INDEPENDENT AUDITOR'S REPORT

The Board of Trustees Bay Shore - Brightwaters Public Library One South Country Road Brightwaters, New York 11718

Opinions

We have audited the accompanying basic financial statements of the governmental activities and each major fund of Bay Shore - Brightwaters Public Library (the "Library") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Bay Shore - Brightwaters Public Library, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bay Shore - Brightwaters Public Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bay Shore - Brightwaters Public Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

INDEPENDENT AUDITOR'S REPORT (Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bay Shore Brightwaters Public Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bay Shore Brightwaters Public Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of proportionate share of the net pension liability, the schedule of library pension contributions and the schedule of changes in the Library's total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Using This Annual Report

This annual report consists of three parts- management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include information that presents two different views of the Library:

- The first four columns of these financial statements include information on the Library's funds under the modified accrual method. These *Fund Financial Statements* focus on current financial resources and provide a more detailed view about the accountability of the Library's sources and uses of funds.
 - The adjustment column of the financial statements represents adjustments necessary to convert the fund financial statements to the government-wide financial statements under the full-accrual method.
- The *government-wide financial statement* columns provide both long-term and short-term information about the Library's overall financial status. The statement of net position and the statement of activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances. These statements tell how these services were financed in the short term as well as what remains for future spending.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

Condensed Financial Information:

The table below compares key financial information in a condensed format between the current year and the prior year, in thousands of dollars:

	<u> </u>	June 30, 2023	, _Ф -	June 30, 2022	Φ,	Increase (Decrease)
Current assets	\$	7,403	\$	7,332	\$	71

Net position - beginning of year	_	5,175	_	5,177	_	(2)
Net Position - End of Year	\$_	5,132	\$_	5,175	\$_	(43)

The Library As A Whole

- The Library's net position decreased by \$42,736 this year. The primary reason for this decrease is detailed within the Statement of Activities on pages 12 through 13.
- The Library's primary source of revenue is from property taxes, which represents 91 percent of total revenue. In the prior year, property taxes represented 98 percent of total revenue.
- As is typical of service agencies, salaries and benefits are a significant expense of the Library, representing 66 percent of the Library's total expenses. These expenses totaled \$2,814,826 for the year ending June 30, 2023. In the prior year, salaries and benefits represented 62 percent of the Library's total expenses.

The Library Funds:

Our analyses of the Library's funds are included in the first five columns of pages 10 through 13 on the respective statements. The fund columns provide detailed information about the most significant funds – not the Library as a whole. The Library Board has the ability to create separate funds to help manage money for specific purposes and to maintain accountability for certain activities. Currently the Library's funds consist of the General Fund, the Capital Fund, the Debt Service Fund and the Permanent Fund.

The fund balance of the General Fund increased during the year from \$5,941,415 to \$6,041,627. The fund balance of the Capital Fund decreased from \$512,816 to \$314,882. The fund balance of the Debt Service Fund increased from \$460,373 to \$477,417. The fund balance in the Permanent Fund increased from \$103,788 to \$104,249. Statements detailing the revenues and expenditures for all of these funds are included in this report.

Budgetary Highlights:

The following are explanations for the significant variations between the Library's final budget and the actual results of the General Fund:

- There was a \$19,530 unfavorable budget variance for NYS Aid and other grants. This was due to receiving less funding than anticipated.
- The favorable variance in the gifts and bequests revenue line was due to a generous bequest from a late Board member.
- The favorable variance in the budget line for interest income was due to receiving significantly higher interest rates that had been anticipated.

Budgetary Highlights: (continued)

