While on our journey through Bay Shore schools, we have *DARED TO* take part in countless activities and have faced numerous obstacles that have molded us into the people we are today. We are, however, more than just students. We are athletes; we are musicians; we are scientists; we are friends; we are anything we choose to be. As we each continue on our journey, we must take a step back and remember all that we have *DARED TO* do; all the boundaries we have *DARED TO* push, that we are more than each test that we have taken and each grade we have earned. With all the knowledge we have acquired we now ***DARE TO*** push our lives forward.

A: "Pajama day was my favorite day because I was able to be super comfortable and because my pj's are super cute!"

Kelly Barba & Sarah Ahern//

Q: Do you think it's a good idea to have Pep Rally the same day as Bay Shore Pride Day?

Josh Paris & Bunice Knight//

Q: Does being a senior make you want to participate in spirit week more?

A: "Definitely! Our favorite day was either Jersey Day or Bay Shore Pride Day. Being a senior, it's our last year so why not do the themes or even go all out for them."

# Which is your FAVORITE?

Pride and spirit are both huge parts of every school's culture and environment. Here at Bay Shore, we display our love for our school through a week that is dedicated just to that. Spirit week is jam-packed five days full of wacky outfits and creative ways to come together as the Bay Shore family that we all know and love. Monday was Pajama Day. This was a great way to start off the week for all of our Marauders. It created a comfy way to show our pride after coming back from the weekend. On Tuesday, students and faculty dressed in their favorite sports team gear. The outfits ranged from hockey jerseys to football jerseys, to baseball jerseys and more. Thursday we came back after a day off from school and picked up right where we left off with Crazy Sock Day. Although this day may not have been the fan favorite, our students still made the best of it and showed off all the wacky socks they had to offer. The final day of our annual spirit week was Friday, Bay Shore Pride Day. This is the most important day of the week when students wear their Bay Shore gear in honor of getting ready for the Pep Rally and Homecoming to come.

## So Senior Q&A //

**Jalen Thompson//**

A: "Being around everyone as we all enjoy the same atmosphere, you can really feel the Bay Shore family."

**Erin Caligiuri//**

Q: How does pep rally affect team spirit?

A: "Pep Rally makes the fall sports come together in more ways than just playing their game."

Sankar puts on her show in front of all the teams and students. She is apart of The Sparklers, a baton team. The Shepard twins cheer together during their last pep rally, showing the teams their love.

# Do You Have Spirit?

The 2019 pep rally took place on September 21 in the large gym as always. The marching band led everyone cheering spirits into the gym after the annual bonfire. Settling the crowd our very own varsity cheer team performed. Senior class president, Juan Torres led the pledge of alliance as our host, Mr. Selzer, prepared to hype up the students. Mr. Selzer is traditionally the host, "As director of student actives, it's my job to ensure fun and to make it memorable for the seniors," he said. "I love the energy and the enthusiasm from the students." As tradition, each varsity team performs a dance in front of the school. This dance allows the teams to bond and create something the athletes are all very proud of, while other teams go the route of playing games, which is a real fan favorite, as it allows those who don't play a sport to still get to go on the stage. The girls varsity tennis team handed their rackets over to the crowd for a chance to win a speaker, won by Marley Van Davidson. But as tradition holds, the boys varsity golf team stuck to their putt putt competition, including our very own Mr. Paskin. At the end of the night, the true stars emerge through the tunnel of cheerleaders and their pom poms: the football players, all to hype the homecoming game and a good send off for the season.

## Class Spirit//

The senior class chose to represent the 2000's as their decade for homecoming. This was fun for the class, since they grew up during this iconic time. The nostalgic choice allowed everyone to participate in the float. The class even chose to add their baby pictures to the float.

# Game Of A Lifetime!

Homecoming was certainly one for the books, defeating Walt Whitman 22 to 20 and earning the Marauders their first win of the season. Joe Chimienti, senior, was recognized as the MVP, earning the privilege to carry the MVP belt. In the first half alone, Chimienti scored two touchdowns; by the end of the game the wide receiver had three catches for a total of 78 yards. "It felt great to be called the MVP of that game," said Chimienti. "As a senior, that game means a lot because there's always a big crowd and you want to show off." The win against Whitman is also attributed to the fans. Without their positive atmosphere and great turn out, the game wouldn't have been the same. Their constant cheering, hype, and encouragement helped keep the boys motivated and out of their own heads. At the end of the thrilling game, fans rushed the gate to get a chance to congratulate and high-five the boys. Half-time featured the class floats, themed to *decades*. The homecoming court followed in the parade of floats. In the week leading up to event it was the students' job to vote who would win among their peers. Moises Hernandez and Cheyenne Felician ultimately took the crowns, though school officials said the voting was extremely close.

## So Senior Q&A //

Logan Dowd //

Q: Why was *Rent* such a difficult show to put on?

A: "All of the characters in the show are very distinct, so we all had to put time into understanding our character's background to portray them well on stage."

Kyanie Louis //

Q: What was your favorite part about this show?

A: "My favorite part of *Rent* was the chance to perform my "Over The Moon" scene. I love how it always engaged the audience and made them laugh."

