WAYS TO WIN**

CONTENTS

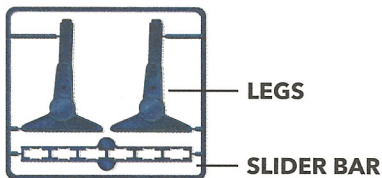

Grid | 2 legs | slider bar | 21 red discs |
21 yellow discs | 4 Blue Blocker discs

OBJECT

Be the first player to get four of your color discs in a row.

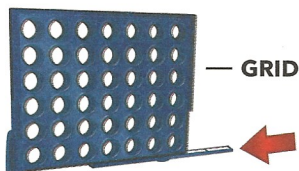

THE FIRST TIME YOU PLAY

Carefully remove the grid legs and slider bar from the plastic frame. If needed, use an emery board or sandpaper to remove the excess plastic from the pieces.

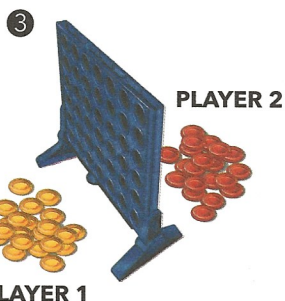

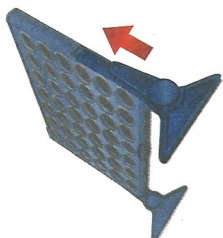

GET READY!

- 1 Insert slider bar into bottom of grid.

- 2 Insert legs into sides of grid.

HOW TO WIN

Be the first player to get four of your color discs in a row.

STARTING A NEW GAME

The winner of the previous game pulls the slider bar out to release all of the discs.

NEW WAY TO PLAY: USE THE BLUE BLOCKER!

As an alternative way to play, blue-colored blocker discs can be used by each player. Blue Blockers do not count toward a Connect Four, but can be used to block an opponent's space or to lift a player's checkers to quickly get a 4-in-a-row win!

1. Each player starts with two Blue Blockers in addition to their red or yellow discs.
2. On your turn, you may drop one of your colored discs as normal, or drop a single Blue Blocker disc.
3. If you drop a blocker disc on your turn, you may immediately drop one of your red or yellow discs as well. This allows you to drop two discs in one turn!