- In total, the salaries and wages budget section was underspent by \$199,527. This was partly due to having unfilled full-time positions for the entire year and partly because of a reduction in scheduling.
- In total, the employee benefits budget section was underspent by \$14,720. This was a direct function of the lower salaries and wages mentioned above.
- The budget line for Children's books was overspent by \$7,633. This was due to replacing a large number of worn and outdated books that the Library had discarded during the year.
- The budget line for electronic resources was underspent by \$13,471. As the community has moved past the pandemic, demand for materials in an electronic format has decreased. The Library has reduced its purchases to match demand.
- The budget lines for adult and children's programs were overspent. As the community has moved past the pandemic, demand for programming has increased. The Library has spent more on programs to match demand.
- The budget line for annual program was underspent because the events were held in-house which lowered costs.
- The budget line for library supplies was underspent as fewer supplies were required than anticipated.
- The budget line for insurance was underspent because the Library received a safety dividend which offset the expense.
- The favorable variance in the budget line for repairs is directly related to the unfavorable variance in the budget line for building improvements. The Library chose to do necessary project upgrades as opposed to making repairs. These variances can be viewed as offsetting one another.
- The furniture, fixtures and other equipment budget line was underspent because many of the purchases that were made were under the Library's \$500 capital limit. Accordingly, they were reflected in the library operations section of the financial statement.

Capital Assets:

During the fiscal year ending June 30, 2023, the Library purchased \$416,164 of fixed assets (capital outlay). These expenditures were for primarily for improvements related to the parking lot project, as well as computers, furniture and other equipment. During the year, the Library discarded \$3,444 of obsolete computer equipment.

Debt Administration:

Long term debt consists of bonds payable, the Library's net pension liability and its obligation for other post-employment benefits. During the fiscal year ending June 30, 2023 the Library made a principal payment of \$320,000 on the bonds payable reducing the liability from \$6,700,000 to \$6,380,000. The net pension asset reported in the prior year of \$461,523 reversed and became a net pension liability of \$1,213,596 at June 30, 2023. The obligation for other post-employment benefits at June 30, 2023 was \$4,112,287. This represents an increase of \$67,133 from the previous year.

Currently Known Conditions:

The anticipated tax revenues for the 2023-2024 fiscal year will be \$3,923,223. This represents 1.97 percent increase as compared to the 2022-2023 fiscal year budget.

NOTE 1: Summary of Significant Accounting Policies

The accounting policies of Bay Shore - Brightwaters Public Library conform to accounting principles generally accepted in the United States of America as applicable to governmental units. Accordingly, in June 1999, the Governmental Accounting Standards Board issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.* Some of the significant concepts in the statement include the following:

- A management's Discussion and Analysis section providing an analysis of the Library's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Library's activities.
- A change in the fund financial statements to focus on the major funds.

The following is a summary of the significant accounting policies:

- A. Reporting Entity: The Bay Shore Brightwaters Public Library coordinates the raising of its real estate tax revenues with the Bay Shore Union Free School District. The Board of Trustees is responsible for the approval of the annual budget and oversight of the Library management's control and disbursement of funds and maintenance of assets. The Library's management is solely responsible for day-to-day operations.
- B. <u>Management Focus, Basis of Accounting and Financial Statement Presentation:</u>
 The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds).

Government-Wide Financial Statements: The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The effect of interfund governmental activity has been eliminated from the government-wide financial statements.

The Statement of Net Position includes and recognizes all long-term assets and receivables as well as long-term debt and obligations. The Library's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

NOTE 1: Summary of Significant Accounting Policies (continued)

B. <u>Management Focus, Basis of Accounting and Financial Statement Presentation:</u> (continued)

Fund Financial Statements: Governmental fund financial statements are reported using the modified accrual basis of accounting prescribed by the Governmental Accounting Standards Board and the State of New York's Department of Audit and Control, Division of Municipal Affairs. Under this method, revenues are recognized in the period in which they become both measurable and available. The Library considers all revenues reported in the governmental funds to be available if the revenues are collected within a reasonable period of time after fiscal year end, except for real property taxes, which are considered to be available if they are collected within sixty days after the end of the fiscal year. Fees and other income items other than interest income are recorded when received in cash. Expenditures are recognized in the period in which the liability is incurred. However, debt service expenditures, if applicable, are recorded only when a payment is due.

The Library reports on the following funds:

General Fund: This fund is established to account for resources devoted to the general services that the Library performs for its taxpayers. General tax revenues and other sources of revenues used to finance the fundamental operation of the Library are included in this fund.

<u>Capital Fund:</u> This fund is established to account for resources devoted to construction and renovation of the Library.

<u>Debt Service Fund:</u> This fund is used to account for the accumulation of resources for, and the payment of, general long-term debt and interest.