# Putting on a Show

The show *Rent* opens up the audience's eyes to the harsh realization of living a bohemian lifestyle in New York City in the 1990's. Each character in the show struggles, whether it be with their health, addiction, or just paying rent. All of the roles have diverse backgrounds, which is why this show was one of the most difficult to understand and put together. Although this show and all of its characters were difficult to understand and portray, the members of the drama club did not let that stand in their way of putting on an amazing performance. Students playing the lead roles in the performance spent hours studying their character and their complicated backgrounds, such as their ethnicity, sexuality, how they grew up, or just their different personalities. Logan Dowd, senior, talks about her experience, "*Rent* was a really hard show to put on because all of the characters are very distinct and out there, so we all had to spend time studying them." Even after the students knew their character inside in out it, the hard work did not stop there; they also spent countless hours on the stage rehearsing how they were portrayed on stage, and practiced to perfection.

Dylan Chong, junior, and Will Logan, junior, // Dylan and Will perform their opening song as the lead roles of Mark Cohen and Roger Davis.

LEFT: The lead characters comfort their friend Mimi Marquez, played by Tatiana Padro, as she falls severely ill to AIDS. RIGHT: Members of the cast sit on stage in their hats and coats to portray East Village, New York in the 1990's.

# Will you win the Grand Prize?

Bay Shore High School takes Halloween very seriously. It's the one day where students can dress up as anything they want. Whether it's funny, scary, a creative original costume, or even a big group costume, people go all out when it comes to Halloween. This holiday really brings out some student's inner creativity and serious thinking as to how to have a great costume to win a ticket to the annual Halloween Costume Contest. At the end of the day, our auditorium is filled with all different costumes ready to present themselves to our judges. The judges, teachers from the school, have the intense pressure of picking their favorite, most eye appealing costume to win for their nominated category. Some teachers in the building show their other side when they come in dressed up like the students. This year our Principal, Mr. Pashkin, dressed as Michael Scott from *The Office*, decided to hide in a coffin until the crowd of dressed up students made it into the auditorium. Halloween 2018 was a success with creative winners to put down in the books!

## HUDDLE UP

Bay Shore Varsity Football snagged a win at their Homecoming game this year. It was their first win of the season and very exciting for Bay Shore.

"Winning homecoming was a great way to start off the year and beat a red hot team." -Joe Chimienti

The boys credit their success at homecoming to the spirit of their fans and community, along with hard work and a strong team bond. The team has refused to believe that this is a "rebuilding year" for the program. They pushed boundaries to change the program's culture, even with a new coaching staff.

# PLAY FOR A CURE

For the past few years, the field hockey team has played a breast cancer benefit game, where they wear pink uniforms to support the cause and all those who have battled and are still battling this terrible disease. This year's benefit game a close match against Bayport-Blue Point, which they lost 1-0. Even though they lost that game, they still had a successful day off the field by raising money for the cure.

"Our team dynamic and our support for one another made the season successful."  
- Maggie Hickey

The team donates their funds to the Marianne Syrett Scholarship. Mrs. Syrett was a wonderful mother, team parent, and friend to those who knew her. Each year the team honors her and the women that have been affected by this modern epidemic. The increased frequency of breast cancer is widely recognized. However, the data on its prevention is generally not available, so every donation to the cause counts. They're doing an extraordinary thing for the community and women around the world by "playing for a cure". This tradition will continue to go on. Bay Shore is proud to be a part of that push to end the disease permanently.

Maggie Hickey // Maggie Hickey, senior and captain, weaves and dodges through opponents staying low to the ground, while using excellent stick skills in hopes for a goal or an assist. Hickey is a four year varsity member.

RIGHT: Flockers help guard the goal as a second line of defense. Waiting for the whistle to be called, the girls have their sticks down ready to go.

## Defend the Ball

# Goal of the Year

The season got off to a slow start and after the first half, the team had only one win and had scored a mere two goals in these eight games. Not to be deterred, the team did not give up and fought hard all the way to the end. In the second half the team recorded four wins and scored sixteen goals against the same eight teams. This improvement was highlighted by the play of a number of underclassmen and with eight starting players returning for the next year.

"This goal was amazing because at the time, it gave us hope for the playoff push and if we didn't win that game, the season would be over."

-Sebastian Franco MacKenzie

The highlights of the season were the winning record at home. One of the team's most proud moments was the game-winning goal with three seconds left in double overtime at home to Lindenhurst. Sebastian Franco scored the goal with an assist by Anthony Morales. The remarkable circumstances that led up to this goal made this a moment to remember forever.

"This goal was amazing because at the time, it gave us hope for the playoff push and if we didn't win that game the season would be over," said Franco.

# KICKS FOR A CURE

One in eight women are diagnosed with breast cancer in their lifetime. Kicks for Cancer is the event of the year for our lady Marauders. It is a special event in their hearts because this disease is such a vast issue for many women around the world.

"Our kicks for cancer game is always special for our team. It's a great time for us to come together to support such a great cause." -Lexi Grassia

Breast cancer is the most commonly diagnosed cancer and the second leading cause of cancer deaths among women. This game not only helps raise awareness for the disease, but it also helps raise money for. The team does an annual bake sale for the event where the girls each bake their own Breast Cancer theme treats and add them to the long line of tasty treats along the table. The team feels that Breast Cancer is a serious topic that ALL people need to gain knowledge about. Men are not exempt for this disease. Although breast cancer in men is rare, an estimated 2,470 men will be diagnosed with breast cancer and approximately 460 will die each year.

