We are a group of talented musicians who love what we do & are very enthusiastic about our music. We are a versatile band, and play a wide variety of music with a strong R&B flavor. We will provide you with fantastic music & a great show.

N.L.T. (Never Lose Touch) engages you with soulful classics & contemporary R&B, Pop, and Reggae hits. We will delight you as we deliver quality music that gets you up on the dance floor and moves your feet. It's no wonder that people find themselves involved in an NLT show rather than just watching one. With everyone singing along, snapping their fingers & stomping their feet, fun is always the order of the day.