<u>Permanent (Endowment) Fund:</u> This fund is established to account for resources donated to the Library where either the principal donation and/or the income generated by such donation has been earmarked for a specific purpose.

C. <u>Interfund Transactions:</u> The operations of the Library include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The Library typically loans resources between funds for cash flow purposes. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include transfers to provide financing or other services. This includes the transfer of unrestricted General Fund revenues to finance various expenditures that the Library must account for in other funds in accordance with budgetary authorizations.

NOTE 1: Summary of Significant Accounting Policies (continued)

D. Fund Balance Classifications: The Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions that defines the different types of fund balances that a governmental entity must use for financial reporting purposes. They are as follows:

Nonspendable: This includes amounts that cannot be spent because they are either not in spendable form (i.e., inventories, prepaid expenses, etc.) or they are legally or contractually required to be maintained intact.

Restricted: This includes amounts with constraints placed on the use of resources. These constraints can be externally imposed by creditors, grantors, contributors, or imposed by laws and regulations.

<u>Committed:</u> This includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the Library's Board. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned: This includes amounts that are constrained by the Library's intent to be used for specific purposes but are neither restricted nor committed. The Library Board is not required to impose or remove the constraint. Assignments of fund balance cannot be made if it would result in a negative unassigned fund balance.

<u>Unassigned:</u> This includes the residual classification for the Library's general fund. This classification represents fund balance that has not been assigned to other funds, assigned for specific purposes, restricted, or committed.

- E. Order of Use of Restricted/Unrestricted Net Position and Fund Balance: When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Library's policy is to apply restricted net position first. Expenditures incurred from unrestricted resources are applied to committed fund balance as determined by the Board, then to assigned fund balance, and then to the unassigned fund balance.
- F. <u>Use of Estimates:</u> The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

NOTE 1: Summary of Significant Accounting Policies (continued)

- G. <u>Investments:</u> The Library's investment policies are governed by State statutes and its own written investment policy. Permissible investments for the Library include special time deposit accounts, certificates of deposit as well as obligations of the United States of America and New York State.
- H. <u>Capital Assets:</u> Capital assets are defined by the Library as assets with an initial cost of \$500 or more and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Land is not subject to depreciation. Library books and materials are not capitalized. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment 5 years
Furniture 7 years
Fixtures 15 years
Building and building improvements 20 to 40 years

NOTE 2: Cash and Cash Equivalents

The Library has defined cash and cash equivalents to include demand deposits, and short-term investments with a maturity of three months or less. Cash in excess of current operating needs is invested in interest bearing.

NOTE 3: Concentration of Credit Risk

The Library maintains its cash balances at several banks. At year end, the Library's carrying amount of deposits was \$6,785,345 (excludes \$304 in petty cash and \$490,194 held in escrow – Dormitory Authority of the State of New York) and the bank balance was \$6,789,190. Of the bank balance, \$854,249 was covered by federal depository insurance. The remaining balance of \$5,934,941 was covered by collateral held by the Library's agent.

NOTE 4: Capital Assets

A summary of changes in general fixed assets is as follows:

	_	Balance as of 7/1/2022	_	Additions		Adjustments and Deletions	_	Balance as of 6/30/2023
Assets not being depreciated:								
Land	\$	595,288	\$	0	\$	0	\$	595,288
Fine arts		22,873		0		0		22,873
Construction in progress		21,017		354,884		0		375,901
Other Capital Assets:								
Building and improvements		12,181,330		55,169		0		12,236,499
Furniture and fixtures		805,887		600		0		806,487
Computer equipment		129,087		1,500		(3,444)		127,143
Other equipment	_	360,198		4,011		0	_	364,209
Total		14,115,680		416,164		(3,444)		14,528,400
Accumulated depreciation	_	(4,527,925)		(375,339)	· -	3,444	_	(4,899,820)
Net Book Value	\$_	9,587,755	\$	40,825	\$_	0	\$_	9,628,580

NOTE 5: Accounts Payable

Accounts payable consisted of unpaid invoices at June 30, 2023.