## Bump Up Competition

# Start Them Young

The volleyball team is constructed of many young players. This season there were only three upperclassmen, but eleven underclassmen. This means that by the time the sophomores are seniors, the team should be very strong. This year was a rebuilding year for the team, since many key players graduated last spring and left the team having to rebuild their roster.

"As a young team we were able to grow as a team and further the skills of the younger players very quickly."  
- Patrick Mangles

The few seniors there really brought the team together with the different age ranges, resulting in the boys working as one. This type of team relationship has begun to set an example for future players that join the varsity volleyball family. Many younger players also participate in travel volleyball teams, which grants the team with the opportunity to have a well rounded skill range, for all grade levels. At the beginning of the season it was said that it was difficult for the team to click since most of the team has never played together or had been on varsity in the past. The players have a bright future ahead of them as the boys continue to grow both physically and with skill. The upperclassmen on the team expect the boys to achieve their goal and compete for the county championship within the next two years.

# Digs For A CURE

Girls volleyball finished the season with a 6-7 record. This may not have been the exact outcome they were looking for as their season started, but they ended up qualifying to play in the first round of playoffs. This team pushed until the last second and it all paid off for them in the end. They push each other to be not only better players, but better teammates.

"Girls stepped up to learn new positions in order for our team to grow." -Alexandria Susskind

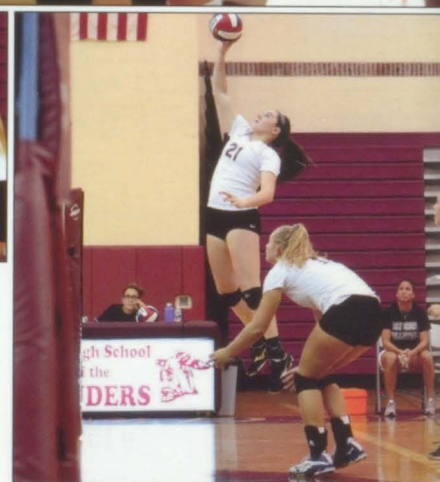

The annual Dig Pink Match is a game that raises money for breast cancer awareness. The team beat Sachem North in a close 3-2 game. They raised \$2,020 by selling baked goods made by the team, raffles, and t-shirts. The girls on the team sold raffles in the gym lobby to their teachers and peers throughout the school day and after school. All of the money raised in the fundraiser is donated to Southside Hospital. They raise more money every year, beating the amount they raised last year by \$120.

# ADJUSTING TO CHANGE

The 2018 Varsity Tennis team has had a major shift from the previous season. Many graduating strong players left the team leaving the girls with need for reconstruction. Going from being one of the top teams in the league, to a lower team in the league made the girls work even harder to get back where they needed to be. The girls honed in on team bonding and really getting to know their teammates

"We focused on team bonding and getting the new members adjusted to playing on a varsity level." -Caitlin Kennedy

and doubles partners. Once you know your partner and teammates, you can trust them to lead you and your team to success. "Compared to last season, our team went from being one of the best in the league to one of the lower/middle teams in the league. We had to focus on rebuilding our team because we lost a lot of key players last year, so this year was more of a rebuilding season for us. We focused on team bonding and getting the new members adjusted to playing on a varsity level." Senior Caitlin Kennedy, describes how this season may not have been their best but, with time and hard work the players can rise back to the top. With all the new members this season, reconstruction was needed. in order to get these girls to a Varsity level. Reconstruction was the perfect shift to get back to the Girls Varsity Tennis Team legacy as a top team.

This year the girls cross country team has defied expectations with some major accomplishments, including going 6-0 and beating teams they had never beaten before. For the seniors on the team it means leaving high school with a great record. Catie Surian, senior, said, "we have learned to work well together and to put mind over matter when it comes to completing a task to lead us to victory."

**"We have learned to work well together and put mind over matter when it comes to completing a task to lead us to victory." - Catie Surian**

## Run Against the Clock

# A Year For Rebuilding

This fall season in boys Cross Country, there was a major focus on rebuilding. The boys on the team came together as a family to make up for the runners they lost due to injuries. It wasn't their best season as far as advancing to winning leagues, but it was an incredible one for the boys to rise above their obstacles. "We have had our fair share of injuries on the team making it more difficult to have a set top 7 runners," said Nolan Kata, junior. "Different kids have had to step up to pick up where the others left off on many occasions."

**"We have had our fair share of injuries on the team making it more difficult to have a set top 7 runners. Different kids have had to step up to pick up where the others left off on many occasions." -Nolan Kata**

Every time the boys stepped onto the course they didn't let anything hold them back. They pushed themselves and encouraged each other to give it their all. No matter how the race ended, the boys supported each other for their successes and it only motivated them to work harder in upcoming practices which lead to them doing better in new meets.

