Find 2 or more friends, and sit around a table. If you don't have 2 or more friends, try passing notes in class.

### Setup

The cards that look like this are Caption Cards. Because they have captions on them.

Start by dealing 7 Caption Cards to each player. The youngest person here is the first judge.

### How To Play

This is a Photo Card.

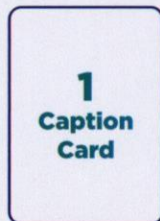

The judge draws one from the pile of classic memes. Go ahead and place that Photo Card on that funky easel. Make sure everyone can see it.

Everyone else pairs the funniest of their 7 Caption Cards with the Photo Card in play and passes it to the judge face down.

Once the judge has received a Caption Card from each player, they shuffle them and read them out loud. The judge picks the funniest one, and whoever played that card wins the round.

The winner keeps the Caption Card as a point. After the winner celebrates, everyone draws back up to 7 Caption Cards, and the player to the judge's left becomes the new judge.

= 1 Point

### Bonus: Play in Reverse

If you wanna shake things up, you can try matching Photo Cards to Caption Cards instead. The game is pretty much the same, except you deal out 7 Photo Cards to each player instead. Place a Caption Card on the easel, and match the funniest photo to the Caption Card in play.

### How To Win

Keep playing until someone hits the required number of Caption Cards.

Player Count	Caption Cards Needed to Win
3	7
4-5	5
6-10	4

One more thing: You can always add your own Photo Cards to the game. You can't imagine how funny it is to meme people you know in real life.