NOTE 6: Long Term Debt

The following is a summary of changes in long-term debt for the year ended June 30, 2023:

									Non-curre	nt	liabilities
		Balance					Balance		Due within		Due after
		7/1/2022		Increases	_	Reductions	 6/30/2023	-	one year	_	one year
Net pension liability	\$	0	\$	1,213,596	\$	0	\$ 1,213,596	\$	0	\$	1,213,596
Bonds payable		6,700,000		0		320,000	6,380,000		335,000		6,045,000
Other post-employmen	t										
benefits payable		4,045,154		67,133	_	0	 4,112,287		0	_	4,112,287
Total	\$	10,745,154	\$_	1,280,729	\$	320,000	\$ 11,705,883	\$	335,000	\$_	11,370,883

NOTE 7: Bonds Payable

In April 2006, in order to finance its building renovation and expansion project, the Library issued \$10,075,000 of insured revenue bonds through the Dormitory Authority of the State of New York. The bonds are payable until July 1, 2036 and have an interest rate that increases from 4.5% to 4.625% over their term.

As of June 30, 2023, the Library's liability for the 2013 series bonds is \$6,380,000. Future payments are as follows:

Fiscal Year Ended June 30,	_	Principal Payments	_	Interest Payments		Total Payments
2024	\$	335,000	\$	283,600	\$	618,600
2025		350,000		268,187		618,187
2026		365,000		252,100		617,100
2027		385,000		235,225		620,225
2028		400,000		217,563		617,563
2029-2033		2,295,000		792,413		3,087,413
2034-2037		2,250,000		213,906	_	2,463,906
Total	\$	6,380,000	\$	2,262,994	\$	8,642,994

As part of the agreement with the Dormitory Authority, a portion of the bond proceeds were restricted and were held in reserve at US Bank as Trustee. Expenditures from these funds can only be made by the trustee with the approval of the Dormitory Authority. At June 30, 2023, the following funds are being held in trust:

Account Name	 Cash	 Treasury Obligations	Total Funds Held
Debt Service - 2016	\$ 0	\$ 490,194	\$ 490,194

NOTE 8: Net Unamortized Bond Premium

In April 2006, when the Library closed on the issuance of the insured revenue bonds mentioned in note 7 above, it received an original issue premium of \$56,291. The bond premium is being amortized over the bond term of 30 years. The remaining unamortized bond premium as of June 30, 2023 is \$18,355.

NOTE 9: Nonspendable Fund Balance:

The components of the nonspendable fund balance at June 30, 2023 are as follows:

	_	General Fund	Permanent Fund		Total
Nonspendable Fund Balance: Applicable to prepaid expenses	\$_	31,208	\$ 0	\$_	31,208
Held for permanent endowment:					
Pless Memorial Fund		0	1,500		1,500
Dorothy Banks Development Fund	_	0	 40,000	_	40,000
Total held for permanent endowment	_	0	 41,500	_	41,500
Total Nonspendable Fund Balance	\$_	31,208	\$ 41,500	\$_	72,708

NOTE 10: Funds Restricted for Specific Purposes

A summary of the restricted funds at June 30, 2023 are as follows:

		Debt Service Fund		Permanent Fund		Total
Fund Balance Restricted For:			•		_	
Future debt service payments	\$	477,417	\$	0	\$	477,417
Professional development of employees

Total Assigned Fund Balance	\$_	4,007,883	\$_	314,882	\$_	\$_	4,322,787

NOTE 12: Retirement Plan

- Plan Description and Benefits Provided: The Library participates in the New York A. State and Local Employees' Retirement System (the System). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November 2022, he was elected for a new term commencing January 1, 2023. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The Library also participates in the Public Employees' Group Life Insurance plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. Separately issued financial statements for the System can be accessed on the Comptroller's website.
- **B.** <u>Benefits Provided:</u> The System provides retirement benefits as well as death and disability benefits.

Tiers 1 and 2

Eligibility: Tier 1 members, with the exception of those retiring under special retirement plans, must be at least age 55 to be eligible to collect a retirement benefit. There is no minimum service requirement for Tier 1 members. Tier 2 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The age at which full benefits may be collected for Tier 1 is 55, and the full benefit age for Tier 2 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If the member retires with 20 or more years of service, the benefit is 2 percent of final average salary for each year of service.