# Some Real Team Players

The swimming and diving team is very unique from any other sport in the Bay Shore community as they are a combined team with Brentwood High School. The combined team name is BayWood. Other than sending five girls to the county championship, they also excelled outside of the pool. This year the team was awarded the sportsmanship award from the collective referees thought the season. pace up and down the pool deck encouraging their teammates. "Being a part of this team is not only about swimming, but making lasting friendships with people who bring out the best in you," said senior captain, Erin Giuliani. At the beginning of the season there was a malfunction with the pool creating a non-swim team, swim team. This didn't stop the team, their go get em attitudes led to some serious land practice, which made them stronger for the water. "Not being able to swim definitely made us feel behind, so we had to work that much harder so we could win our races," said Madie Dunn, junior captain. The team bonding made during their land practices contributed to their sportsmanship, always wanting to see others improve and meet their goals. "We really do owe it all to our coach; throughout the season he was able to push us toward our goal, challenging us, making us better. Over the last six years I've not only become better at swimming, but have become a better person because of him," said Giuliani.

# Team Takes on SUNY Maritime

This year's sailing team was unique compared to the previous sailing teams. Many younger students helped create a more diverse team than ever. Sailors ranged from graduating class of 2019 to 2023. Bay Shore qualified for the district championship at SUNY Maritime for the first time in the team's history. The regatta took place over two days and the first day presented harsh sailing conditions. The wind was gusting at 30mph, making it difficult to balance the boats and easier to capsize them into the frigid water.

"The team has dared to push boundaries because it's a hugely young team." -Kevin Souhrada

On the second day, there was only 2mph of wind, giving little to sail with and not as much momentum. Although the sailing team didn't place in the regatta, it was a great opportunity to improve tactics and racing skills. The experience at Maritime is also a valuable memory to look back on as a team and consider the relationship the team members built with each other.

# Follow your Dreams

This year Bay Shore was very fortunate to see a phenomenal performance for Black History month. Cartier Williams, a *hooper*, choreographer, and performer came to educate us on the history of tap dancing and *hoofing*. He began his tap dancing career as young as the age of four years old. His passion for tap and *hoofing* has grown from then. During his performance he gave background on what tap used to be. While watching a video of the Nicholas Brothers, who performed high performance aerobic tap dances, the audience of students were amazed to see the history of tap come alive. Williams also talked about some of the hardships he had to face in his life as he developed his dancing career. Williams told his story with his words as well with his tapping feet. His story was very inspiring and gave the message to the students in our audience to go out and follow their dreams no matter what obstacles come in their way.

# Best Time to Be A SENIOR

Senior year is a very exciting time filled with traditions and fun events for the departing class. The students have exciting times to look forward to all throughout the year, such as senior prom, senior picnic, and of course, senior banquet. Ever since Bay Shore has started the tradition of the senior banquet, it is said to be one of the best events of senior year. It is a time for the whole graduating class to come together and have an amazing night, dancing, eating, and making memories, without the same stresses and drama that often accompany prom. This year, at the Piermont in Babylon, the class of 2019 came together for a night that they would never forget. All of the teachers that came to join the seniors for their special night commented on what a great environment the class of 2019 provided, and could see how much fun everyone was having. # More than Just A Game

This year the girl's varsity basketball team has achieved many of their goals. The team's success is based off of competence, civility, and citizenship, which they value very much. "We come to practice motivated and ready to push one another to reach our full potential," said senior captain, Maje Barry. The girls this year had a game to raise cancer awareness called Score for a Cure, which was a huge success.

"We come to practice motivated and ready to push one another to reach our full potential."

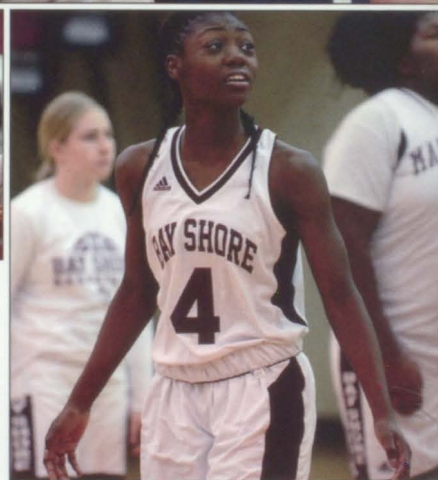

Being a part of this team has made many of the girls feel like the whole team is a true family with a great bond. The passion these girls have for the game has driven them to become leaders in their community and has taught them how to learn from their mistakes. The girls always would clap and scream on the sidelines for their teammates, encouraging them to take the win. Communication also plays a big role in the framework of the team and they are encouraged to create an environment where they are free to talk about their life problems. The love for the game has brought these girls together and the seniors on the team will always remember their time as a Lady Marauder on the Bay Shore Basketball team.

# Back On The Rise

Bay Shore Girls Winter Track has always been a tough opponent to beat, but has always come in second or third in counties. For the past few years they have come just outside of first place and last year they even dropped into 6th place. But finally, for the first time since 2015, the girls winter track team won counties ahead of many difficult opponents, including Sachem East who was beat two times since 2015.

"Our team comes to practice to work hard every single day. We train no matter what the weather is, it can be 20 degrees and we are still out working hard." -Catherine Surian

The whole track team worked hard throughout the season to make a run for the county finals and they finally made it to the top for the first time in four years. The team practiced six days a week, going on runs and building up their strength and stamina. The team worked in very harsh conditions including rain and having to run on very slippery surfaces because of the cold. The 2018-19 Girls Winter Track Team wanted to win the best of the best tournaments and they managed to beat the very tough teams because of the way they worked together and went to all practices along with meets. The win at counties was an amazing feat for Bay Shore Girls Track and shows they're the best in Suffolk County.

