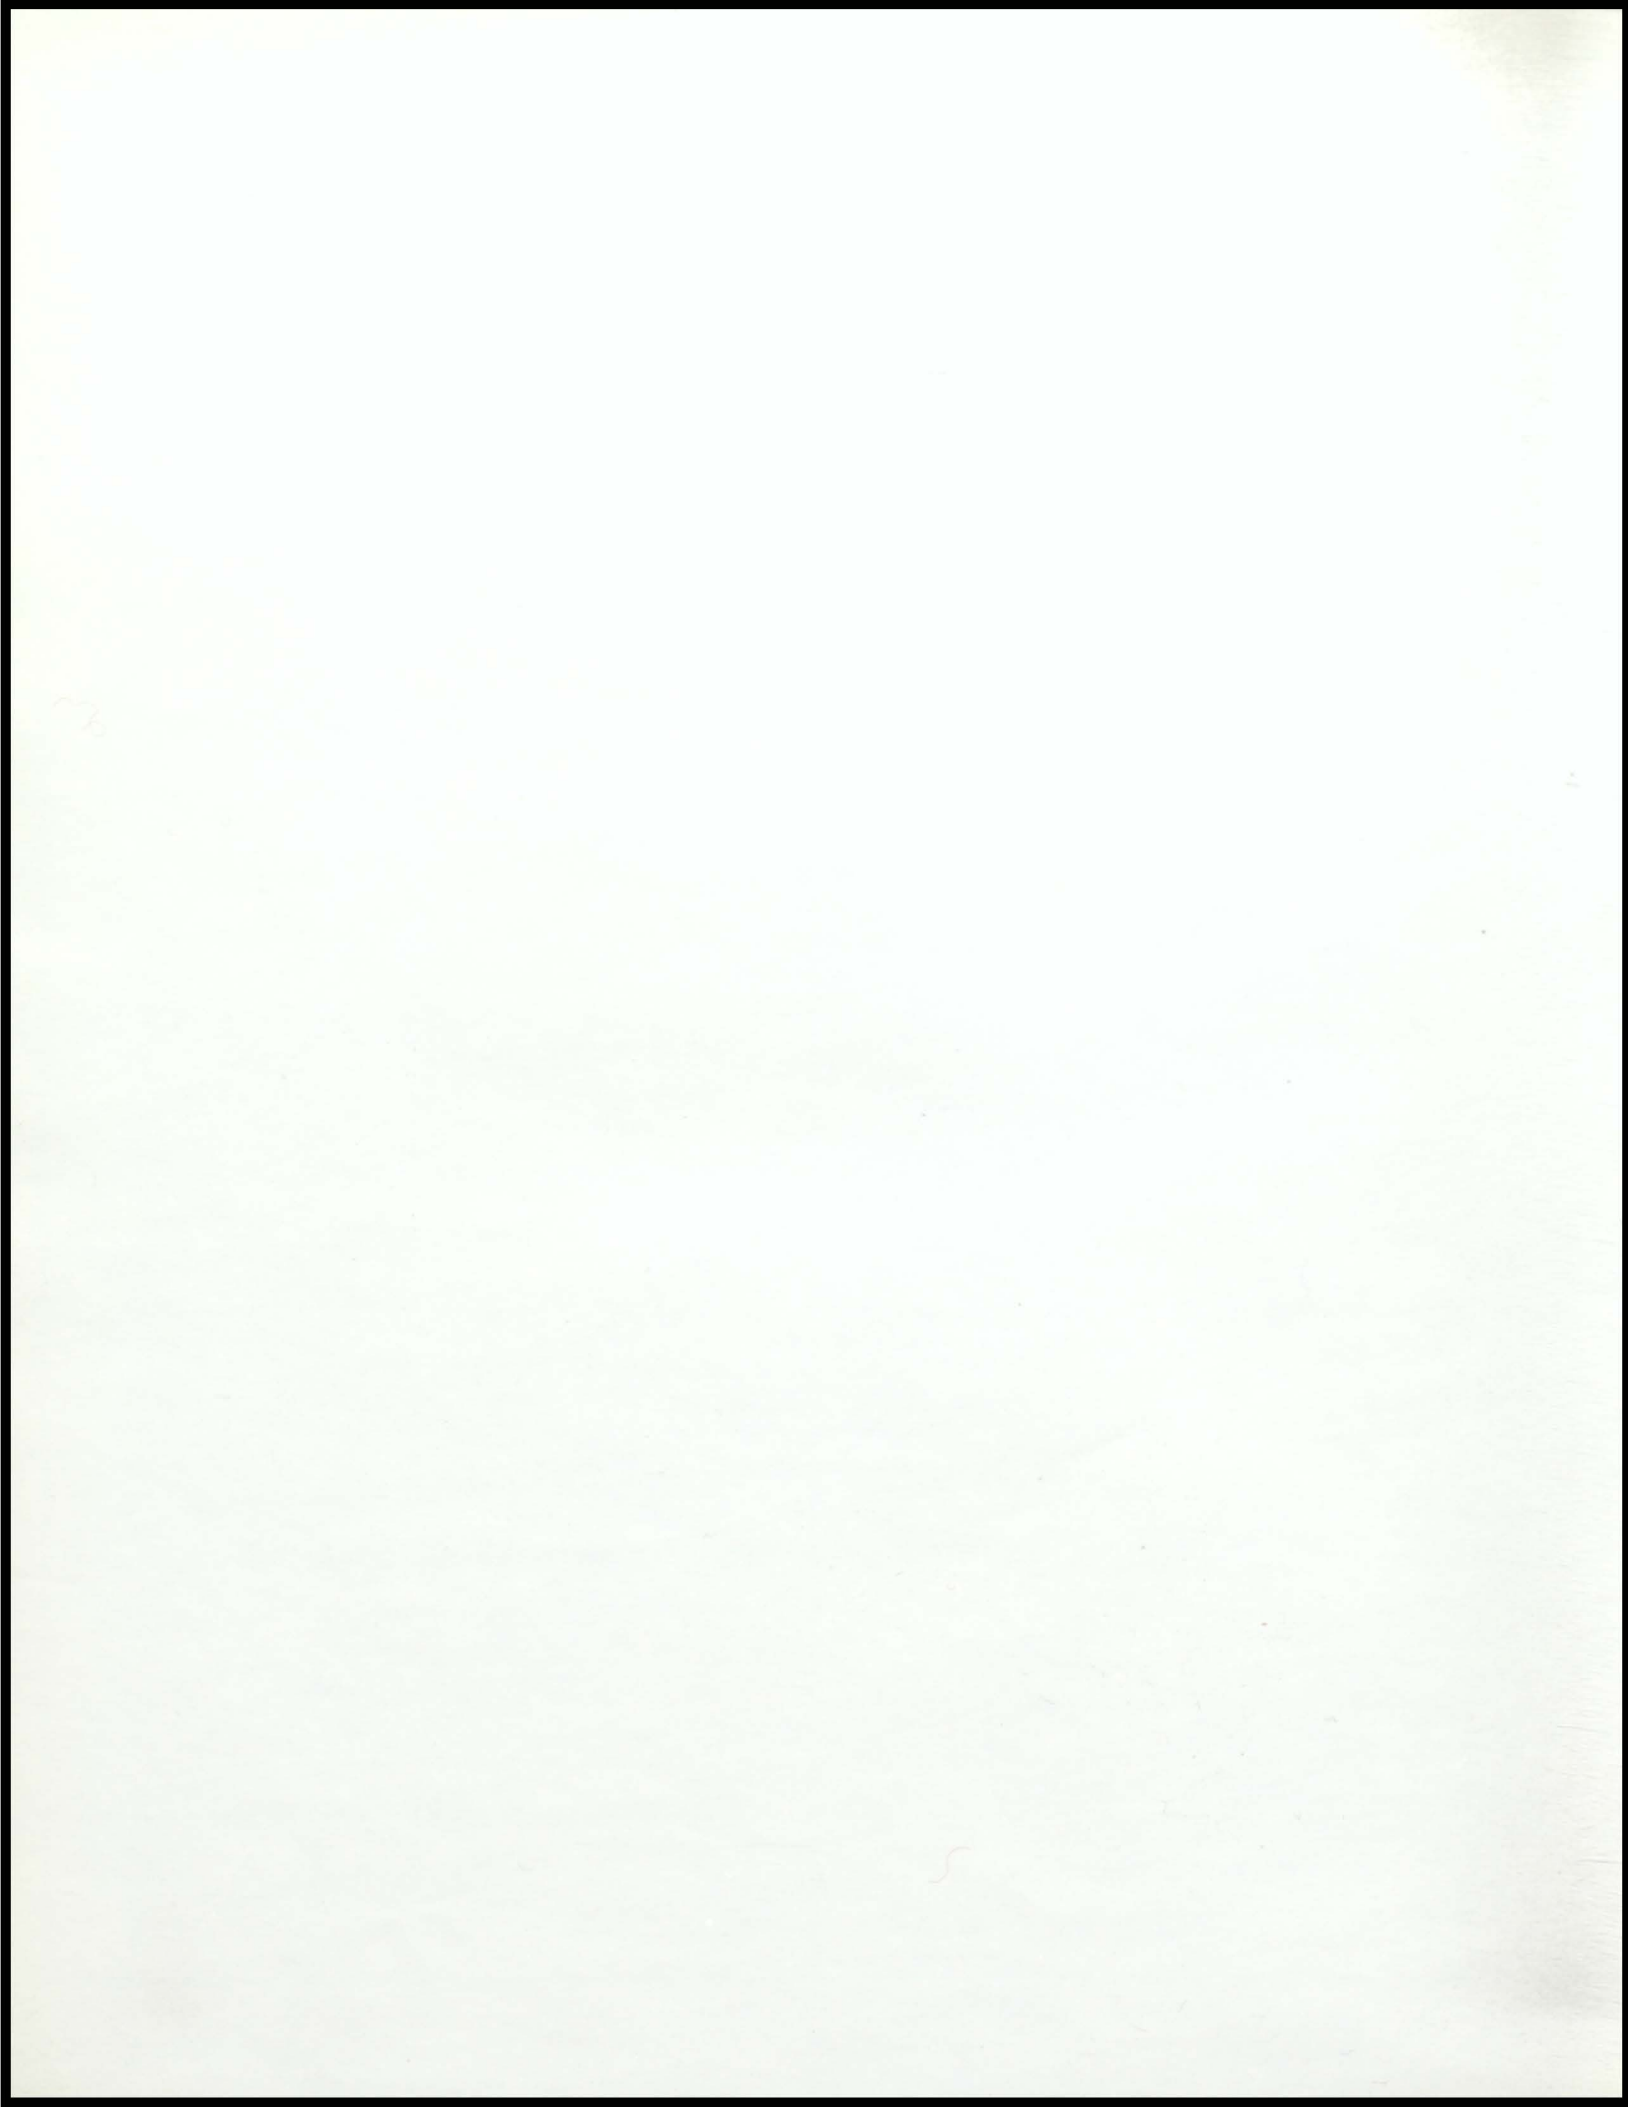

This book was printed by Taylor Publishing Company of Texas under the supervision of Mr. Neil Sanders. Quaser Life-Touch Studios was responsible for the formal photography, and additional pictures were taken by staff photographers. The book was produced by students from Mr. J. D'Antoni's Creative Writing for Publication class and Mrs. M. Schultz's Graphic Layout and Design class, as well as by members of the yearbook club.