NOTE 12: Retirement Plan: (continued)

B. Benefits Provided: (continued)

Tiers 1 and 2 (Continued)

Tier 2 members with five or more years of service can retire as early as age 55 with reduced benefits. Tier 2 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. As a result of Article 19 of the RSSL, Tier 1 and Tier 2 members who worked continuously from April 1, 1999 through October 1, 2000 received an additional month of service credit for each year of credited service they have at retirement, up to a maximum of 24 additional months. Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 1 members who joined on or after June 17, 1971, each year of final average salary is limited to no more than 20 percent of the previous year. For Tier 2 members, each year of final average salary is limited to no more than 20 percent of the average of the previous two years.

Tiers 3, 4, and 5

Eligibility: Tier 3 and 4 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. Tier 5 members, with the exception of those retiring under special retirement plans, must have 5 years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tiers 3, 4 and 5 is 62.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with between 20 and 30 years of service, the benefit is 2 percent of final average salary for each year of service. If a member retires with more than 30 years of service, an additional benefit of 1.5 percent of final average salary is applied for each year of service over 30 years. Tier 3 and 4 members with five or more years of service and Tier 5 members with 5 or more years of service can retire as early as age 55 with reduced benefits. Tier 3 and 4 members age 55 or older with 30 or more years of service can retire with no reduction in benefits. Final average salary is the average of the wages earned in the three highest consecutive years. For Tier 3, 4 and 5 members, each year's compensation used in the final average salary calculation is limited to no more than 10 percent greater than the average of the previous two years.

NOTE 12: Retirement Plan: (continued)

B. Benefits Provided: (continued)

Tier 6

Eligibility: Tier 6 members, with the exception of those retiring under special retirement plans, must have five years of service and be at least age 55 to be eligible to collect a retirement benefit. The full benefit age for Tier 6 is 63.

Benefit Calculation: Generally, the benefit is 1.67 percent of final average salary for each year of service if the member retires with less than 20 years. If a member retires with 20 years of service, the benefit is 1.75 percent of final average salary for each year of service. If a member retires with more than 20 years of service, an additional benefit of 2 percent of final average salary is applied for each year of service over 20 years. Tier 6 members with five or more years of service can retire as early as age 55 with reduced benefits.

Final average salary is the average of the wages earned in the five highest consecutive years of employment. For Tier 6 members, each year's compensation used in the final average salary calculation is limited to no more than 10 percent greater than the average of the previous four years.

Disability Retirement Benefits

Disability retirement benefits are available to System members unable to perform their job duties because of permanent physical or mental incapacity. There are three general types of disability benefits: ordinary, performance of duty, and accidental disability benefits. Eligibility, benefit amounts, and other rules such as any offsets of other benefits depend on a member's tier, years of service, and plan.

Ordinary Death Benefits

Death benefits are payable upon the death, before retirement, of a member who meets eligibility requirements as set forth by law. The first \$50,000 of an ordinary death benefit is paid in the form of group term life insurance. The benefit is generally three times the member's annual salary. For most members, there is also a reduced post-retirement ordinary death benefit available.

Post-Retirement Benefit Increases

A cost-of-living adjustment is provided annually to: (i) all retirees who have attained age 62 and have been retired for five years; (ii) all retirees who have attained age 55 and have been retired for 10 years; (iii) all disability retirees,

regardless of age, who have been retired for five years; (iv) ERS recipients of an accidental death benefit, regardless of age, who have been receiving such benefit for five years and (v) the spouse of a deceased retiree receiving a lifetime benefit under an option elected by the retiree at retirement.

NOTE 12: Retirement Plan: (continued)

B. Benefits Provided: (continued)

Post-Retirement Benefit Increases (Continued)

An eligible spouse is entitled to one-half the cost-of-living adjustment amount that would have been paid to the retiree when the retiree would have met the eligibility criteria. This cost-of-living adjustment is a percentage of the annual retirement benefit of the eligible member as computed on a base benefit amount not to exceed \$18,000 of the annual retirement benefit. The cost-of-living percentage shall be 50 percent of the annual Consumer Price Index as published by the U.S. Bureau of Labor but cannot be less than 1 percent or exceed 3 percent.