"Track is a sport that to get better at you need to work everyday. Also, a lot of people think that it's an individual sport because you run, jump or throw in your own race, but when it comes to dual meets, counties or leagues, everyone support and effort is needed to do our best." Christie was named this season's MVP by Suffolk County Coaches.

**Chyna Frank//**  
"The best part of winter track is the places we go for meets, like, the Armory or the Rhode Island Classic. Being able to go to such big meets was a great experience."

Boys winter track had some highlight players on the roster this year, such as Marc Jeannot, Tyler Hudson, and Zach Dorsch. Running doesn't just wear at the body, but is also very tough mentally. ## Pump Up The Crowd

# Volunteering for Bonding

The varsity cheerleading team volunteered to help the youth cheerleading competition in October. They assisted the set up at the Bay Shore High School and each girl had their own specific role to help run the competition. They participated in the concession stands, selling snacks, water, and even raffle tickets.

"Volunteering at the competition really brought our team together." -Emily Kubik

They also played a part a part in directing all the teams to the gym when it was their turn to compete. This was very important since at the competition there were over 80 teams competing for one final title. The girls really helped make the day run smoothly. Volunteering helped with team spirit and brought the girls closer together. This event was a team building day, even though most of the girls have been cheering together for many years, this event brought together the younger and older girls.

# Suffolk Semifinals

The boys finished out the season with a 19-4 record. They had many outstanding players that made it further into the season than they thought they would. This group of boys have been wrestling since they were little and it truly showed this year as they continued to show nothing but love and support.

"I dare to push boundaries by giving everything and more and nothing less." -Jaylyn Butler

Elijah Rivera was a junior that had the opportunity to participate on the Section XI Wrestling team. He had the experience of competing in Albany on the biggest mats a high schooler can wrestle on. Since he did not win counties, his spot to wrestle at the New York State Championships was not guaranteed. But his outstanding record this season, including beating competitors who were ranked higher than him, earned him a spot on the team. "It was an honor to be on the team because the last Bay Shore wrestler to go up to states with the Section XI team was my old coach, John Cummings."

## Mrs. Maria Fagan

Bay Shore is known for being a remarkably generous community and Mrs. Maria Fagan knows this first hand. When Mrs. Fagan immigrated to this country from her native Spain in 1966, she came to Southside Hospital in Bay Shore and a young orthopedic surgeon by the name of Dr. Ray Allen Haag took her on as his patient pro bono. He told this patient's family to treat her the same as her siblings and to persevere because despite her post polio effects, he saw an inquisitive mind. The little girl grew up and eventually got a job as a business teacher at Bay Shore High School in 1987. Mrs. Fagan was determined to make a difference and to give back for the generosity she received as a child. You can imagine her surprise, when one day, she saw a familiar name on an attendance roster... the name of Dr. Haag's son!

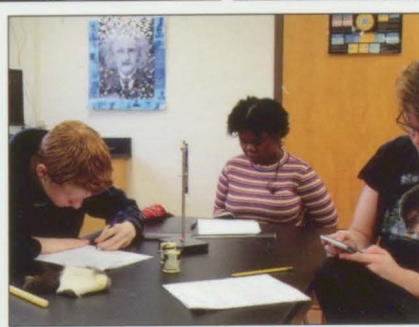

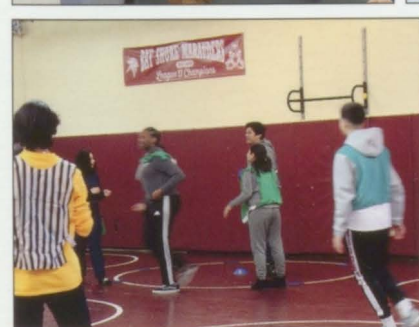

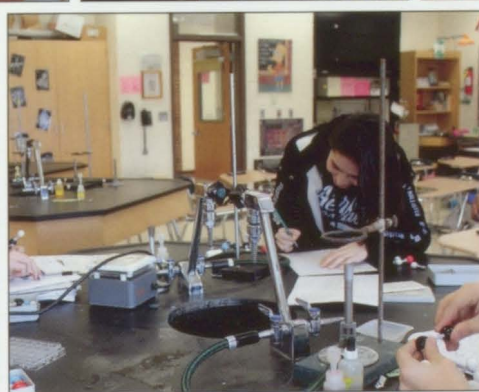

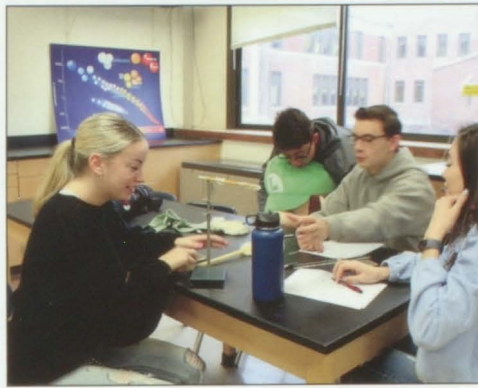

Mrs. Fagan has been employed by Bay Shore High School for 32 years. One of her favorite memories was when she got a visit from a former student whom she had taught in three business courses. He stopped by her classroom to tell her that he was now a certified public accountant and at the school on official business; he was conducting an audit at our district's business office! Mrs. Fagan has received many emails from successful business students who appreciate the business program that Mrs. Fagan has led... from teaching Career and Financial Management to IB Business Management, and countless courses in between, the best teaching memories are the ones where Mrs. Fagan sees her students achieve their personal best.

