

Updated info!

Dear Library Patron,

From approximately the beginning of **July** to the first week of **August** the library parking lot will be undergoing an extensive repaving and improvement project. For your safety sections of the parking lot or the entire parking lot may be closed periodically. Please do not park in the lots of any nearby businesses. Please observe any parking restrictions that are posted on nearby residential streets.

Additionally, you may wish to take advantage of our online services at [www.bsbwlibrary.org](http://www.bsbwlibrary.org) during times that access to the building is more difficult. We apologize in advance for any inconvenience you may experience. Thank you.

Michael Squillante, Director