- Contributions: The System is noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976, who contribute 3 percent of their salary for the first 10 years of membership, and employees who joined on or after January 1, 2010 (ERS) who generally contribute 3 percent of their salary for their entire length of service. For Tier 6 members, the contribution rate varies from 3 percent to 6 percent depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. Contributions for the current year and two preceding years were equal to 100 percent of the contributions required. The required contribution for the current fiscal year was \$174,596, for the 2022 fiscal year, it was \$235,665, and for the 2021 fiscal year it was \$203,305.
- Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions: At June 30, 2023, the Library reported a liability of \$1,213,596 for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2023 and was determined by an actuarial valuation as of that date. The Library's proportion of the net pension liability was based on a projection of the Library's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At June 30, 2023, the Library's proportion was 0.0056594 percent, which was an increase of .0000136 percent from its proportion measured at June 30, 2022.

For the year ended June 30, 2023, the Library recognized pension expense of \$415,007.

NOTE 12: Retirement Plan: (continued)

D. <u>Pension Liability, Pension Expenses, Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions:</u> (continued)

At June 30, 2023, the Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflow of Resources	- ,	Deferred Inflow of Resources
Differences between expected and actual experience	\$	129,257	\$	34,082
Changes in assumptions		589,400		6,514
Net difference between projected and actual earnings on pension plan investments		0		7,130
Changes in proportion and differences between employer contributions and proportionate share of contributions		17,125		34,378
Library's contributions subsequent to the measurement date	,	53,986		0
Total	\$	789,768	\$	82,104

\$53,986 reported as deferred outflows of resources related to pensions resulting from Library contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year EndingJune 30,	_1	Amount Recognized
2024	\$	152,274
2025		(68,767)
2026		242,260
2027		327,911
2028		0
Total	\$_	653,678

NOTE 12: Retirement Plan (continued)

E. <u>Actuarial Assumptions:</u> The total pension liability (asset) at March 31, 2023 was determined by using an actuarial valuation as of April 1, 2022, with update procedures used to roll forward the total pension liability (asset) to March 31, 2023. The actuarial valuation used the following actuarial assumptions:

Inflation	2.90%
Salary increases	4.40%
Investment rate of return (net of investment expense, including inflation)	5.90%
Cost-of-living adjustments	1.50%

Annuitant mortality rates are based on April 1, 2015 – March 31, 2020 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2021. The previous actuarial valuation as of April 1, 2020 used the same assumptions to measure the total pension liability (asset).

The actuarial assumptions used in the April 1, 2022 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – March 31, 2020.

The long term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTE 12: Retirement Plan (continued)

E. <u>Actuarial Assumptions:</u> (continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	Allocation	Rate of Return
Domestic equity	32.00%	4.30%
International equity	15.00%	6.85%
Private equity	10.00%	7.50%
Real estate	9.00%	4.60%
Opportunistic portfolio	3.00%	5.38%
Credit	4.00%	5.43%
Real assets	3.00%	5.84%
Fixed income	23.00%	1.50%
Cash	1.00%	0.00%
Total	100.00%	

The real rate of return is net of the long-term inflation assumption of 2.5%

Discount Rate – The discount rate used to measure the total pension liability (asset) was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

NOTE 12: Retirement Plan (continued)

E. <u>Actuarial Assumptions:</u> (continued)

Sensitivity of the Proportionate Share of the Net Pension Liability (Asset) to the Discount Rate Assumption – The following presents the current-period net pension liability of the Library, calculated using the current-period discount rate assumption of 5.9 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage-point lower (4.9 percent) or 1 percentage-point higher (6.9 percent) than the current assumption:

	_	Decrease (4.9%)	Assumption (5.9%)	Increase (6.9%)
Library's proportionate share				
of the net pension liability (asset)	\$	2,932,740	\$ 1,213,596	\$ (222,950)

Pension plan fiduciary net position – The components of the current year net pension liability of the New York State and Local Retirement System as of March 31, 2023, in thousands of dollars was as follows:

	_	Total
Employers' total pension liability Plan net position	\$ _	232,627,259 (211,183,223)
Employers' net pension liability	\$ =	21,444,036
Ratio of plan net position to the Employers' total pension liability		90.78%

NOTE 13: Post-employment Benefits Other Than Pensions

- The New York State Department of Civil Service (DCS) **Plan Description:** A. administers the New York Health Insurance Program (NYSHIP) which provides health insurance to current and retired employees of New York State, and participating public authorities and local governmental units, such as the Bay Shore - Brightwaters Public Library. NYSHIP offers comprehensive hospital, medical and prescription drug benefits. As administrator of NYSHIP, the DCS performs all administrative tasks and has the authority to establish and amend the benefit provisions offered. Annual benefit premiums charged to and paid by participating local governmental entities are generally the same, regardless of each individual employer's risk profile. The annual benefit premiums collected by DCS are then remitted to the health insurance carriers that comprise NYSHIP. NYSHIP is considered an agent multiple-employer defined benefit plan, it is not a separate entity or trust, and does not issue stand-alone financial statements. The Library, as a participant in the plan, recognizes these postemployment benefits on an accrual basis.
- B. Funding Policy: Contribution requirements are determined by the Library Board. Currently, the Library will pay 100% of the retiree premiums provided that they are retiring after thirty years of service or if they were hired prior to February 1, 1996. As of February 1, 1996, all current employees began contributing 10% of the cost of their coverage. As of January 1, 2003, current employees continued to pay 10% for individual coverage and an additional 25% for family coverage. All retirees without thirty years of service are required to continue to make the same contribution in retirement as they did while they were employed. On June 24, 1996 it was resolved to limit health insurance benefits to retirees who were employed less than ten years by the Library. Effective on July 1, 2002 it was resolved to extend the required length of service to the Library to 15 years. Effective on July 1, 2007 it was resolved to extend the length of service to the Library to 20 years.

For the year ending June 30, 2023, the Library recognized the cost of providing health insurance by recording its share of retiree insurance premiums of \$104,455 as an expenditure in the General Fund. Bay Shore - Brightwaters Public Library also reimburses retired employees and their spouses the full cost of Medicare deducted from their Social Security benefits, which amounted to \$20,919. The retiree's share of premiums for health insurance is withheld from their monthly NYS retirement pension payment.

NOTE 13: Post-employment Benefits Other Than Pensions (continued)

B. Funding Policy: (continued)

As of July 1, 2021, the following employees were covered by the benefit terms:

Active employees	16
Inactive employees entitled to but not yet receiving benefit payments	0
Inactive employees or beneficiaries currently	
receiving benefit payments	11
Total	27

C. <u>Total Other Post-Employment Benefit (OPEB) Liability:</u> The Library's total OPEB liability of \$4,112,287 was updated through June 30, 2023 and was determined by an actuarial valuation as of July 1, 2021.

D. Actuarial Assumptions and Other Inputs:

Inflation Rate	2.00%
Participant Salary Increases	3.50%
Discount Rate	3.65%
2021 Medical Trend Rates (Pre-65/Post-65)	7.00% / 5.00%
2022 Medical Trend Rates (Pre-65/Post-65)	6.50% / 5.00%
Ultimate Medical Trend Rate	5.00%
Year Ultimate Trend Year Reached (Pre-65/Post-65)	2025/2021

The discount rate was based on the *Bond Buyer's 20 Bond Index* as of June 30, 2023.

Mortality rates were based on the Society of Actuaries' RPH-2014 Total Dataset head count-weighted fully generationally mortality table with projection scale MP-2021.

NOTE 13: Post-employment Benefits Other Than Pensions (continued)

E. Changes in The Total OPEB Liability:

Balance at June 30, 2022	\$	4,045,154

Benefit payments		(156,484)
Net changes		67,133
Balance at June 30, 2023	\$	4,112,287

Note: For the purpose of calculating this liability, there have been no plan changes. The assumption changes were the updating of the pre-65 healthcare cost trend rates and the mortality improvement scale. The discount rate was 3.65% at June 30, 2023 and was 3.54% at June 30, 2022.