The best advice Mrs. Fagan can give her students is to believe in themselves to dream those "impossible dreams". "My father once said *"de ilusion tambien se vive"*. Find out what you are passionate about, never give up, and find a good mentor to help you achieve your dreams because my dreams certainly came true." "Remember to always give someone a helping hand and give back to your community. There is no better feeling than helping someone believe in their worth. I am so very grateful to all the people that helped me along the way and realized my potential."

## Creating a Masterpiece

The Art Club consists of students who love the arts and can not seem to get enough of them throughout the school day. The club meets after school on a regular basis to hold meetings. Members also volunteer for local organizations to promote the arts in various ways.

"Students can do something they love, even if they aren't the best at it, without the stress of grades or deadlines." -Elora Camacho

The club members enjoy the numerous holiday parties hosted during one of the meet ups to celebrate the club and the holiday as a whole. Art Club meets every other thursday throughout the year, keeping the artists excited for the next meeting. Elora Camacho, junior, an avid member of art club describes the club by saying, "students can do something they love even if they aren't the best at it, without the stress of deadlines."

Pit Orchestra is a specially selected group of orchestra and band students ranging from all grades. These students have the task of playing all music for the Spring musical. The Pit Orchestra meets once a week for a month before the show but two weeks before opening night, the Pit Orchestra, along with the cast of the musical, is at rehearsal five days a week hard at work in preparation.

"It is challenging both mentally and physically, but I really enjoy being a part of it." -Spencer Asofsky

The Pit Orchestra is the backbone of this year's Spring musical, *Chicago*. As Spencer Ossific, sophomore states, "it is challenging both mentally and physically, but I really enjoy being a part of it." The pit plays on the stage as if they are a part of the cast. Under the direction of Orchestra teacher, Mrs. Mendolia, the Pit Orchestra makes the stage explode with sound during this year's performance.

# Strings Take Charge

The Chamber Orchestra is a small group comprised of Bay Shore's most elite violin, viola, cello, and bass players. This small group of only the best string players focuses on playing music of higher difficulty than would be found in the Symphony Orchestra. Students enjoy Chamber Orchestra for its rigorous musical pieces.

"The music can be challenging to learn... but it is worth it when the piece is finished and sounds beautiful." -Dylan Chong

Chamber Orchestra members meet once a week for multiple hours to rehearse and prepare for their winter concert, spring concert, and a performance at the Bay Shore Arts Festival, where they perform for the community under the bandshell.

## SING FOR A CAUSE

The Harmonaires is not just any club. This is a club where you have to try out to get into and you can't just join so this group is the best of the best. The Harmonaires has students from all grades, from freshman to seniors. They perform at school events such as Christmas caroling at the elementary schools for the little kids which inspires the little kids to possibly get into music.

"Harmonaires is a special club because it spreads positivity and enriches Bay Shore with music. It's one of the few music groups in our school that perform for community events such as the tree lightings. We also have performed at restaurants, award dinners, churches events and for staff and students within the school."

Another special characteristic this singing group has is that they are a group of ten people and they are singing songs that are meant for choirs with two hundred people. As Dylan Chong states, "Harmonaires is a special club because it spreads positivity and enriches Bay Shore with music..." For fun, they like to sit down and remix songs together. They are unlike other clubs because they perform outside of school mostly which allows them to give back to the community.

**Kareem Hyman** // "When we go down and sing for younger kids, when I see that they are inspired to be a part of the music that we create, is when I feel most accomplished."

**Logan Dowd** // "The best experience I've had in harmonaires was when we went Christmas caroling at the elementary schools last year because it was really amazing to see how much a lot of the younger kids admire and look up to us."

## THE HIPPEST KATZ

The Bay Shore High School Hip Katz is made up of talented musicians who enjoy the American art form known as jazz. Under Mrs. White's direction, the ensemble presented a number of successful shows throughout the year. The polished productions of this ensemble are the result of many long nights of hard work.

"The Hip Katz stand out by playing everything from bold, modern pieces to traditional swing." -Kevin Souhrada

## Swinging Through the Ages

Jazz Band is a club for students who want to challenge their musical skills and expand their music IQ by practicing work from an older generation. Jazz is a timeless genre, and it is important that students are exposed to different genres to better their skills and appreciation for different musical styles. The musicians in Jazz Band are constantly pushed to be the best they

## Athletes as ROLE MODELS

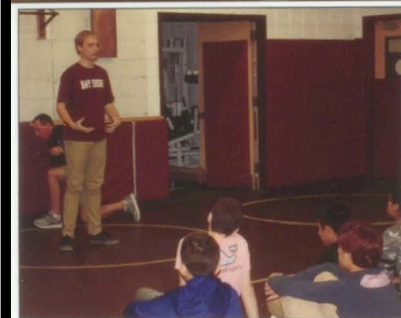

Athletes Helping Athletes encourages the younger generations to be the best they can be. The students in the club are individually selected and experience an interview to become a member. Students need to be a varsity athlete and acquire a GPA of an 85 or above to even be considered.