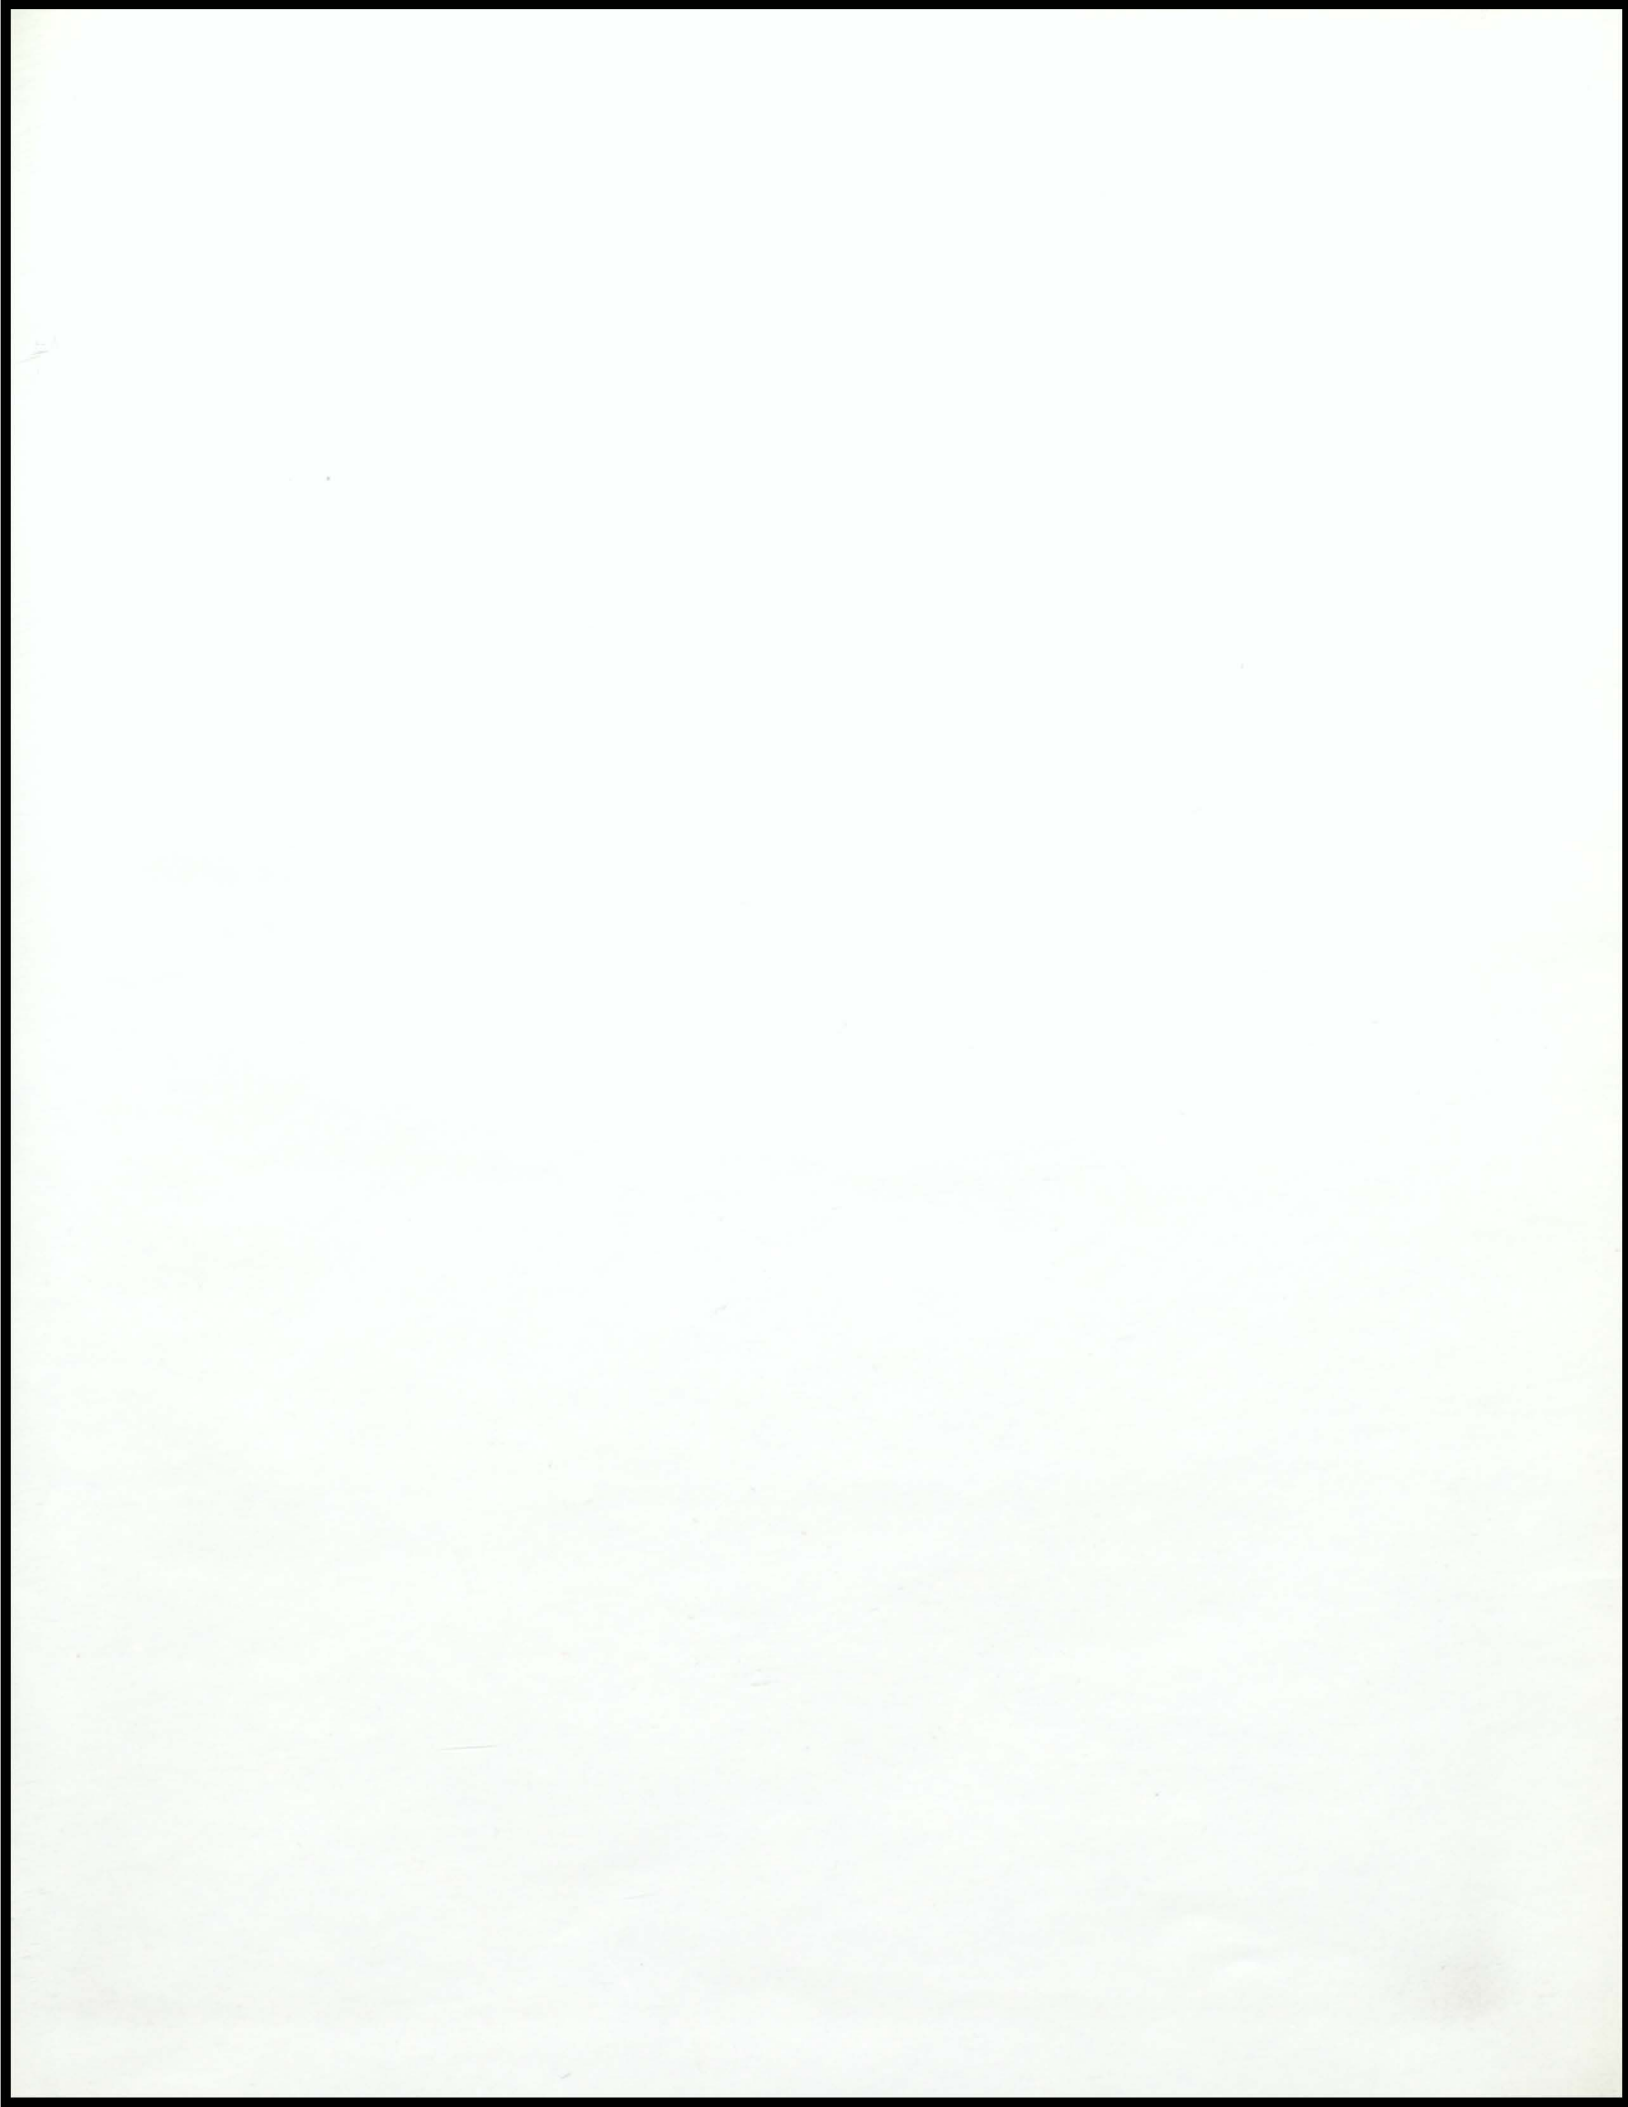

The four-color cover was made from lithocote in a gloss finish with stamped foil. Four hundred copies of the 200-page book were printed with two four-color signatures. A student supplement is planned to complete the book and include closing activities at the end of the school year. The standard type face used throughout the book was Bern (Geneva) and all text, layouts and even the cover were submitted on disk utilizing Taylor's Ultravision software.