NOTE 13: Post-employment Benefits Other Than Pensions (continued)

E. Changes in The Total OPEB Liability:

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.65%) or 1 percentage point higher (4.65%) than the current discount rate:

		1%	Discount	1%	
	<u>-</u>	Decrease (2.65%)	Rate (3.65%)	Increase (4.65%)	
Total OPEB Liability	\$	4,779,138 \$	4,112,287 \$	3,570,569	

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates — The following presents the total OPEB liability of the Library, as well as what the Library's total OPEB liability would be if it were calculated using a healthcare cost trend rates that are 1 percentage point lower (5.00% decreasing to 4.00%) or 1 percentage point higher (7.00% decreasing to 6.00%) than the current healthcare cost trend rate:

		Healthcare	
	1%	Cost Trend	1%
	Decrease	Rates	Increase
	(5.00%	(6.00%	(7.00%
	Decreasing	Decreasing	Decreasing
	to 4.00%)	to 5.00%)	to 6.00%)
Total OPEB Liability	\$ 3,422,637 \$	4,112,287 \$	5,017,826

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of resources Related to OPEB: For the year ending June 30, 2023, the Library recognized OPEB expense of \$261,353. At June 30, 2023, the Library reported deferred inflows of resources that were related to OPEB from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources
Differences between expected and actual experience Changes in assumptions	\$ 419,523 548,228	\$ 203,680 1,036,678
Total	\$ 967,751	\$ 1,240,358

NOTE 13: Post-employment Benefits Other Than Pensions (continued)

F. <u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of resources Related to OPEB:</u> (continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to post-employment benefits other than pensions will be recognized in other post-employment benefits expense as follows:

Year Ending June 30,	_]	Amount Recognized
2024	\$	(28,951)
2025		(28,951)
2026		(28,951)
2027		(14,905)
2028		(57,780)
Thereafter	_	(113,069)
Total	\$	(272,607)

NOTE 14: Reconciliation of Fund Financial Statements to Government-Wide Financial Statements

Total fund balance and the net change in fund balance of the Library's governmental funds differ from net position and changes in net position of the governmental activities reported in the statement of net position and statement of activities. This difference primarily results from the long-term economic focus of the statement of net position and statement of activities versus the current financial resources focus of the governmental fund balance sheet and statement of revenue, expenditures, and change in fund balance.

NOTE 14: Reconciliation of Fund Financial Statements to Government-Wide Financial Statements (continued)

The following are reconciliations of fund balance to net position and the net change in fund balance to the net change in net position:

Total Fund Balance- Modified Accrual Basis	\$ 6,938,175
Amounts reported in the statement of net position are different because	: :
• Capital assets are not financial resources, and are not reported	
in the funds	9,628,580
 Deferred outflows on pension is not reported in the funds 	789,768
 Deferred outflows on OPEB is not reported in the funds 	967,751
• Bonds payable in future periods are not reported in the funds	(6,380,000)
 Net pension liability is not reported in the funds 	(1,213,596)
 Net unamortized bond premium is not reported in the funds 	(18,355)
 Bond interest payable is not recorded in the funds 	(145,569)
• Obligation for post-employment health insurance, to be paid	
in future periods is not reported in the funds	(4,112,287)
• Deferred inflows on pension is not reported in the funds	(82,104)
 Deferred inflows on OPEB is not reported in the funds 	(1,240,358)
•	
Total Net Position- Full Accrual Basis	<u>\$ 5,132,005</u>
	* (00.01=)
Net Change in Fund Balance-Modified Accrual Basis	\$ (80,217)
Amounts reported in the statement of activities are different because:	
• Capital outlays are reported as expenditures in the statement	
of fund revenues, expenditures, and changes in fund balance; in	1
the statement of activities, these costs are allocated over their	
estimated useful lives as depreciation:	416.164
Capital outlay	416,164
Depreciation expense	(375,339)
• (Increase)/decrease in the items reported as an expenditure in the	ie
statements of activities, not in the fund statements:	2,420
Amortization of bond premium	(104,869)
Post-employment health costs	` ' '
Accrued interest on bonds payable	
Not nancion expenses	7,200
Net pension expenses	(228,095)
 Repayments of principal on bonds payable are not an expense 	(228,095)