## Bay Shore takes NATIONALS

Bay Shore's Model UN team took a trip to New York City to compete in nationals. The competition began on Friday and lasted until Saturday night, which was a long process. Members argue with other schools for hours trying to win awards and a high rank. They meet hundreds of people during this event. It is a different argument for each school, but Bay

## Organization is KEY

Bay Shore is very fortunate to have the opportunity to be a part of the IB Diploma Program. Unlike most other programs, IB pushes the boundaries of our students, and makes them think things out in many possible ways. The students in this program put in so much time and hard work and learn how to manage time.

"I have learned to become more independent and organized..."

The students who are a part of the program are determined and hard working. Camila Diaz, senior, said, "being a part of the IB Diploma Program I have learned to become more independent and organized when it comes to my work. Also, being open minded was something new to me and that's something I do in the diploma program often." IB Diploma is a great program for our students.

Zach Dorsch //

"From IB Diploma I've learned a lot about time management. Most of the time, multiple important assignments are due on the same day. Not only do I not procrastinate as much, but also I split each assignment up over the course of a week. This allows me to relax and not stress."

Juliana Salvador //

"The reason I joined the IB Diploma program was because I was looking for a challenge. Coming from an all regents/humanities schedule, it was definitely an adjustment. The program teaches me to push boundaries and think in many different ways."

# Hard Working Group

Yearbook is different than most clubs because they meet during second period of the school day, in addition to after school. Students are selected for the club based on the leadership and responsibility skills that they show in their academic classes. All members work hard to make the yearbook the best yet.

"Really becoming involved in the school by attending most events." - Caitlin Kennedy

This year we had Erin Giuliani as Editor-in-Chief, as well as Caitlin Kennedy, Erin Caligiuri, and Maggie Hickey as Managing Editors. All four girls worked continuously to guide the staff as the book was being made. In fact, the preparation for this yearbook started back in April of 2018, and continued through the summer, so all plans were ready for the arrival of the staff in September. The dedication of all of the staff members made this book possible, making sure all was perfect for this book!

**Caitlin Kennedy //**  
"The most challenging part is coming up with a quality book, covering every page to the best of our ability."

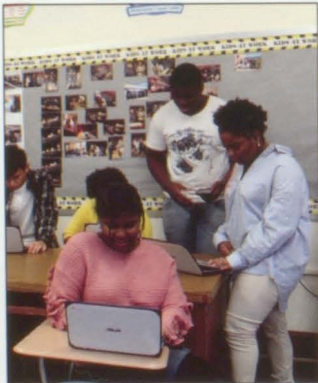

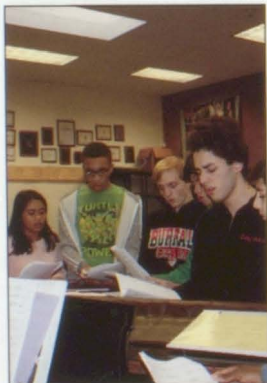

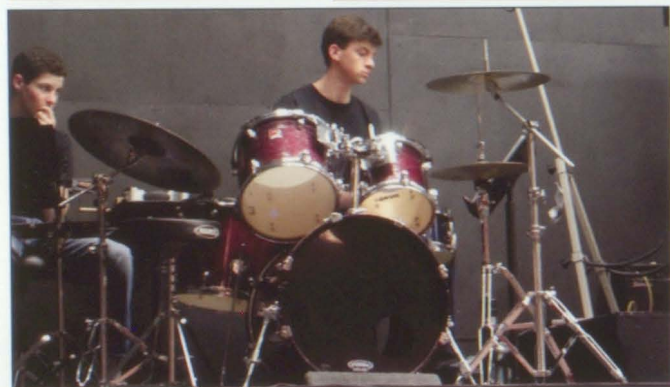

**Erin Giuliani //**  
"I have learned that making a book is a team effort and that everybody plays a role in getting the final product."

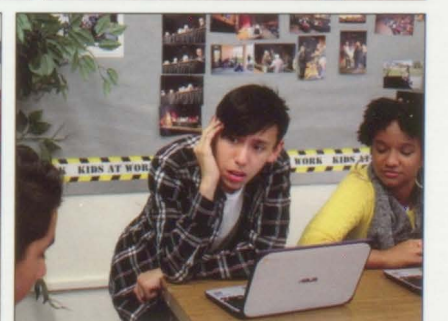

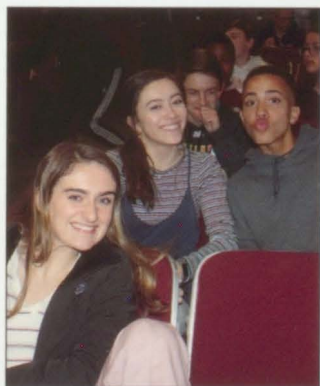

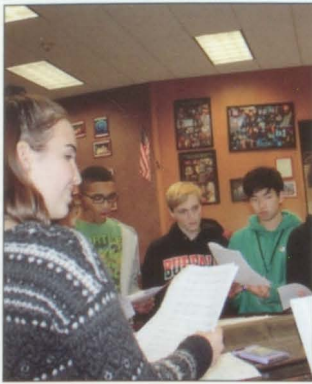

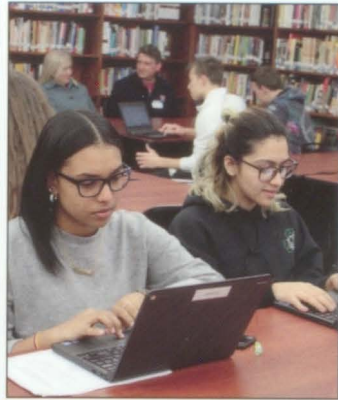

Seniors: William Button, Erin Caligiuri, Elizabeth Drosch, Brian Giuliani, Erin Giuliani, Maggie Hickey, Caitlin Kennedy, Ian Luquer, Kailey Meyer, Kate Modica, Catherine Surian, Isabella Termini.

Kyle,

The price of anything will be the amount of life you exchange for it. Obstacles will be put in your way to see if what you want is really worth fighting for and will be your stepping stones. We do.

The experiences we have *dared to* embark on and the limits we have *dared to* push while enrolled in Bay Shore High School go far beyond the boundaries of these four walls. Every friendship we *dared to* make, the games we have *dared to* play, the music we have *dared to* perform, and the lessons we have *dared to* learn have molded us into more than just athletes, musicians, scholars or teammates, but now family. Though our tassels will be moved and goodbyes will be said, our ability to hold onto these memories will not fade. In our search for bigger and better things, we will continue to uphold Bay Shore High School's reputation of family, knowledge, and power. Together, through our actions, we will **DARE TO** push our lives forward, while always clinging to our Bay Shore roots.

# CREATE

The 2019 *Marauder* Yearbook was published by Jostens and produced entirely by a staff of 18 students, led by Editor-in-Chief Erin Giuliani and Managing Editors Erin Caligiuri, Maggie Hickey, and Caitlin Kennedy under the supervision of Mr. Michael Hochman, advisor. 350 printed copies of the 96th volume of the *Marauder* were planned. This edition is comprised of 200 full-color, 100# matte pages, with a planned distribution of May, 2019. A "Spring Supplement" is planned for distribution in the summer of 2019.

Computers: The staff used Apple iMac computers, exclusively.

Photography: All candid photos, club photos, and special section photos (unless otherwise indicated) were taken by the *Marauder* staff using Canon Rebel cameras. All student portraits, teacher portraits, and sports photos (unless otherwise indicated) were taken by Island Photography and are used with their permission.

Software: The *Marauder* is produced entirely on Yearbook Avenue, the Jostens on-line design website.

Fonts: Articles are Square Serif, Captions are Function It, Headlines are combination of Function and Litho Antique, quotations are News Gothic Book, and page numbers are Litho Antique.

Then and Now: We are pleased to feature as many Bay Shore alumni as possible in this section. However, we could only include portraits of ancestors when the dates were accurately provided and/or the portrait exists in the old yearbook.

Senior Superlatives: Ballot sheets were distributed to all seniors. Only sheets that were turned in were counted, and nearly 40% of the seniors turned in votes.

The 2019 *Marauder* staff wishes to extend the following thank yous:

-The Jostens staff, especially Mr. Matt Stucchio and Ms. Crystal Gault. It is amazing how helpful you both can be at any given moment and during any given crisis. What on our end appears to be the end of the world, your calm and confidence gets us through and helps us realize our dream. Your ongoing support is invaluable to us throughout the entire process. THANK YOU.

-Island Photography

-The high school and district administrators; thank you for your continued support in helping us achieve our vision.

-Mr. Ted Nagengast for all of his help with any athletic matters.

Thanks to Colleen Jockers for all her help with class lists. You are all incredible people. And to all of the other secretaries from various departments and offices: thank you for any help you provided throughout the year.

-Thank you to the IT staff for always providing technical help when we needed it.

-To the custodians, thank you for lugging cartons large and small, and everything else you have done for us. You guys are the best.

-Thank you to all teachers and parents for any pictures you helped provide.

-Thank you to all students who submitted photos through replayit.com and through other means.

Maggie Hickey, Erin Caligiuri, Caitlin Kennedy, and Erin Giuliani gather at the senior banquet for the annual "Editors Photo".

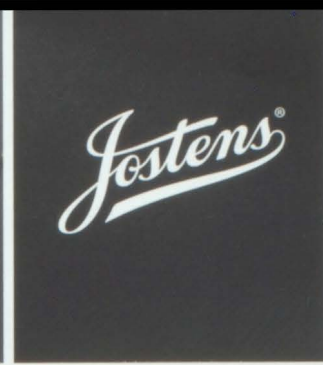

Mr. Hochman's note to the Editors:

I'm so proud of the work you four have done for the past year. What a truly memorable yearbook! From start to finish, this book has pushed boundaries. You dared to be different and you dared to take the Bay Shore yearbook to another level, and you succeeded. I know that over the years you will take out this book and feel a sense of pride that you played such a large part in its creation and played such a large part in helping your classmates have a place to go in order to go back to their high school days, even if just for a few moments.

A special thank you to 'G' for four years of a special working relationship. When it comes to yearbook, you just "get it" and I have absolutely no idea how I'm going to get my job done without you here as my extra set of eyes and my spare brain. I will miss you tremendously. Thank you!
